LOCAL AND GENERAL

Snow, Mud and slush. Fair Day next Tuesday. County Council is in session this week. Pinol Balsam always stops a kaff. For sale only by MacFarlane. 3

Don't forget the Town Hall on Friday night.—Get a ticket only 15 cents. Hood's Sarsaparilla is prepared by experienced pharmacists who know precisely the nature and quality of all ingredients used.

STOCKERS SOLD.—The Little and Wilson Sale last week was well attended and about 60 head changed hands at good prices. Auctioneer McKay wielded the hammer to some purpose.

Are you satisfied with the Tea you drink? If not, why don't you try "Salada" it is a pure high grade Ceylon Tea put up in air-tight pounds and halves at 25c, 30c and 40c a lb., at the Big 4.

Sir Oliver Mowat will be sworn in as Lieutenant Governor on the 24th inst., in time to officiate at the opening of Parliament on the 30th. Hon. David Mills becomes a member of the government by taking the portfolio of minister of Minister of Justice.

H. H. Miller the Hanover Conveyancer recently traded farms with Mr. Joseph Teasdale and in this issue offers the old Teasdale farm lot 30, con. 2, W. G. R. Bentinck at a great bargain. Mr. Miller is also advertising money on unusually good terms at 5 per cent.

Under the auspices of the W.F.M.S., on Nov. 18th, a Missionary address will be delivered in the Presbyterian church at 7:30 p.m., by Miss Dr. Maggie McKellar, late of Central India. A very cordial invitation is extended to all the sister congregations. A collection will be taken up.

TOWN COUNCIL.—The regular meeting of the Town Council was held on Monday evening. The Monday previous was the regular night but the Marine Band of the Salvation Army being upstairs, the council judged it prudent to adjourn and leave the field to the noisy, but musical visitors. See page 4.

TOWN STREETS.—We present our Town readers this week with a most useful pamphlet on Streets, by Government Commissioner Campbell. Whether in or out of the Council read it all, and be prepared to lead a better life by mending our ways according to the best modern ideas. Which of the pictures on pages 8 and 9 is nearer Durham?

Our mail system was changed on Monday, Nov. 1. Hereafter our mail will be all from the north. As the Durham and Chatsworth route is one of the oldest stage lines in Canada, we will find the present system very inconvenient. If H. E. wishes to write Miss B. in Durham it will take several days before she will receive the letter, while by the old system she would have received it the day of mailing.—Dornoch cor. of Banner.

EDGE HILL.—A pleasant evening was spent by the scholars and teachers of Edge Hill S.S. last Friday night. Although a wet night the turnout was good, and with recitations, singing, etc. by the scholars, and refreshments in the way of candy, tea and cake, a very sociable wind up for the season was possible. The average attendance for the summer was 49, which speaks well for the earnestness of Mr. T. Banks, Supr., and his staff Mrs. W. Edge and Mrs. D. Greenwood among others.

LIME LIGHT LECTURE.—In the Town Hall on Friday, Nov. 12, at 8 p.m., Rev. Mr. Young, B.A., Hamilton, will give his famous lecture on 'The Mammoth Cave.' Admission 15 cents and 10c. To those purchasing 15c tickets before the day of lecture, reserved seats will be given. Plan of Hall may be seen at Durham Pharmacy forenoons and evenings until that time. Mr. Young comes highly recommended and the cave with its caverns, domes, pits, rivers, cataracts, etc., extending 150 miles underground will be vividly portrayed by the oxy-hydrogen Limelight Stereopticon. Proceeds will be devoted to Foreign Missions. Selections by a choir, duets, solos, etc., will give agreeable variety. See bills.

