The CASH System

ADOPTED BY

N. C. & J. McKechnie.

We beg to inform our Customers and the Public generally that we have adopted the Cash System, which means Cash or its equivalent, and that our Motto will be

"Large Sales & Small Profits."

We take this opportunity of thanking our customers for past patronage, and we are convinced that the new system will merit a continuance of the same.

N., G. & J. McKECHNIE.

A DOUBLE NUMBER.

This week's issue, following a holiday, is a sort of double number containing news more than a week old of course, and showing a few other irregularities. Our friends will readily understand this. Next week we will get into line again with the intention and determination to make the REVIEW brighter and newer than ever: A paper you cannot afford to be without, and one your neighbor should have. We thank those who called with or remitted for subscription during the past two weeks, and hope their example may bear much fruit.

TH: EDITOR.

Editorial Note and Comment.

—Ministers Tarte, Paterson and Mulock have visited O. Sound and Collingwood since our last issue. They were accompanied by the chief engineer of the Public Works department, and with Minister Tarte this official took stock of Owen Sound's needs. At a banquet in the evening Mr. Tarte made a characteristic speech and promised to do all he could for O. Sound "in the interests of the whole country."

—W. W. Buchanan, for some years editor of the "Templar" has resigned and will enter the political arena free from editorial care. The news and miscellany of the Templar were valuable features but their influence for good was greatly negated by the cantankerous nature of the editorials and cartoons which were produced in the most bitter tory spirit imaginable. In his new sphere, Mr. Buchanan may help the temperance cause. He could scarcely hurt it worse than he was doing.

—Secretary Sherman of the United States in a recent communication to British authorities uses language not only unbecomingly but uncouth in the most offensive terms. Britain has borne a great deal from the United States, and it is singular that some of her Statesmen, no, politicians are so callously obtuse to the humane and brotherly spirit, displayed by Britain as to fly in the face of it at the most inopportune time. English papers say that Britain must be prepared for an appeal to force, great as the calamity would be. The American nation has little to be proud of in throwing out the arbitration treaty, and at the same time nursing a hostile spirit.

—"Klondyke," till now unknown in story, has all at once been bathed in glory, brilliant finds of yellow gold, (the half it seems has not been told) are drawing eager thousands were we think of snow and polar bear, as like as not when some come home, instead of meat they'll have the bone, meaning our duty stands out clear, Canucks must nothing have to fear, from enterprising sharks and Yanks, who'll take our gold and ne'er say thanks. At every pass place Customs men, if one went to let there be ten, enforce all worthy British law, make regues and rascals stand in awe, and so the story will be told, that British men get British gold, ditto with silver, copper, coal, from Mt. Elias to the Pole.

PRICEVILLE.

Rainy weather for the last week, Hay making is every thing but favorable, and it will be nothing uncommon to find a lot of damaged hay this winter. For there are acres of fields out laying on the swath for from three to six days, and where there is clover it is almost fit for nothing but manure, however we hope for a fair season in the future.

There are in some instances rust to be seen on the spring crop especially on spring wheat, fall wheat is past danger of any injury by rust any more, as in some places on high lands it will be ready to cut in a few days.

The McLean boys completed the new bridge in this town and by all appearances have made a good substantial job. They receive as remuneration for their labor \$250.00 which pays them well for the time they were at work.

Malcolm McDonald, (Callum beag) has the contract of grading and cutting the hill at Hector McDonald's, townline A. and G. As Malcolm is a thorough Reformer we have no doubt but his contract will be completed according to specifications.

Our streets have been fairly well attended to by road masters McLean and Reiley, by giving the main street a fresh coat of gravel, also some grading on back streets, &c.

Dr. Mahaffey is visiting his nephew Mr. C. C. James of this village. The venerable gentleman is quite smart for a man of his age as he is now in his 88th year. He practiced some fifty or sixty years ago at Richmond Hill, and Maple in the township of Vaughan, and later in Flesherton.

The Misses Kate and Minnie McIntyre of Toronto, daughters of Mrs. McIntyre, South Line, are home, and are to remain for some time.

No Gripe

When you take Hood's Pills. The big, old-fashioned, sugar-coated pills, which tear you all to pieces, are not in it with Hood's. Easy to take

Hood's Pills

and easy to operate, is true of Hood's Pills, which are up to date in every respect. Safe, certain and sure. All druggists. See C. I. Hood & Co., Lowell, Mass. The only Pills to take with Hood's Sarsaparilla.

Mr. Jas. Dyce, of Flesherton Station is busy building the stone wall under Mr. Jno. Mathews barn.

The McDougall boys bought a Maxwell Mower from Mr. C. McKinnon, of Durham.

We were pleased to meet with Messrs. Hugh McNeil Dentist, and John A. Conkey, Pharmacist, both of Chicago, they are both apparently in a healthy condition and will be returning this week. We did not hear whether they intend to take single or double tickets on return. However they are of age and need no advice in the matter.

We Almost forgot to congratulate the "Review" for its new title, but do so now, heartily wishing it long life and prosperity. Not forgetting the Editor of course.

Dr. Hutson is at present attending Miss McKinnon of Fairwell, who was severely bitten by a hog a few days ago. We are happy to hear of a little improvement on her already and hope she may be around again soon.

We hear the Sons of Scotland are to have a grand picnic in the School grounds on the 6th of August, everything in the shape of making a success will be provided, such as, good speeches, songs, (Gaelic and English), music, on bagpipes and other instruments is provided. Grand Chief Fraser of Toronto is expected to be present and will no doubt cheer the heart of every loyal Scotsman present.

A garden party will be given in the village on Friday evening next, the 30th inst, under the auspices of the Presbyterian Sunday School. Mr. Reiley's lawn is the place suggested and we have no doubt that Mr. Reiley will throw open his gates with his usual generosity. A large crowd is expected, the admission will be small and the programme promises to be excellent. The Supt. of the School Mr. Currie, ask others will spare no time in making the evening an entertainment a success. The object of the party is to assist in defraying the existing debt of the church.

The Presbyterian Congregation unanimously agreed to keep Mr. Matheson during the summer months, he is getting along well with the duties appertaining to his office.

Mr. Neil McCannell attended a meeting of Presbytery at Orangeville a week or two ago.
