ont, the vegetable King, was round

EDGE HILL PICNIC.—This famous
Annual Picnic will be held on Friday,
July 9th. The committee have got to-
gether a host of attractions which will
make this year eclipse any previous
ones. Popular prices. See bills.

VARNET PICNIC.—This Annual event
in Mr. Jno. Aldred's grove on Tuesday
last was largely attended and very suc-
cessful. Two Photographers were on
the ground, and Miss Fraser will be able
to show us the crowd in a few days.

Sergeant F. F. Hunter has been ap-
pointed to the Military survey, by the
Dominion Government for the summer
months. In this position he will gain
much experience that will be useful in a
future Military career. We congratu-
late Fred.

A garden party will be given by Mr.
and Mrs. Thos. McComb and others on
the evening of Tuesday 13th in the
grounds of Wm. Jackson, of the Glen.
Admission 15 cents single and 25 cents
for two. All welcome.

Wm. Calder unloaded a full car of
Massey Harris Binders and Mowers at
the Durham Station on Monday. This
is the fourth car-load of Machines he
has sold since March. Evidently the
crops are good and the farmers want to
buy Massey Harris Machines.

PRIMARY EXAMS.—This week 26 can-
didates are writlag on the Primary in
Durham. Messrs. Sharp, Hclstein, and
Rowe, of Markdale in charge. Inspector
Campbell is in Meaford on similar duty,
and will leave shortly after the middle
of the month on an extended trip to
Europe undertaken partly to recuperate
his health.

POLITICAL PICNIC.—St John's R. C.
Church, Arthur, has a picnic arranged
for Thursday July 8 of large dimensions.
Messrs. Ross, Whitney, St. John, Mc-
Mullen, Clancy and other politicians,
are promised as speakers. We thank
the management for a complimentary
ticket, but their notice came too late for
last week.

Mr. Arthur H. Jackson, after two
months spent in N. Carolina amongst
his relations, returned on Friday even-
ing last. He had an interesting expe-
rience on his wheel among some of the
big cities on the Atlantic coast and near
it and gives it palm to Philadelphia
for picturesqueness and beauty. The
roads of New Jersey were the best he
met with.

Messrs. Jas. Carson and A. W. H.
Lauder returned Monday evening from
the great wheelmen's meet at Chatham.
They report a most successful gathering,
had a warm welcome and saw some
splendid races. The fastest time was a
mile in 1 m. 51 sec. made by one Mc-
Leod. The 100 mile road race, started
at 9:44 a. m. was won by a Toronto
rider, Art. P. Gumbert in 5 hours 40
min. and 30 seconds.

The best Binder or Mower in the
Market today is the Massey Harris
Roller and Bull Bearing Machine, made
by that firm. Buy a good machine
when you are buying one. A durable
machine, one that will work satisfactorily
and you are sure of getting your repairs
for. A full stock of these machines on
hand at W. Calder's Warehouses.

POPULAR HOTEL MAN.—"I was trou-
bled with pimples on my face and head
which caused me much annoyance. After
trying many remedies without benefit
I was advised to take Hood's
Sarsaparilla. The first bottle helped me
and I took four bottles. I am now com-
pletely cured." J. JAMES HEILLEY, Prop-
rietary Chapman House, Sarnia, Ont.

