EXCITING.—For a few minutes Tuesday evening of last week, a lamp exhibition in Rocky Saugeen Church caused a commotion. It looked serious for a while, but by persistent efforts the fire was extinguished before much harm was done.

Since County Council has decided to hold its sessions at different points in the County by all means let Grey follow suit. Durham is more central than Owen Sound, and a saving in mileage would ensue. Besides it would benefit our northern men to examine the south of the county sometimes.

REDUCING COUNCILS.—If the bill before the Legislature passes as introduced Durham will have a mayor and six councillors elected by general vote, the ward system it is presumed being abolished. It is all right as it is here we are well able to pay them the handsome salary they get. Drop the bill.

FORGERY.—A number of Normanby farmers were surprised a few days ago to receive bank notifications that their notes were due. A little enquiry soon established the fact that the bank had been drawn upon to the tune of several hundred of dollars and bogus notes deposited. The bank is a Hamilton one, and the forger is alleged to be a young man who figured in this bad business before.

THE PEOPLE ARE CONVINCED When they read the testimonials of cures by Hood's Sarsaparilla. They are written by honest men and women and are plain, straightforward statements of fact. The people have confidence in Hood's Sarsaparilla because they know it actually and permanently cures, even when other medicines fail.

Hoods Pills are the only pills to take with Hood's Sarsaparilla. Easy and yet efficient.

At last meeting of Normanby Council the petition of R. Barber and others asking for the formation of two union school sections along the front of the townships was thrown out. The reasons for the rejection was that it would unduly weaken sections 1 and 2 and would destroy No. 3 entirely. It is an extremely difficult problem and something will yet have to be done to give better school privileges to the Grayel Road children.

MARCH APRIL MAY are the months in which to give special attention to the condition of your physical health. If you pass safely through these months and find yourself strong and vigorous, on the arrival of warmer weather, you may reasonably expect that you will be well in summer. Now is the time to take Hood's Sarsaparilla, because now is the time when the blood must be purified, enriched and vitalized, and because Hood's Sarsaparilla is the only true blood purifier prominently in public eye to-day. Hood's Sarsaparilla has power to make you healthy and guard your system against disease.

"Rev. E. O. Taylor, of Chicago, spoke to crowded houses in Mitchell, on Saturday, Sunday and Monday evenings last, the crowd on Sunday being so great that scores of people were unable to get into the hall. The lectures, which were in the interests of Temperance, were by long odds the best ever delivered in Mitchell, and created much enthusiasm. Mr. Taylor is a thoroughly educated man, and uses beautiful language. His address Sunday night on "That boy of yours," was more on the line of morality than Temperance, and during the two hours of its delivery his vast audience was spell bound. Altogether the address reached high water mark, and should be heard to be fully appreciated.—Mitchell Advocate. In the Town Hall, March 16th and 17.

"The Sword of Islam, or Suffering Armenia," is a Canadian work giving graphic illustrations and vivid letterpress descriptions of Armenia, its people, and its barbarous rulers. The Publishers, Messrs. Bradley Garretson & Co., are devoting one-tenth of all the profits to the help of the sufferers, and we understand the local agent, Miss S. R. J. McKinnon, is giving a portion of her profits also for philanthropic purposes. She is also agent for the book "Queen Victoria, her Life and Reign," which has been highly commended by the press, the clergy, and prominent people of all ranks. See elsewhere.

Durham, March 9th, 1897.
The "Sword of Islam, or Suffering Armenia" by J. Castel Hopkins should be a welcome book to a christian public, as it helps to a correct understanding of the unhappy state of affairs in that benighted country.

The book entitled "Queen Victoria, her Life and Reign," by same author will be found to be an instructive, attractive, and useful work, as it treats on the wonderful progress of the nineteenth century in literature, arts, science, &c., the advance in civilization, commerce, growth of constitutional liberty, the atrociousness of war, and the great triumphs conferred by peace, rendering it a work worthy of being highly recommended to the book loving public.

Cures Talk

"Cures talk" in favor of Hood's Sarsaparilla, as for no other medicine. Its great cures recorded in truthful, convincing language of grateful men and women, constitute its most effective advertising. Many of these cures are marvelous. They have won the confidence of the people; have given Hood's Sarsaparilla the largest sales in the world, and have made necessary for its manufacture the greatest laboratory on earth. Hood's Sarsaparilla is known by the cures it has made—cures of scrofula, salt rheum and eczema, cures of rheumatism, neuralgia and weak nerves, cures of dyspepsia, liver troubles, catarrh—cures which prove

Hood's Sarsaparilla

Is the best—in fact the One True Blood Purifier. Cure liver ills; easy to take, easy to operate.
