day. A load of Durham folks attended
and report a good time.

S. S. PICNIC.—The Presbyterian Sun-
day School will hold their annual Pic-
nic in the Park on Thursday of next
week. Admission only by ticket.

THANKS—Our thanks are due to Gar-
ner Arrowsmith for a fine box of
gooseberries as large as plums. They
are of the "Hifeman" variety. Any-
one wishing this fine fruit, should secure
plants from Mr. Arrowsmith.

The Methodist Annual S. School Pic-
nic will be held in Saugeen Park on
Wednesday next. Thursday was picked
upon but by a friendly arrangement
between Mr. Parker and Mr. Allan
Thursday was allotted to the Presbyter-
ians who had made arrangements for
the same day.

NOTICE YOUR LABEL.—We have our
mailing sheet changed up to date and
find too many yet whose label does not
show '97. If the figures indicate an un-
paid subscription kindly remember that
the publisher must have money, and ob-
lige by each at once remitting or call-
ing with the amount.

Prince Bismark knows a good thing
when he sees it. And so he uses De-
ering machinery. At C. McKinnon's.

BRIGHT GIRLS.—The moon light last
night was delightfully clear, but not
more so than the intellect of two of our
young girls. Says F. D. "They can't
take the moon from us anyway." "No,"
says L. A. "but they would try if it
cost us anything." Will the Town
Council put this in their pipe and smoke
it?

The Small pox quarantine, (not
cholera as we had it last week in part
of our issue) of the steamer Passport
has been removed and the passengers
are now at liberty. They talk of
securing redress for their detention
from some quarter, and some indigna-
tion is felt that the captain was allowed
to go several days before the others.

CARD OF THANKS.—The Fire Brigade
desire to thank cordially the citizens
and others who in any way helped them
at the picnic. This includes those who
supplied such generous stores of provi-
sions, those who assisted in collecting
and dispensing them; those who as-
sisted on the program, and the public
in general for attending.
By Order, CHIEF.

NEW ONTARIO.—We were pleased to
have a call from Mr. Angus McKelvey,
Monday last. He is now settled in Lis-
keard in the Temiscaming district, and
is engaged in saw-milling operations
there. The place is filling up fast and
its future looks bright being a good
agricultural district with abundance of
good timber. It lies in 47th deg. N. Lat.
further South than Manitoba, and its
grain products have ranked high at the
shows.

S. T. Orchard is offering good bar-
gains in new and second hand organs.
Give him a call.

LET THE BOYS SWIM.—If, instead of
setting the police after the boys who
take a dip in the river the City Council
would devote its attention to establish-
ing a system of public baths for the
city it would be doing something to
show that its ideas of municipal admin-
istration rise somewhat higher than
those of Mr. Bumble. During the kind
of weather we have been having lately,
a desire for a swim is a thoroughly nat-
ural one, and a bath is as much a nec-
essary act of sanitation as it is an act
of pleasure. In the interest of the
public health, this desire should be en-
couraged rather than repressed. As
between the encouragement of public
bathing and the encouragement of that
squeamish prudery which is horrified at
the sight of a boy bathing several hun-
dred yards away (which it never need
behold if it turn its gaze the other way),
by all means encourage the bathing.—

ACCOUNTS.—We are sending out ac-
counts this week, and we hope they will
be attended to. We waited on many
owing to the pinching season and would
like a settlement before we pass them
out of our hands, as we may have to do
in a very few cases. We need the
money.

PLAY OFF IN DURHAM.—The Grey
District League composed of Markdal,
Flesherton, Dandak and Shelburne
Lacrosse Clubs are about through with
their season. Markdale and Shelburne
head the league and have one game to
play to decide the championship. The
Athletics of Durham are extending an
invitation to them to play off the final
here. We hope they may accept, and
our boys who are no mean lacrosseists
will give them a royal welcome.

ELECTRIC STORMS and weeping hea-
vens seem to be our portion this sum-
mer. On Monday several showers fell
in Durham and to the south and as
evening advanced a regular downpour
took place extending only a few miles
north of the town. After midnight
however a tremendous rain began to
fall accompanied by vivid lightning and
thunder. The barn of Mr. Isaac Hutton,
north of Orchard, was destroyed, and
rumors of damage from Proton and else-
where are coming in. At the funeral
of the late Mrs. Porter, part of the
company took refuge in a barn, and
while there the barn was struck and
some of them affected, though happily
not seriously, and fire did not follow.
To the north of the Rocky Saugeen the
roads were overflowed as if a cloud
burst had taken place, one observer
never having seen the like in 50 years.

SUDDEN DEATH.—Very sudden was
the taking off of Mr. Jas. McCreary, the
fact of whose death started morning
worshippers when announced in the
churches last Sunday. The old gen-
tleman was around as usual the
evening before, but in the night watches
after a brief complaint or two he breath-
ed his last about 2 in the morning.
Medical aid was summoned but it was
of no avail, a heart affection being the
cause. He was buried in the new Cem-
tery on Monday last, the funeral ar-
rangements being in charge of the
Masonic, fraternity of which he was a
member. A large number of the citi-
zens assembled to pay their last respects
to the deceased who was highly respect-
ed for probity and honesty of character.
He leaves a wife, and three daughters,
who have the sympathy of the town
in their bereavement.