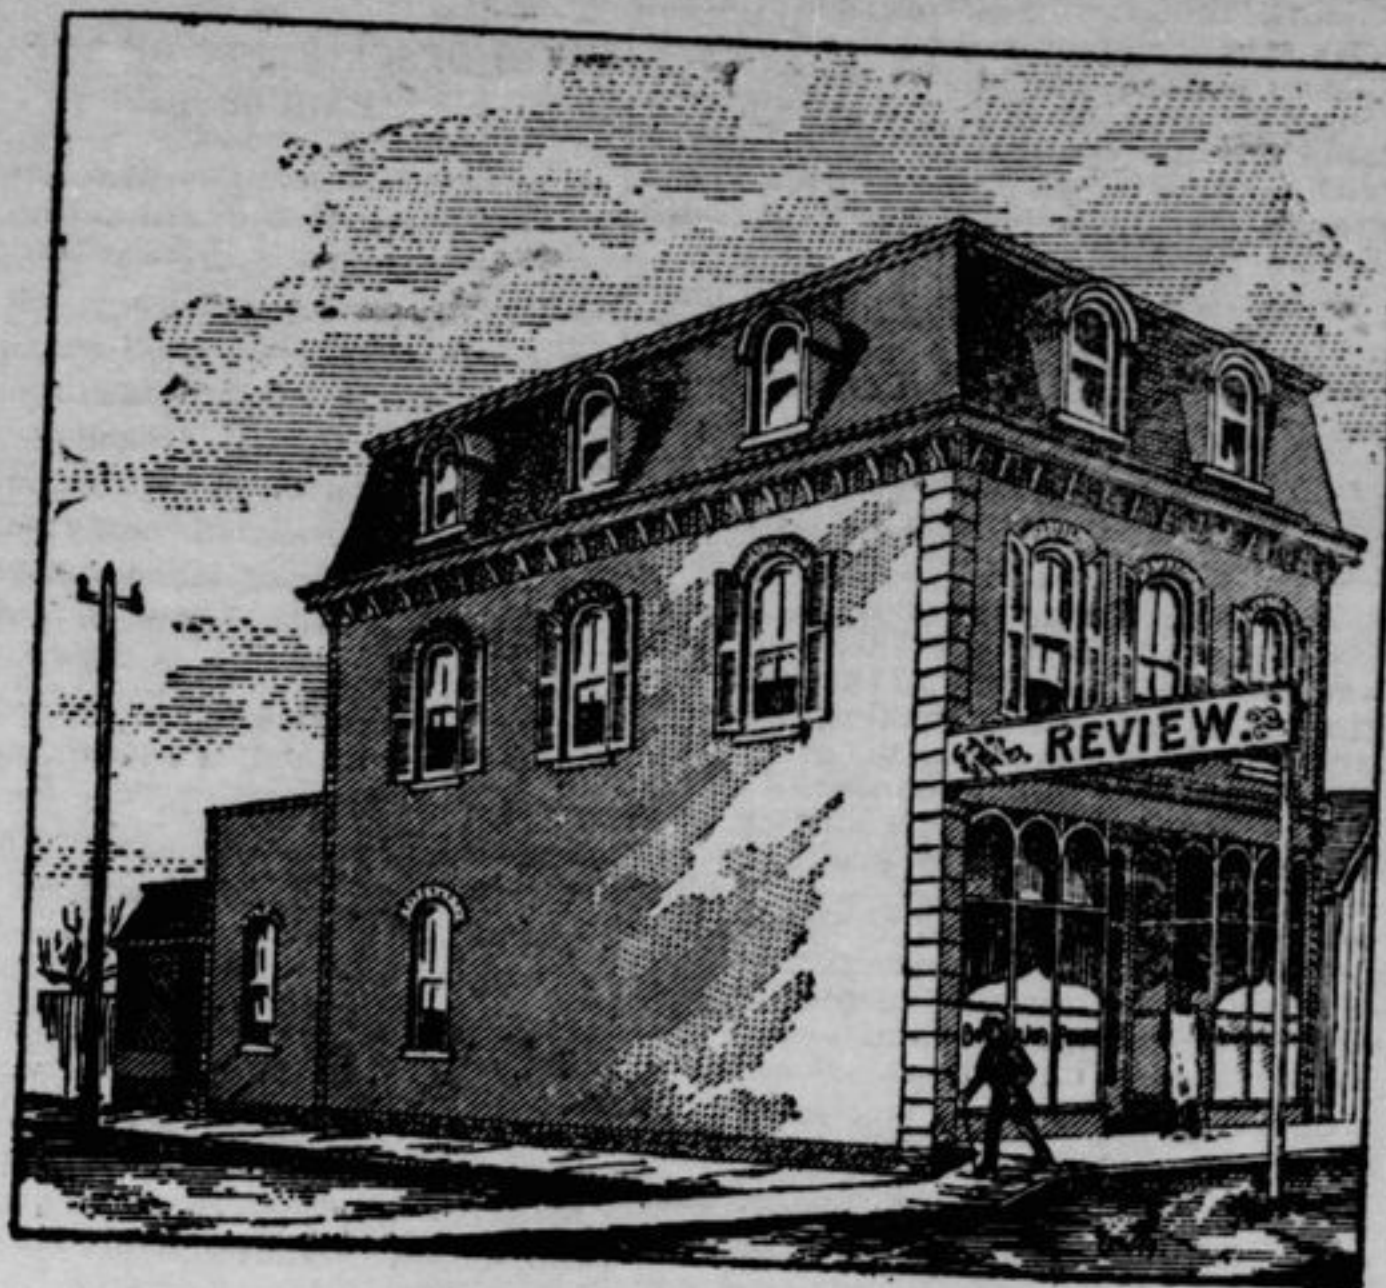

Hood's Pills act easily and promptly
on the liver and bowels. Cure sick
headache.

ANNUAL TAXES.—We believe the
town will feel a twinge of disappoint-
ment to learn that the council on Mon-
day night shelved the proposal to pay
taxes semiannually. Some legal objec-
tions are in the way, it seems, and we
hope these may be shown to be not in-
superable. The council however decid-
ed to make a change, and one that will
not be agreeable though we guess strictly
within the law. The collector is to
get the roll a month earlier than usual,
and have all collected by 15th December.
The new council will then have a fair
start. The rate will be struck at next
meeting and will be less than last year.
Meantime \$1000 has to be borrowed to
run the town till taxes come again, a
sum \$500 less than last year. We are
gaining. Keep everlastingly at it.

