Bad Weather, But a Good Show.

This romantic little village, the first that the Saugeen's water courses through, has not many 'big days" in the year, and easily the chief is the Annua! Show of the Artemesia Society.

The exhibits were shown in Watson's Hall while the stock was on the school at any other place we know of.

This will be remedied when the new Hall which the Directors are aiming at is built. Quite a number of the Show's supporters are putting their shoulder to the wheel and the Township of Artemesia is assisting, though we think | PIGS-Berks' are and other Black breeds very gingerly it we are rightly informed that \$15 is the limit of their generosity. Egremont and Proton and especially Glenelg should all do a little to help a show drawn partly from their bounds, but its none of our business.

The prize list will tell its own tale. Spring Pigs. J & J Spicer. P Muir. Will some one next year please try and make it lively for Wm. Meads in the Cotswold Class? We are sure he would like it. A. Brodie in the Grain Class runs off with the best prizes, and this 'feature of Artemesia Society" in fruit and other lines is very prominent.

Mr. D. McNichol M.P.P., met many of his constituents from the three adjoining townships.

We were pleased to meet with Mr. and Mrs. Jos. Hornsby, from Penetanguishene who have been visiting round the old home. The years are dealing lightly with them.

The evening concert gave the Reilly. Society \$32 and was a creditable affair. Mr. Brodie was Chairman. Mr. Benson, Markdale, gave some humorous representations of Irish character. Impure blood means scrofula, dyspepsia, rheumatism, catarrh or other diseases. The surest way to have good blood is to take Hood's Sarsaparilla. This medicine purifies, vitalizes, and enriches the blood, and sends the elements of health and strength to every nerve, organ and tissue. It creates a good appetite, gives refreshing sleep and cures that tired feeling. Remember,