AN OLD EGREMENT REVE.—We have
been favored by Mr. Arthur Jackson
with a copy of the "Daily Record,"
Greensboro, N. C., which contains a
notice of the death of Henry Wakefield
well known to many in Egrement for
his prominence in municipal life away
back in the '60's. Mr. Jackson, on his
recent visit to relatives there met with
him several times and was much impres-
sed with his intelligence. He was full
of reminiscences of the olden time, and
was spending a comfortable old age
amid the kindness of his family and the
respect of the community. The
"Wakefield farm" near Varney is now
owned by Mr. W. Dann, while his only
sister here is Mrs. Isaac Wilkinson half
a mile to the South. We append the
notice:

"Henry Wakefield, Sr., father, of Dr.
Wakefield, of Charlotte, and of Mrs.
G. Will, Armfield, of this place, as well
as George, Henry Jr., and Rev. John
Wakefield, died this afternoon at 1
o'clock at his home near Friendship.
He had been sick three or four weeks
with some heart trouble and was 60
years of age. He is favorably known in
Greensboro, where he had many friends
but has lived in the country many years
and was a very successful farmer, and
a good, progressive citizen, always vi-
tally interested in the welfare of the
country, and he will be missed. Funeral
services will be held at Guilford College
to-morrow afternoon at 4 o'clock."

THE FIREMEN'S PICNIC.

All things come to those who wait,
and delightful weather came for the
postponed picnic on Friday last.

Hammer and axe and muscle had been
busy for days before arranging the plat-
form and other fixtures necessary to
carry out the affair, and when the col-
lecting committee had gathered all the
entables supplied in generous quantity
and excellent quality by public spirited
citizens, when the crowd had gathered
and the shades of evening drew on, all
things were ready for an ideal picnic in
a romantic place, our own Saugeen
Park.

The aquatic events were a novel and
fine contribution to the evening's fun.
The swimming and diving, and splash-
ing of eight or ten amphibious bipeds
was a refreshing sight, the fancy diving
of some of them, notably Mr. Arthur
Vair, showing a surprising degree of
agility.

The great event however was the ex-
pected arrival of the Virginia Minstrels
for whom the crowd waited patiently,
and they were not disappointed. This
enterprising aggregation were a little
late owing to a shipwreck on the way,
but shortly after 9 p. m. their boats
were sighted round the "bend," and the
rapid current bore them rapidly under
the bridge, their fine old plantation mel-
odies harmonizing agreeably with the
rushing waters and the weirdly lit
woods. They drew up at the dock plat-
form and were soon afterwards seated
thereon. For once they were not trou-
bled with front seat crowding the audi-
ence being all in the back seats and the
dark rushing river between.

The back seats of course was the op-
posite bank, which was lined with eager
spectators "down to the water's edge,"
and unfortunately the noise made by
the river, unusually high owing to the
late rains, and the cracking of the
evergreens which were continually fed
to the fires near by, preventing a plain
hearing of the very excellent music
which was rendered. The affair was
splendidly conceived and well carried
out, even with the unforeseen drawbacks
and the experience gained by the first
venture will be useful in future.

A piano on the platform, furnished
good music in the hands of Miss Black
and others. The band was present and
gave a generous share of its fine music,
Prof. Peel, gave some of his fine concert
songs, and altogether a fair programme
was rendered.

Boating, swings, shooting gallery and
the chat of friends filled in blanks in the
afternoon and evening, and at the close
an impromptu Auction Sale of spare
provisions took place Mr. Carson thus
drawing several dollars to the firemen's
fund.

AFTER A SEVERE COLD.—"Hood's
Sarsaparilla has cured me of scrofula.
I was weak and debilitated and Hood's
Sarsaparilla built me up and made me
strong and well. After a severe cold I
had catarrhal fever. I again resorted to
Hood's Sarsaparilla which accomplished
a complete cure." SARAH E. DEWAY,
Annapolis, Nova Scotia.

Hood's Pills are the best family
cathartic, easy to take, easy to operate.

OBITUARY.—

A recent issue of the
Hartney, Manitoba Star contains an ac-
count of the death of Mrs. R. G. Jasper,
mother of Mrs. D. Greenwood of 3rd
con., Guelph. She is described as one
of the oldest and most respected resi-
dents of the place, and in Church and W.
C. T. U. circles was a prominent worker
and these testified their sense of their
loss by kindly tributes at her funeral.
"She was born in London, England, on
July 4th, 1811 and emigrated to Toronto,
Canada, when only six years old. Here
she spent ten years of her life after
which, moving to Bruce county, she
married. Residing there a number of
years the family moved to Hartney in
1888, where they have since remained.
After a short illness caused by heart
trouble she passed away mourned by a
family of six daughters and four sons,
all living. All are in this country ex-
cept two, Mrs. D. Greenwood, Dur-
ham, Ontario, and Tom, in Missouri, the
rest with the exception of Mrs. Downey
who is at Holland, are living in the
Hartney district. Her mother, Mrs.
Wm. Ashdown, and brothers George
and J. H. Ashdown of Winnipeg, and
A. L. Ashdown of Portage la Prairie,
survive her.

You and Your Grandfather
Are removed from each other by a span
of many years. He travelled in a slow
going stage-coach while you take the
lightning express or the electric car.
When he was sick he was treated by
old fashioned methods and given old
fashioned medicines, but you demand
modern ideas in medicine as well as in
everything else. Hood's Sarsaparilla is
the medicine of today. It is prepared
by modern methods and to its prepara-
tion are brought the skill and knowl-
edge of modern science. Hood's Sar-
saparilla acts promptly upon the blood
and by making pure, rich blood it cures
disease and establishes good health.