CANADIAN CHILD SAVING WORK.—
This work carried on under the super-
intendency of Rev. G. W. Brighton, Ont.,
is increasing in its helpfulness to the
needy child of our own land and at the
same time bringing joy and blessing to
many a home by introducing into it
some bright little one whose only want
is that of a home and a friend. About
thirty children have been placed out
since January 1st.

Mr. Watch has at present some very
desirable cases for adoption among
them a few bright little boys and also
a few girls. A beautiful october baby
girl of two years a few older children.
Christian home, also a few older child-
ren. Funds are required for this work
of love. Any needy child in the country
wanting a home or friend will be helped.

ALL THE PEOPLE.—Should keep them
selves healthy and special care should
be given to this matter at this time.
Health depends upon pure, rich blood,
for when the blood is impure and im-
purified diseases of various kinds are
almost certain to result. The one true
blood purifier is Hood's Sarsaparilla.
By its power to purify and vitalize the
blood it has proved itself to be the safe
guard of health, and the record of re-
markable cures effected proves that it
has wonderful power over disease. It
actually and permanently cures all
other preparations fail to do any good
whatever.

Horticultural Exhibition.

The Board of Directors have resolved
to hold a Horticultural exhibition, on
the 6th and 7th of September next. All
kinds of Fruits, Plants and Flowers
may be shown, but special prominence
will be given those plants obtained
through the Society, and the products
of the annual Show (Labor Day) will
be the first one of the exhibition.
Members are requested to commence
the selection and preparation of articles
intended for exhibition.

JUBILEE NUMBERS.—Many of the
papers have published Jubilee editions,
easily leading them all in wealth of
illustration and breadth of descriptive
matter touching Canada, the Empire,
and the Royalties was the Toronto
Globe, whose enterprise is a model all
others aim at. The Mail confined itself
to a pretty little supplement showing
the progress of Art during the reigns.
The Montreal Star had a very full num-
ber of articles, with well written arti-
cles, and a certain number of the many that
have appeared. The Witness did just-
ice to the occasion, with some unique
features besides finely illustrated read-
ing matter. The Christian Guardian
appeared in alternate red and blue pages
and is one of the few papers that were
in existence in Canada at the Queen's
Accession. Some extracts from the
number of August 1857 when they
seem to have first learned of the change
of monarchs, makes interesting reading.
The London Free Press reproduced the
coronation "Sun" from which we have
quoted for weeks past. The G. T. B.
also issued a pretty card as a Jubilee
souvenir.

HOPEVILLE.
Last week we gave you the daily oc-
currences as they transpired but we find
some omissions which we note as they
occur to our memory.
Miss M. A. Scarlett came from Toron-
to to Jubilee week to stay some time with
her parents.
Miss Fullerton from the States is vis-
iting here and Miss Maggie Proctor, Tor-
onto is renewing old acquaintances.
Mr. W. J. Glenester who has been
working in the brickyard, in Toron-
to came home to stay awhile.
A very quiet wedding in Mt. Forest
last week. Mr. Gleanster, Black Smith
to Miss Eliza Jane Riddell, daughter of
Mr. Andrew Riddell of Hopeville. They
have taken up house on Mr. Smith's
farm, 5th con. Proton.

On Wednesday, the 30th June, at the
residence of the bride's father, Mr. John
Nelson, of Egremont, Mr. Alexander
Gillies, of Buffalo, formerly of this place,
to Miss Maggie Nelson. At this wed-
ding a large number of their friends
were invited and spent a very pleasant
evening and part of the night. Hope-
ville was well represented. This young
couple are now visiting among their
friends for a few days before their de-
parture for Buffalo where they intend
to reside. Mr. Gillies is an old Proton
boy and learned the trade of Black-
smithing in our village.

Mr. Geo. McLeach held a meeting on
Sunday afternoon the 27th June and
night meetings this last week in Allen's
Hall.
The Picnic to be given by the Ladies
Aid Society will be held this Wednesday
7th, before your paper arrives. We are
informed that they are to dispose of the
fancy quilt we mentioned several times.
We have to say that it was the intention
to do so at the time we mentioned it.
Tickets had been printed and committees
appointed to sell them lottery fashion,
but some were afraid such procedure
was against the law of the land and
therefore postponed it till now.

Considerable discussion as to the value
of unity is going on here, caused by the
Presbyterians holding their meetings in
the Orange Hall and the McLeaches in
Allen's Hall. Agree to disagree good
people and meet together.
July 1st Dominion day was very
quiet here, quite a few of our young
people drove to Eugenia Falls and
spent the day there picnic fashion.
Some went into Egremont to a picnic
and a few of the members of the lazy
men's club loitered about with doing
a little talking.
Pat Shaw, Reeve, let a road job here
for the first this season.
Road work is now the order of the
day.
I intend to have a report next week
of this picnic and sale of the fanciest
quilt ever made here.
