BICYCLES.

The wheels we're selling this year are vastly superior to those we sold last—lighter in style and make up—cheaper by far in price. The best we could do then was a respectable cycle for \$55.00. It was ahead of anything in the market at that price, but not half so good as the new "Cleveland" this year at \$45.00. They are fully guaranteed by the makers and in all essential points of finish, strength, safety and speed the equal of any \$50 wheel in the market.

Then this is once again our highest grade wheel—No need to say more—Call for prices.

"CLEVELAND"

—SWELL SPECIAL 1897—

Call and see our large stock of bicycles Ladies' and Men's—Don't buy from catalogues—see what you are buying—we intend renting wheels this year too.

Ladies' "Cleveland."

For three weeks we make this standing offer—Ladies' Cleveland (new) ALL Nickel Plated—No black enamel—a perfect sparkling gem of a wheel. Last year's price of it was \$115.00. The wheel is here—come and see it. The Price to all alike

\$85.00

Don't delay—this is not an offer good for a year but for 21 days only.

UPPER TOWN.

BUNESSAN.

Mr. Donnie Graham is, we are pleased to state, improving nicely after a severe attack of inflammatory rheumatism. Dr. Gun is in attendance.

Miss Tena Morrison has recovered to her usual good health after a few weeks illness with inflammation. Dr. Janies was her favorite.

Mr. Dan McIntyre and many others are improving after a hard trial with the gentleman so well known in all parts as Mr. La Grippe.

Mr. John Murchison, of Chesley, spent last week with friends here and in the Groys.

Reckless was the weather on Friday and Sunday last. More so is the mink. While drawing manure from one of the Priceville Hotel stables a few days ago, and driving over the pleasant pitch holes that were then on the town line where the accident occurred. He was pinned to the head and shoulders in an oblique stretch under the contents of his load, where he had the pleasure of eleven hours' stay. Fortunately your scribe of this town was on his way to Priceville early and relieved the sufferer with pleasure. However, the mink thinks it was probably all for the best, although very painful. The strong liquid had such an effect on his corns and bunions that in three days after he was entirely free from such, and says he is now a new man and never will begrudge the tiresome hours he experienced that long night.

Mrs. A. Beaton spent last week with her daughter, Miss Jessie and brother James, in Durham.

We read the Top Cliffe news with pleasure and think that the people of that burg have reasons for being proud of such an able writer, and an A 1 Scotchman at that, who can strike a nail on the head with the most of farmers. We won't say he's clanish, but we think he is curly. Success.

Mr. Alex. Murchison, Warden, met with a small accident last week while feeding his large flock of sheep in the barnyard. Some tall talk was heard immediately afterwards.

Mr. Ronald McPherson has finished the contract of shingling Mr. D. McInnis' house which was destroyed by fire lately.

Mr. Home Beaton has purchased a fine black driver and says he will keep the inside track this coming summer, without doubt. Messrs. John A. McMillan, A. Black and A. McLellan also have been trading of late. A fine gang of gypsies they would make.

Mr. Angus McDonald (Reil) has left this burg. We will all miss Angus. Also will our shoes.

Messrs. T. Lawrence and A. McArthur, from the South, visited at Neil Black and Hugh McLellan's for a few days last week. We learn they were trying to buy their rights.

Mr. John Black has finished timber making and his gang Wilson and McArthur, are in our town at time of writing. They are heavers when out.

Mr. John McVicar had a large wood bee one day last week, where many were more scared than hurt by the falling of a tree. Messrs. Jno. McGrath, John Morrison, Jr., Johnnie Beaton, Arthur McClocklin and W. H. Arrow-smith were among the wounded. A good dance and other enjoyments was the scene of the evening.

Mr. John Mather is home from Brantford where he was engaged in timbering.

A couple of the youth and beauty, four in all, travelled five miles extra coming home from the Markdale dance on account of going somewhat astray. We won't mention any particulars this time as we must make allowances for several reasons.

Mr. Hugh McInnis had a large bee in last week drawing wood to Markdale.

TOP CLIFFE.

We must thank the Priceville Cor. for the cordial congratulations he has extended to us upon our becoming one of the Review staff. Also for correcting the items which appeared in our first budget concerning the Cliffe school bell.

Mr. Henry Courdt left for Manitoba on the 1st of March where he intends to commence farming.

Mr. Peter Courdt has been laid up with inflammation of the lungs for some time past, but we are pleased to hear that he is improving rapidly under the able attendance of Dr. F. Hoyle, of Priceville.

Jolly, good looking, good natured Chas. McKinnon arrived home from Algona on Thursday night, which is the cause of the faces of some of the fair sex being wreathed in smiles.

