REFORM CONVENTION.

Thursday of next week the Liberals of the Riding are called by paper and poster to meet in Durham for the important duty of choosing a candidate to represent the riding in the next local parliament.

We do not believe that the sun rises and sets in the Liberal Party, but we do believe that at this juncture in our history, when an awakened interest in things Canadian has taken place, almost wholly as the result of a Liberal Policy presented by Liberals, there should be Liberals in power in the Provinces to sustain the movement so auspiciously begun by Liberals in the Dominion.

Let there be then a large and representative meeting next week: it is a duty that Liberals owe to themselves to provide a candidate in every riding, a duty they owe to their country to make provision to sustain a government that has a record unsurpassed in any British community for clean, capable and efficient administration.

When the accredited delegates have met in free convention and done their work, rising we trust above all jealousies, accepting the choice of the Convention most loyally, we hope to see the Town Hall crowded with Liberals to listen to the speakers and show by their presence and enthusiasm that they believe the successful historic past of the Liberal party should be perpetuated.

Liberals, the principles your fathers supported are worthy of your support to-day. Come to the Convention. Go into the contest that is to be, with a belief in the rectitude of your position and a determination to do everything honorable to win.

OLD COUNTRY BEQUEST.—The Gadd family and its branches came into possession last week of an old country bequest dating from 1810 but held until the death of their mother which took place about two years ago. Banker Kelly has received the papers, and is seeing the matter closed.

Walkerton town Council have granted money to plant trees that will obstruct a view of their Show Ground from a neighboring hill. The Telescope says that although the hill has lost the Society many a quarter, the trees will be a monument to the meanness of human nature in some persons who will neither stay at home nor pass the gates. They are not all in Walkerton.

Special sale of clothing on at J. A. Hunter's. He has the noblest and largest stock.

HAD MANY AILMENTS.—"For years I have been taking medicines for liver complaint, rheumatism, heart trouble and nervous prostration, but three bottles of Hood's Sarsaparilla have done me more good than any other medicine I have ever taken. I heartily recommend it to others."—MRS. S. A. JUDD, Vernon, Michigan.

Hood's Pills are the only pills to take with Hood's Sarsaparilla. Easy yet efficient.

YOUNG MEN, ATTENTION!—A meeting of the young men of Durham and vicinity is called for Friday the 29th inst at 8 p. m. at the Law Offices of Lucas, Wright & Batson, Calder Block, Lower Town, to discuss and complete arrangements for the forming of a Gentlemen's Club for Literary or Social purposes, or both, as may be decided upon. All interested are cordially invited to attend, and give the meeting the benefit of their views and valued suggestions.

STANDARD BRED COLTS.—Mr. J. A. Hunter attended the Sinclair Sale of Standard Bred horses at Grand's last Thursday and bought two colts, "Black Thorn" and a bay filly. "Black Thorn" is 2 years old by Wildbrino 2.194, Dam May by Rooker 7415. Black Thorn is a full brother to Surena 2.204, Sweet Violet 2.214 and Cresson 2.183. He is a handsome colt and should go very fast. The Bay Filly is a beauty, 1 year old, by Wildbrino 2.194 Dam by Coaster 2.174, Dr. Jamieson we understand owns a half share in these colts. Our skilled trainer, Mr. R. Scott is handling them and is now in his glory.

THE PATRON CONVENTION.—At the meeting held on Tuesday last about 50 Patrons were present. Steps were taken to have a candidate in the field as the following resolutions, handed to us by Sec'y Gorsline, were adopted: 1st.—That we express confidence in our present member Mr. McNichol, being satisfied with his explanations and the course pursued by him and other Patrons during the present Parliament. 2nd.—That we meet on the third Tuesday in December next, at the hour of one o'clock p. m., for the selection of a candidate for South Grey in the Local Legislature at the next General Election. 3d.—That the Nominating Convention be composed of two delegates from each subordinate Association.

It is reported that Mr. J. W. Mitchell, formerly of the Chronicle, has bought out a Clinton paper.

In Hunter's Ad., 1st page, "Women's Knitted Skirts," should be "Women's Knitted Skirts," something new.

The variability of our climate was well illustrated last Saturday when a little after midday the thermometer fell 20 deg. in half an hour. Friday it was 80 in the shade, Saturday night at freezing point.

J. A. Hunter is selling an extra heavy Copper Boiler for \$2.50, usually sold at \$3.50.

IMPORTANT.—We call the attention of our readers to the notice re "Extra Provincial Companies," which appears in this issue. To agents of such companies it is especially important as the penalty attached is a serious one. To secure uniformity in the returns, application should be made to the Provincial Secretary, Toronto, for blank forms. Then returns must be made before the 1st of November 1897.