SUDDEN DEATH.—Last Saturday the grim reaper gathered in a useful life. The town was startled Sunday morning to learn that Mr. R. W. Horn, an old, well-respected citizen was no more. Up to two weeks ago he seemed good for many years of usefulness, when an attack of typhoid fever laid him low and ultimately carried him off. Mr. Horn came to the town from Hanover where he learned his trade, over 30 years ago and for many years kept shop where Grant's store is now situated. He bought the British Hotel business 9 or 10 years ago and after a brief trial and not a successful one he removed to Markdale, then to Grand Valley and for some years back has been employed at his old trade in town. He leaves a wife, 4 sons and 3 daughters to mourn his removal. His age was 59 years 6 months. The funeral services were conducted by Rev. Mr. Jansen and a large number of friends and neighbors attended the funeral on Monday.

"The Mammoth Cave" in the Town Hall to-morrow night. Try our Horse and Cattle-Food or Excelsior Condition Powders, MacFarlane & Co.

FOR SALE.—A set of second hand buggy harness in good condition. Apply at this office.

PUBLIC LIBRARY.—A meeting of the Book Committee is hereby announced for Saturday evening at 8 p.m.

CHEAP MONEY.—I have \$100,000 of private funds to loan on farm property at 5 per cent interest. Expenses low.—J. P. TELFORD.

The time for renewals is at hand. We trust our friends will remember this early and push in their names before the crush. If your neighbor is not a reader get him to subscribe.

POULTRY AND PET STOCK ASSOCIATION.—A meeting of this Association was held Friday night last when the organization was completed. The next meeting will be on Monday 15th at 8 p.m., in Public Library Building, and all interested in the success of this useful institution are cordially invited to be present.

HONOR TO HARDY.—At the late Liberal Convention, on motion of Mr. Win. Irvine Bentinck, the following resolution was unanimously carried:—"That this Association approves of the wise, prudent and business methods pursued by the Government of this Province as led by Hon. Mr. Hardy, and pledge ourselves to use all legitimate means to elect the nominee of this Convention, as a supporter of that Government at the coming election."

The Chatsworth-Durham mail service was changed on Monday. By the present system a daily mail will arrive here from Dornoch and Williamsford at 11:30 and will leave Chatsworth for the south after the arrival of the noon train on the C.P.R. Mail from Chatsworth for Durham will go by train to Flesherton, from which place it will be carried by stage to Durham. Postmaster McIntosh of Dornoch is at present carrying the mail between Dornoch and Chatsworth.—Banner.

CATARH MEANS DANGER, because if unchecked it may lead directly to consumption. Catarh is caused by impure blood. This fact is fully established. Therefore it is useless to try to cure catarrh by outward applications or inhalants. The true way to cure catarrh is to purify the blood. Hood's Sarsaparilla, the great blood purifier, cures catarrh by its power to drive out all impurities from the blood. Thousands of people testify that they have been perfectly and permanently cured of catarrh by Hood's Sarsaparilla.

The Americans seem to excel at everything they undertake so as to say each and every important thing they have is the greatest on earth. They admit however, that Canada has the best weekly newspaper on the continent in the Family Herald and Weekly Star of Montreal. Americans have tried over and over again to produce such a paper for a dollar, but have failed. The Family Herald and Weekly Star of Montreal has the proud distinction of being quoted by editors, and the best editors, all over the continent. There is no doubt about the supremacy of the Family Herald and Weekly Star. Its rise and progress is a matter for honest pride.

American and Canadian Coal Oil and Lamp Goods of all kinds at MacFarlane's.

A good story, illustrative of the ignorance which exists in ordinary well-informed circles in Great Britain respecting Canada, is told by a gentleman who has recently returned from the old land. Major J. B. McLean, President of the Canadian Press Association, who has been in the old country for some months on a business trip, is well known as an enthusiastic Canadian, who has unbounded confidence in the future of our Dominion and in its magnificent natural resources. He has taken advantage of every opportunity afforded him at all times and under all circumstances to impress upon those with whom he has come in contact the wealth of Canadian resources and the greatness of our opportunities. To this end he has armed himself with an immense stack of blue books and statistics of every kind relating to Canada. Upon a recent occasion at a dinner party, at which a large number of wealthy business men were present, the gallant major in an eloquent address had presented a glowing picture of the immense business done in the Dominion and sat down amid loud applause. A distinguished merchant who sat on his right turned to him, and after congratulating him upon the patriotism which characterized the address, expressed his marvel at the transaction of such a volume of business under such difficult conditions as Canadians had to labor under. Major Maclean inquired what difficulties his friend alluded to, and was staggered by the reply: "I understand that owing to the severity of the climate nearly all the business has to be done in about two months of the year." As soon as the major could recover himself he told of having sailed his canoe on Toronto Bay on New Year's Day, of picnics in High Park on Christmas Day, and of other outdoor recreations which Canadians love to indulge in during the winter months.—Globe.

