Public opinion among the Cretans is adverse to the acceptance of any reforms. The prevailing opinion at the meetings of the Cretans is that they should fight until the union of Crete with Greece is accomplished.

For twenty-five years I have been a great sufferer from heart disease, palpitation, dizziness and severa headaches. I saw Dr. Agnew's Cure for the Hart advertised and determined to try it. Two bottles have done wonders for me. The dizziness and palpitation are gone, the headaches have disappeared.