A meeting of Poultry Fanciers was held in the Public Library on Friday the 15th inst and an association formed known as the Durham Poultry and Pet Stock Association. Wm. Irwin was voted to the chair and Wm. Gorsline appointed Secretary, pro tem. The following officers were appointed: Hon. President, James Allan; President, Wm. Gorsline; Vice President, C. Leavens; Secy. Treas., Thos. Brown; Board of Directors, Wm. Mountain, R. Matthews, Thos. Gadd Jr., David Lamb, Nat. Harvey. Directors are to meet next Friday night to complete organization, &c.

PADS IN MEDICINE.—There are fads in medicine as in everything else and a "new thing" frequently sells for a short time simply because it is new. But in medicine, as in nothing else, the people demand and will be satisfied with positive, absolute merit. The fact that Hood's Sarsaparilla has stood its ground against all competition, and its sales have never wavered but have remained steadily at the top, demonstrates, beyond any doubt, the intrinsic virtues of this medicine. The new things have come and gone but Hood's Sarsaparilla rests upon the solid foundation of absolute merit and its power to cure and its sales continue to be the largest in the world.

HOME AGAIN.—Inspector Campbell arrived by late train on Monday night, and was welcomed at the station by wife and children and a few friends. Though many are the sights and grand which he has seen, we believe his Anglo Saxon or Anglo-Celtic heart never beat warmer than on once again resuming his place round home and hearth a mong wife and children after an absence of 3 months. Miss McDonald remained in Toronto and will be at work next week. They had a very rough ocean passage till they reached the Gulf, but Mr. Campbell's good sailing qualities remained with him and he was one of half a dozen from whom old Neptune did not exact tribute either going or coming. His looks tell that the trip has been of immense advantage to his health and he will now require some vigor to stand the many heavy hand shakes and good wishes he will receive. Few travelers have kept their personality so well before the people in their absence as Mr. C. has done in his series of excellent letters in the REVIEW, and fewer still have furnished their home and district with such a vivid imaginary trip as has been derived from graphic description and interesting incident flowing from the ready pen of our worthy Inspector. On behalf of the hundreds of readers who have been delighted with his letters we again tender him hearty thanks. This week the letters are continued, and material enough arrived just a little before the author for one or perhaps two letters more. They will be found of equal interest, and will contain some information as to how the average "Britisher" is being enlightened on Canada, and the part that has been taken in that good work by Major J. B. McLean, Mr. J. J. Haslett, son-in-law of Mr. Thos. Lauder, both well known here, and Editor Willison of the Globe. Besides other reflections and an eloquent conclusion.

PUBLIC LIBRARY.—Winter and long nights are approaching, and the claims of the citizens should be again considered. Its shelves present an array and a choice of reading that is not valued as it ought to be. This week nearly 100 new books from London, England have been catalogued, and will soon be ready for issuing. A grant of \$170 has been received from Government and will be spent in the interest of the citizens by enhancing the value of the Library and Reading Room. Reader do you ever look in? If not, call this week and urge others to go.

A CONTEST.—The action of the Patron representatives last Tuesday would seem to settle the question of their attitude at the next election. See the report elsewhere. There will be a candidate and that candidate will undoubtedly be Mr. McNichol, whose explanations and course have won for him an expression of confidence. Mr. McNichol is as good today as he was four years ago and we should see our Conservative friends follow suit and endorse Tuesday's action. But will we? There is ample time for a pronouncement before Fair Day in December when the nominating convention is called.

SYMPATHETIC.

In connection with the death of Alex. Stewart, we give below a resolution passed by the Y.P.S.C.E., of Burr's Church, Rocky Saugeen:—

Resolved that, having learned with deep regret and sorrow that God, in His Providence, has permitted the removal by death of one of the members of our Society—our esteemed young friend and brother, Alex. Stewart—who at the commencement of his manhood has been so suddenly called from the church militant to the church triumphant, to his sorrowing parents, brothers and sisters, we offer our sincere sympathy.

As a friend and member of this Society he became endeared to us and gained our esteem and respect by his upright character, quiet disposition, and labors, contributed to the welfare and prosperity of this Society. Words are feeble to express our sorrow, and human consolation is of but little avail. We therefore commend the sorrowing ones to that source of strength and comfort opened to us in God's Word. "God is our refuge and strength a very present help in trouble," and may He who is able to do exceedingly abundantly above all we ask or think, the God of all comfort who comforteth us in all our tribulations, strengthen them in this hour of extreme sorrow.

MARY E. TURNBULL, Cor. Sec.
MILLIE ECTOR, President.