Mr. and Mrs. McLeod, of Sunnidale, have been visiting at Mr. N. McCannel's and W. McLeod's for the past week.

The older generation are continually boasting of their ability to endure more cold than the young generation, but I think it would have put the hardest of them to the test to have driven from Stayner on Saturday, 27th of February, as did Mr. and Mrs. McLeod.

Mr. Roy Teft and Mr. J. Litt, both of Hanover, were the guests of Mr. J. Eckhardt one night last week.

Mr. J. Lawrence and sister were visiting Miss Catherine Eckhardt last Sunday.

Mr. Patrick Sullivan had one of his horses badly kicked in the stable one night last week.

What we would like to know: Who it was that did the crooked driving on the way home from a Ebenezer Church last Sunday.

Died.—At noon, on Monday, the 8th. of March, at the residence of her son-in-law, Mr. Joseph Hooper, Mrs. Angus Gillie, passed away at the venerable age of eighty-three. She was one of the oldest residents of this part and had gained the respect of every one in this vicinity. Her remains were laid to rest in the Ebenezer cemetery, on the 2nd con. Glenelg. Mr. Humphries, of the Methodist Church, conducted the service in an able and eloquent manner. The bereaved have our heartfelt sympathy.

Mr. Henry Eckhardt and sister were the guests of Mr. N. McIntyre one evening last week.

Miss Annie Eckhardt paid Miss Mar'ion McIntyre, of Babson Valley, a flying visit one day last week.

While passing through Top Cliffe on his way home from Froton where he was detained by business pressure until the late hour of two o'clock in the morning, a young man was surprised to see a light shining brightly from a window about 60 rods from the road, and surmising something wrong the young man took a short cut through the fields to the house toward home. But, far from there being anything wrong. The occupants were serenely happy. Turn off the gas.

What has become of our professor. When there has been no singing practice at the Cliffe for a couple of weeks? We think he goes further down to practice.

HOPEVILLE.

This will be a busy week before the REVIEW gets to hand. The Corbett-Fitzsimmons fight over, the raffle or sale of the most fancy quilt ever made in Froton and we expect the settling up of the Hopeville Mail contract. We believe tenders have been run down to a pretty low figure, tall-tale stories have been going, and some parties are inclined to settle matters in Corbett-Fitzsimmons style.

County Councillor Chas. McKinnon, of Durham, was seen driving here with a spagking bay team. He knows where to go to get a good purchaser and he has the name here of having a first-class shop of implements in Durham.

Some of our village people went to Priceville to attend the funeral of the Rev. Mr. McLeod.

Mr. David Buchannan, the student who was here for nearly a year, some time ago, is back on a visit for a week or so and is holding nightly meetings in the church. He leaves as a missionary for South America.

Our congregation procured the services of a Mr. Barber of Luther, but we cannot say how long he can stay.

Disputes will arise about land. One of these lately caused a scrimmage we are informed, and a woman came to our village with her arm badly torn, it is alleged by a relative.

Adam Scarlett contemplates going south to visit friends around Brampton.

John A. Scarlett is getting the hotel re-painted by Thos. Bret of Dunkalk. TOM.

GREENSIDE.

Alive again. The winter has been mild and quiet, but now the fierce March winds are making up for it.

Most of the people around here attended the large sale of the late Mr. Alex. Taylor, Dromore. The stock being in first-class order brought a good round price. Mr. J. Tucker purchased some good fowl. Keep your eye on them Jim, they are good layers.

The Amos Church tea meeting which was to have been on the 12th, was postponed until the 18th on account of the storm.

Miss M. J. Coleridge left for her home in Walter's Falls a few days ago after spending a few weeks with her grandparents, Mr. and Mrs. D. Coleridge, and other friends of this vicinity.

Mrs. Geo. Watson, of Fairwell Corners, spent a few days with her parents, Mr. and Mrs. Thos. Daley.

A party of young folks gathered at the residence of Mr. John Moore one evening last week and spent a very enjoyable time, taking their leave with a cordial invitation to return again.

Miss Hattie Watt was visiting with Miss Adelaide Wilson one day recently.

Mr. Robert Watt, of Normanhby, has been engaged with Mr. Will Reid a few days cutting wood.

Miss Sarah Scott was the guest of Miss M. Daley on Wednesday last.

Miss Orchard and Miss Culbertson, of Durham, in company with Mr. John Sharp, visited with Mrs. D. Coleridge lately.

It is said that Mr. D. Coleridge, Jr., sports the finest cutter on the line.

What we would like to know: If the wood cutters are squared up yet?
