WHO NEXT?—Last Saturday night Mr. R. McFarlane's store was burglarized, and money, stamps and goods to the value of nearly \$200 removed. Entry was made by the side door, and evidently by some one having a knowledge of the place. This bad business is a little brisk. Look after your valuables.

NOTICE. All persons indebted to C. McArthur are respectfully requested to call for their accounts and settle either by cash or note at once. All accounts left unsettled must be placed into other hands for collection. C. McARTHUR.

WANTED.—Intelligent men with good education, who want to better their positions, and would be content for a year with \$800 and expenses. Write us with description and occupation, and we will make a proposition for now or the future. Also needed, reliable men for Australia. Write to-day for we are in a hurry.—THE MANAGER, 49 Richmond St. West, Toronto, Ont.

TRUTH IS A NUTSHELL.—Impure blood is the natural result of close confinement in house, school room or shop. Blood is purified by Hood's Sarsaparilla, and all the disagreeable results of impure blood disappear with the use of this medicine. If you wish to feel well, keep your blood pure with Hood's Sarsaparilla.

Hood's Pills are the best family cathartic and liver medicine. Gentle, reliable, sure.

MILLINERY OPENING.—The fact that Messrs. Ramsey and Morelock have now no opposition in this line did not cause them to lessen their efforts to make the annual spring display, dear to the hearts of the ladies (and to the pockets of the gentlemen) less attractive nor enchanting. To the art of painter and paper hanger was added the skill and aesthetic taste of Miss Ramsey and her assistants, and the result was a bower of contained beauty in all that pertains to the adornment of women by flowers, lace, ribbons, etc. The weather was not of an ideal kind, yet on Friday and especially Saturday large numbers visited the elegant show rooms, and made substantial purchases, a noticeable feature being the number of good hats sold which was far in advance of any other season. The shapes shown ranged in all sizes from the natty little turban to the wide leg-horn. One very fashionable trimming is chiffon which is used very largely this spring and in all the colors of the rainbow. Flowers are always prime favorites and are again greatly used.

A Montreal citizen is to the front with a decidedly unique proposal for the celebration of the Queen's Diamond Jubilee. Practically his proposal is that all the subjects of the Queen, whosoever they are, take off their hats at high noon that day and sing the National Anthem, and that all organs and bands of music play it. If this were to be carried into effect, from Victoria, Australia, around the world to Victoria, British Columbia, there would flow for twenty-four hours a ceaseless song of praise, one meridian taking it up as another dropped it.

Potatoes.—First class potatoes for sale at McArthur's. Cheap.

Another drop in flour. We are selling "good" at \$1.80 per cwt., bag included. G. Sparling.

FOR SALE.—Two thoroughbred Hereford bull calves for sale. Apply to D. Jackson, of Durham.

The boom of season in full blast, at McArthur's store Upper Town. Highest price paid for Butter and Eggs.

Business men can have a box of 500 good envelopes neatly printed for one dollar. Hard times prices, but these will advertise your business.

Mr. Alex. Reid, of Waterloo, N. Y., was spending part of his month's holidays here last week visiting his father, P. Reid, of Egt., and numerous other friends.

Organizer Collins, of Brussels, has succeeded in starting a promising branch of the Chosen Friends here. The initiatory meeting is to be held to-day, Thursday. Ladies being allowed to join gives it a good push here.

OTTAWA LETTER.—We have made arrangements for a weekly letter from Ottawa by an able correspondent, who will give REVIEW readers the chief happenings at the capital during the session. His first letter is on page 1 of this issue.

LTD., Toronto, Ont.

BUSINESS CHANGE.—Mr. Kilmer has sold out his hardware business to Mr. Wm. Black, lately of Palmerston. While regretting to lose the business dash and push of the Kilmers, father and son, we extend a hearty welcome to Mr. Black, who comes among us with experience and a good name, and have no doubt he will find in Durham a profitable scope for his abilities in the general hardware line. Mr. Black took possession last Monday.

A New York scientist claims to be able to destroy the diphtheria germ by the isometric chlorides of paraniortho-sulphobenzic acid. Upon which "The Philadelphia Sun" rises to observe: "It is reasonable to suppose that upon the approach of such a remedy the diphtheria microbes tucks its tail between its legs and strikes out for all timber."

COMING ANG COING.—While many of our young men are leaving for a summer's work, the noted timber gang have returned from Waterloo looking well after a winter's work among the Germans. They were not idle as may be judged, with a record of 22,000 feet in four months and their employer, we believe was well satisfied with their efforts. Bentinck was represented by the largest man in the gang, Alex. McDonald, Lash, who swung a 6-lb axe all winter. Limer, McMillan, Glenelg, would like to see a gang next winter.

McColl says they are a hard gang to have after, but he planned it all the same. Dave McIntyre intends going back about September, but we doubt if he can wait that long while Jack Dunnet was left in New Hamburg to help load the timber there and at other points.

HOW TO KILL YOUR OWN TOWN.—Buy from pedlars as often and as much as possible. Denounce your merchant goods. Make your town out to be a very bad place and tell it every chance you get. Knife every man who disagrees with you in business and the best methods of increasing business. Refuse to unite in any scheme for the betterment of material interests of the people. Keep every cent you get and don't do anything of a public nature unless you can make something out of it directly. Tell your merchant you can buy cheaper, say it in a way that will leave the impression that you have no faith in him. If a stranger comes to your town tell him that everything is overdone, and predict a general crash in the near future. Patrolize outside newspapers to the exclusion of your own, and then denounce them for not being as large as not advertisements in your home papers; buy a rubber stamp and use it. If you are a farmer curse the town where you trade as the meanest place on earth.

To my many Friends and Customers. I beg to intimate that in future I will not keep for sale nor sell tobacco or cigars of any kind, conscientiously believing it to be wrong to do so. Very respectfully yours, W. LAIDLAW.

Having sold out my business here I intend leaving town the first of May. All parties indebted to me either by note or account must pay up before that date. Afterwards the balliff will do the collecting. E. KILMER.

Cures Talk

"Cures talk" in favor of Hood's Sarsaparilla, as for no other medicine. Its great cures recorded in truthful, convincing language of grateful men and women, constitute its most effective advertising. Many of these cures are marvelous. They have won the confidence of the people; have given Hood's Sarsaparilla the largest sales in the world, and have made necessary for its manufacture the greatest laboratory on earth. Hood's Sarsaparilla is known by the cures it has made—cures of scrofula, salt rheum and eczema, cures of rheumatism, neuralgia and weak nerves, cures of dyspepsia, liver troubles, catarrh—cures which prove

Hood's Sarsaparilla

Is the best—in fact the One True Blood Purifier. Hood's Pills cure liver ills; easy to take, easy to operate. 25c.
