### Editorial Note and Comment.

#### PEEPS INTO PARLIAMENT.

—That the address was allowed to pass without a division shows that the opposition are staving off the evil day when their weakness will be shown. They are good at the staving off process.

—The election in Champlain to-day (Wednesday) occupies all minds. It has never yet returned a Liberal and the exciting contest should be an object lesson to the papal ablegate now in our midst. The intemperate language of the priests is strangely at variance with the broad minded utterances of the pope himself.

—Seven or eight Conservatives have spoken in the debate on the School bill all washing their hands of it, regretting its introduction into the debate, thus giving a slap at Sir Chas. J. who was the first at any length to bring it up. Until Sir Jonah Tupper is thrown overboard the Conservative party will have rough seas and trouble in making port.

—Mr. Tarte made one of the best speeches ever made in Parliament on the school question and the mission to Rome, calling from a Conservative M. P. "admiration for the frank and fearless manner in which he handled the question." Mr. Tarte says he has nothing to conceal and acts throughout as an honest and fearless statesman might be expected to do.

—Has any member yet risen in the House to call even clerical privilege in question when it is alleged the priests of Champlain Co., denounce French Liberals as "allies of the devil on whom the dogs should be set." Could clerical fanaticism go further? We honor the people of Quebec, who, by their votes have shown that instructions from their priests make them do as they please.

—The reading by Mr. Tarte of the document signed by the Liberal Roman Catholics, appealing to the Pope for freedom from ecclesiastical opposition, caused a genuine sensation in parliament. A strong effort is being made by the opposition to make it appear a political and not a spiritual movement. J. Ross Robertson hits the nail on the head when he says, "so long as our political troubles are settled in Ottawa I care not where the spiritual troubles of my Roman Catholic friends are settled. I certainly think it was time they appealed."

—The Premier and a few of his colleagues were waited upon by a large deputation from the gold region of New Ontario urging assistance towards the completion of the Ontario and Rainy River Railway. This Railway would enable several water stretches to be utilized, among others, those connected by the Fort Frances Locks begun by Mr. McKenzie. Mr. Laurier was gratified to find that though Mr. McKenzie had been so much maligned for beginning this work, the wisdom of it was now becoming apparent. Early consideration was promised.

—To Canadians who remember the waste of weeks that usually occurred at the opening of every session of parliament under the late government it is gratifying to see the promptness with which important measures are now introduced. Already have been introduced Legislation looking towards the abolishing of the Franchise Act and the Superannuation System. An Alien Labor Act, to meet the American legislation, and the Plebiscite are just ready for discussion, and the great Tariff measure is casting its shadow before. The government is fulfilling its pledges.

—Mr. Morin, a Conservative M. P. asked Postmaster General Mulock why a certain Mail contract had been cancelled. Mr. Mulock had not the slightest objection to tell. Tenders were asked in 1892, the lowest tender \$930 being passed over and one of \$1170 accepted. This contract expired Dec. 1896. But in January 1896, nearly a year before its termination, it was re-

renewed for 4 years from Jan. 1 1897!! without tender of any kind, and at the old figure of \$1170!! This is but a sample of the crooked work Mr. Mulock has to deal with, and goes to show indeed "that it was time for a change."

Mr. Mulock cancelled the contract, called for tenders and is now getting it done for \$321 a year less, a saving in 4 years of \$1284. The report did not say if Mr. Morin wanted more.

#### THE LICENSE LAW.

Changes announced in the Legislature.

The change in the License Law, announced by Hon. Richard Harcourt will be as follows:

1. In case of a reduction in the number of Licenses in any municipality, the reduction is to take effect on the 1st of May of that year, and to continue until the by-law is altered or repealed, the set period of three years mentioned in the original bill being now set aside. Such a by-law can only be passed after notice has been given prior to November 15 of the preceding year, the notice to be signed by one hundred municipal electors, and in towns by five hundred.

2. Liquor stores are allowed to sell unbroken packages to not less than one half pint.

3. Holders of shop licenses are allowed to sell packages of fifty cigars or five pounds of tobacco.

4. The restrictions of drug store liquor sales are made more stringent and are clearly indicated. The demand for medical certificates and registration will apply to all compounds where liquors are mixed with other ingredients, but "legally qualified." Penalties are imposed for selling liquor to be consumed on the premises mixed with soda water, etc.

5. The regulations prohibiting the sale of liquor to persons of either sex under 21 years of age are made more stringent. Bona fide guests or lodgers excepted by the original bill, are not now excepted, and, in addition, clubs are prohibited providing or selling liquors to minors whether members or otherwise, or whether the characters of the clubs or associations gave them power to sell to members. Moreover,

if minors, other than lodgers, are found frequenting taverns the proprietor shall be subject to a fine.

6. Hereafter no new licenses are to be granted for places within three hundred feet of a church or educational institution.

7. The clause obliging municipalities to contribute to the expenses of enforcing local option laws is withdrawn altogether.

8. The machinery for securing the removal of a license from a residential district is allowed in two important particulars— (a) a majority, instead of three-fifths, suffices for the requisite petition and of (b) municipal electors, not as before electors for the Assembly under the Manhood Suffrage Act. This petition may be presented as late as April 1, instead of March 15.

9. The municipality may by law order that the licensed places close at an earlier or open at a later hour than now.

#### CHANGE IN POST OFFICE ORDERS.

Heretofore the commission on post office orders up to \$1 has been 2 cents; on sums over \$5 and up to \$10, 5 cents; over \$10 up to \$20, 10 cents; over \$20 and up to \$40, 20 cents; over \$40 and up to \$60, 30 cents; over \$60 and up to \$80, 40 cents; over \$80 and up to \$100, 50 cents.

After April 1 the tariff on postoffice orders up to \$2.50 will be 3 cents; on orders over \$2.50 and up to \$5, 4 cents; over \$5 and up to \$10, 6 cents; over \$10 and up to \$20, 10 cents; over \$20 and up to \$30, 12 cents; over \$30 and up to \$40, 15 cents; over \$40 and up to \$50, 20 cents; over \$50 and up to \$60, 24 cents; over \$60 and up to \$70, 28 cents; over \$70 and up to \$80, 32 cents; over \$80 and up to \$90, 36 cents; over \$90 and up to \$100, 40 cents.

The change is made in order to compete with the express companies for the larger orders.

The rates on orders payable in the United Kingdom and in foreign countries and the British possessions stand as they are.

For the sake of comparison the tariff charges by the Dominion express company is appended as follows: Not over \$3, 3c; over \$3, not over \$5, 4c; over \$5, not over \$10, 6c; over \$10, not over \$20, 10c; over \$20, not over \$30, 12c; over \$30, not over \$40, 15c; over \$40, not over

\$50, 18c; over \$50, not over \$60, 20c; over \$60, not over \$75, 25c; over \$75, not over \$100, 30c; over \$100, at same rates.
