**Newspaper Laws.**  
We call the special attention of Postmasters and subscribers to the following by-laws of the newspaper laws:  
1. If any person orders his paper discontinued, he must pay all arrearages, or the publisher may continue to send it until payment is made, and collect the whole amount whether it be taken from the office or not. There can be no legal discontinuance until payment is made.  
2. Any person who takes a paper from the post office, whether directed to his name or another, or whether he has subscribed or not is responsible for the pay-ment.

**HOUSEHOLD.**  
**HOW TO CARVE WELL.**  
Many ladies have to carve for large families without any, or very little, experience, and a little advice from an expert carver will not come amiss. It should be born in mind, first of all, that carving is quite an art, if done in the right way. Many think if they cut a joint or bird up in pieces that it is all that is required, but to carve neatly artistically, and economi-ally, and place invitingly on the plat-ter or dish is quite another thing.

rubbing it with hot strong vinegar. Clover tea purifies the blood, clears the complexion and removes pimples; dried clover may be used for the tea.  
In boiling for soup stock, the meat should be put into cold water, covering the kettle tightly, and letting the stock simmer gently until the meat falls from the bones.  
A handful of carpet tacks will clean fruit jars or bottles readily. Half fill the jars with hot soapuds, put in the tacks cover, give vigorous shaking, and rinse well.  
In stewing meats, the water should be boiling when the meat is put in.

**A BATTLESHIP'S ARMOUR.**  
**SHIPS OF THE BRITISH NAVY BUILT ON A NEW PRINCIPLE.**  
The Director of Naval Construction to the Admiralty has introduced the "White-Back" as the Best Vessels of the Navy.  
It was reserved, we believe, for Sir W. H. White, the present Director of Naval Construction at the Admiralty, to propound, nay, to build, ship after ship upon an entirely new theory, says an English paper. This able naval

**CHERRY'S TROUBLES.**  
Were of the Heart—How Skill was almost Defeated when Dr. Agnew's Cure for the Heart Fell Into the Reach, and in a few Minutes After One Dose He Found Great Relief, and Five Bottles Made a Bad Heart a Good One.  
Wm. Cherry, of Owen Sound, Ont., writes: "For the past two years I have been greatly troubled with weakness of the heart and fainting spells. I tried several remedies, and consulted best physicians without any apparent relief. I noticed testimonials of great cures made by Dr. Agnew's Cure for the Heart. I procured a bot-

**Supplement to REVIEW**

DURHAM, Mar. 11th. 1897.

**ALLAN PARK.**  
Mr. Jess Tomkins is at present very ill of inflammation. He is under Dr. Taylor's care.  
Mrs. Dunlop is also on the sick list. La Grippe is prevalent, very few are unvisited.

Miss Jennie Little, of Normanby, was visiting her friends here last Saturday. Her cousin Miss Minnie Murdock, accompanied her home to spend a few pleasant days with her Normanby friends.

Mr. Thos. Haslett, of the North Line, is slowly recovering from a very severe illness.

Mr W. J. Murdick was assisting Mr. John Collet during the last few weeks taking out saw logs and wood. They are both rattling good fellows to work.

Mr. John Hy. and family left this vicinity this week for Lamash, which will probably be their future home.

Mr. John LaFevre spent last Sunday among friends in Normanby. There must be some special attraction there or John would not have walked so far.

Miss Hetrick, of Walkerton, sent a few days lately at her sisters, Mrs. James Marshall's. She returned home last week. Her niece, Miss Eva Marshall went along with her and spent a few days at the County Town.

The pie social held here a short time ago was a success. The attendance was large. The Allan Park band, under the leadership of Mr. Jno. Collett, played several pieces in first-class style.

Revival meetings are being held in the Methodist Church here this week. They are conducted by the pastor, the Rev. Mr. Kitching.

Mr. Robt. Muir left last week for Keady to engage at his trade, blacksmithing. Rob will be very much missed around here as he was a favorite with all, but more especially with the fair sex.

Mr. R. Adlam, formerly of this place drives the stage for Mr. Woodland. Bob understands his business well, makes good time, is obliging and no doubt will be popular.

A goodly number of our I. O. F. attended meeting at Hanover on Monday night.

Mr. Guy Chittick, formerly of this place, but now of Walkerton, paid a visit to the Park last week.

**FOR SALE OR RENT.**—The elegant residential property lately occupied by the Rev. Chas. Cameron. Close to town 4 acres of ground, elegant house, comfortable-out buildings, etc. This is well worth the attention of any one contemplating building. Cheaper to buy than to build. Apply to  
REV. CHAS. CAMERON.  
Durham, Feb. 17, '97.

The Flesherton Advance makes a strong plea for the exemption of smoking from the "sharp shafts of clerical anathema" hurled at them to the exclusion of other indulgences. It wants a pulpit crusad against tea drinking, expense of minister's broad cloth, extra decoration of Churches, useless jewelry and funeral trapping, eating potatoes, guava jelly, marmalades &c., but give tobacco a rest.

The *Globe* and *REVIEW* has been an immensely popular combination this year. It has cost us money but we were anxious to meet the hard times. The *Globe* has increased in size since last year, so has the *REVIEW*. Appearances indicate that postage on newspapers will be reimposed and it will be impossible to keep the clubbing rate so low as \$1.35. Subscribe now and get the benefit of the interesting reading connected with the meetings of the two parliaments. See our *Daily Globe* offer elsewhere.