PROPERTY CHANGES.—Mr. Jacob Kress has disposed of his residence on the Post Office St., to Mr. Arch. Little, who takes possession in a week or two.

TURKEYS.—On Friday of next week 31 Turkeys and some fancy bred Houdans and Wyandottes will be shot for at Geo. A. Watson's, Fairwell Corners, North Egremont. For conditions see bills or call at REVIEW Office.

PROMPT AND SATISFACTORY SHIPMENT.—The McKechnie Creamery kept making up to noon of Tuesday Nov. 2, and that same evening the balance of butter on hand, including that day's make, was on its way to the British market. It bore the brand The Golden Spray Made in Canada

The buyer was C. W. Riley, of Ingersoll and the price realized was very satisfactory. Some creameries are having trouble disposing of their fall make owing to turnip butter. The vigilance exercised by the McKechnie firm and their drawers in this respect, though stopping a few patrons we understand, has enabled them to keep a satisfactory product to the end.

"ONLY THE BEST" should be your motto when you need a medicine. Do not be induced to take any substitute when you call for Hood's Sarsaparilla. Experience has proved it to be the best. It is an honest medicine, possessing actual and unequalled merit. Be wise and profit by the experience of other people. Hood's Pills are the favorite family cathartic, easy to take, easy to operate.

THE CONSERVATIVE CONVENTION of last week was not largely attended but was representative in character. No action as to bringing out a candidate was taken and no date was named for a future convention; at least not that we have heard. Mr. A. Schenk, of Normanby, was on hand, and it is said is making a bold push for the representative position one of his chief pushers being Mr. Weinert, of Neustadt. Then again the friends of Mr. Brigham are neither few nor backward, though it is not certain this gentleman will allow his name to go in nomination. Warden Allan too has friends who think his long and successful experience entitles him to go a step higher and for a fighter they need seek no further. Over-shadowing all these and another dark horse is Dr. Jamieson to whom many of the Conservative party still look up as the Moses who is to lead them out of the wilderness. Of course it is just possible, if the Patron nominee of December Fairday is "persona grata" they may again join forces with the hope of another "famous victory" like unto that of '91.

SUNDAY SCHOOL CLOSING.—The Hutton Hill Union Sunday School which has been held in the school house in the summer months for the last seven years was closed last Sunday for the season. The average attendance for the season was 50. Mr. T. Milligan has been again superintendent for 1897. The Bible Classes were looked after by Mr. Wm. Ritchie and Mrs. T. Hutton. The intermediate classes by Miss K. Campbell, Miss C. Hutton and Mr. L. Hutton. The infant class by Mrs. G. Hopkins and Miss M. Hopkins. On the Friday evening following the close of the school, a Tea was given to the scholars, a large number of whom were present as well as a number of their parents. Tea being over, Mr. Wm. Ritchie was voted into the chair, when a programme consisting of speeches, recitations and singing was placed in his hands. After the local talent were through the chairman introduced the Rev. Mr. Jansen, the only minister who favored the meeting with his presence. He chose for his subject "fish" the best kind and the best kind of fish, viz "Selfish and Unselfish" and explained to those present the vast difference between the nature of people who are selfish and those who are unselfish and gave illustrations to prove his points. About ten o'clock all went home well pleased with the evening's entertainment.