The Editor of the "Walkerton Telescope" at a recent visit to Hanover found Dr. Landerkin as hale, hearty and jolly as ever getting ready for the work of the session which opens March 25th. The example of Dr. Landerkin has made Hanover a village of politicians, there being more of them to the population than are to be found in any place in the province. They are all good ones too.

**80 YEARS' EXPERIENCE.**  
**PATENTS**  
TRADE MARKS, DESIGNS, COPYRIGHTS &c.  
Anyone sending a sketch and description may quickly ascertain, free, whether an invention is probably patentable. Communications strictly confidential. Oldest agency for securing patents in America. We have a Washington office. Patents taken through Munn & Co. receive special notice in the  
**SCIENTIFIC AMERICAN,**  
beautifully illustrated, largest circulation of any scientific journal, weekly, terms \$3.00 a year; \$1.50 six months. Specimen copies and **FREE** book on PATENTS sent free. Address  
**MUNN & CO.,**  
361 Broadway, New York.

**Hand-made Waggon**  
for sale cheap.  
Jobbing of all kinds promptly attended to.  
**ALLAN McFARLANE,**  
Proprietor.

**S. G. REGISTRY OFFICE.** Thomas A. Lauder, Registrar. John A. Munro Deputy-Registrar. Office hours from 10 a. m. to 4 p. m.

The Court Theatre in Munich has a revolving stage. The part in view of the audience represents one-quarter of a circle. A change of scene can be effected in eleven seconds by bringing to the front the next quarter of the circle.

**Delicious Apple Sauce.**—The ordinary way for making apple sauce is to pour water over the apples when put on to cook, and very often the sugar is not put in till the sauce is almost done. This makes a thin, watery sauce which is not half so delicious as if made in the following manner: Pare and cut up tart apples into quarters or finer if desired. Place them in a granite saucepan and pour over the sliced apples one full cup of sugar to each quart of apples. Place the kettle on the back of the stove where it is not too hot. This gentle heat will draw out the juice of the apples and they will cook in their own juice without the addition of water. This method of cooking this kind of winter fruits makes a most delicious sauce, which would tempt even those who are not fond of it.

**USEFUL HINTS.**  
Paint can be removed from glass by

widow were of separate value; the latter could be purchased for one-half the sum which the guardian of a maid was entitled to demand; a man, therefore, who could not afford to purchase a maid, might perhaps be able to purchase a widow. The laws relating to the marriage of widows seem to discountenance second nuptials. The widow was compelled, by a law of Canute's to continue husbandless for twelve months at least; if she married within that time, she forfeited all her marriage gifts, and all the property which she acquired by her first marriage was claimed by her nearest kinsman; Henry II. confirmed this draconian law.

**POOR MAN.**  
Mr. Hanover Squeer—I see our friend Morris Parks, poor fellow, is obliged to get along with a second-hand typewriter.

Mr. Blecker Street—Indeed, what kind? Mr. Hanover Squeer—Widow.

She said he'd be a fool to try, When he couldn't even skate.  
**RIGHT FROM THE MINES.**

Family Ties may be Broken in the Grand Rush for Gold, but What's Wealth Without Health—Dr. Agnew's Catarrhal Powder is a Wonderful Cure—It Never Fails to Relieve in Ten Minutes.

Fred Lawrie, of Trail Creek, B. C., writes: "I have used two bottles of Dr. Agnew's Catarrhal Powder, and have been wonderfully helped. I can recommend it very highly to all sufferers from Catarrh." And here is another:—Mr. B. L. Egan, Easton, Pa., says: "When I read that Dr. Agnew's Catarrhal Powder would relieve Catarrh in 10 minutes, I must say I was far from being convinced of the fact. I decided to try it. I purchased a bottle. A single puff of the powder through the blower afforded instantaneous relief."  
For sale by McFarlane & Co.

cognized by his thousands of friends all over the country as the popular and able missionary superintendent of the Royal Templars of Temperance. Among the 20,000 members of this order in Ontario his counsel is sought on all sorts of occasions. On the public platform he is one of the strong men of the day, battling against the evils of intemperance. Equally well known is Mr. Bell in other provinces of the Dominion, having been for years a member of the Manitoba Methodist Conference and part of this time was stationed in Winnipeg. His brother, Mr. James A. Bell, is a highly respected resident of Beaverton, where his influence, though perhaps more circumscribed than that of his eminent brother, is none the less effective and productive of good. Of recent years, however, the working ability of Mr. James A. Bell has been sadly marred by severe attacks of nervous headache, accompanied by indigestion. Who can do fit work when this trouble takes hold at

and the work was done. Employing his own language: "Two bottles of South American Nerve immediately relieved my headaches and have built up my system in a wonderful manner." Let us not depreciate the good our countrymen and social reformers are doing in the world, but how ill-fitted they would be for their work were it not for the relief that South American Nerve brings to them when physical ills overtake them, and when the system, as a result of hard, earnest and continuous work, breaks down. Nerve treats the system as the wise reformer treats the evils he is battling against. It strikes at the root of the trouble. All disease comes from disorganization of the nerve centers. This is a scientific fact. Nerve at once works on these nerve centers; gives to them health and vigor; and then there courses through the system strong, healthy, life-maintaining blood, and nervous troubles of every variety are things of the past.
