Durham, Thur. Nov. 25th, '97.

LOCAL AND GENERAL

Port Elgin is having a new electric light system.
Twenty five Ontario Cheese factories are putting in butter plants this fall.

Mr. Jas. Firth, jr., Edge Hill, lost a valuable mare the other day by dis-temper.

The Epworth League holds its social evening Monday next. Everybody welcome.

FOR SALE.—A set of second hand buggy harness in good condition. Apply at this office.

CHEAP MONEY.—I have \$100,000 of private funds to loan on farm property at 5 per cent interest. Expenses low.—J. P. TELFORD.

The diseases cured by Hood's Sarsaparilla are many, because most ailments disappear as soon as the blood is enriched and purified by it.

A meeting of all the members of the Public Library are respectfully called for Friday evening, at 8 p. m. for the sale of Magazines, etc., for the year 1898.

DURHAM GRAIN MARKET.—Mr. A. S. Hunter is having the big Dalglish granary put in repair to accommodate the big grain traffic he is receiving. Farmers are turning their teams Durham-wards and finding it pays too.

The picture being presented to subscribers of the Family Herald and Weekly Star, of Montreal, is creating a surprise, a sensation and a rush. We hear that the demand for the picture eclipses all popular demonstrations of the kind in this country.

NOTICE.—All persons who are owing me overdue accounts and notes are requested to call and settle them before the 15th Dec. '97. I trust this notice will be sufficient without resorting to other means as I would not make it unless I needed the money.—C. L. GRANT.

By resolution passed in Oct. meeting of Council, Collector Carson was instructed to have all Taxes collected and Roll returned by Dec. 15th. Mr. Carson will begin to seize and collect according to law, all taxes not paid by 1st Dec. Ratepayers take notice and guard yourselves accordingly.

To CATTLE OWNERS.—Have you thought of having your cattle dehorned? Those who have had it done speak very highly of the advantages. Mr. Gokey the new Vet. Surgeon in Durham will be pleased to give you any information regarding the operation. Office over McFarlane's Drug Store, Lower Town.

TUBERCULOSIS.—Next week we shall give an account of this disease so detrimental to our cattle trade with Europe, as well as injurious to ourselves. It is in the form of a letter from the pen of Mr. F. W. Gokey, V.S., of this town, who was lately asst. to the Prof. of Veterinary Science at the O.A.C., Guelph.

POULTRY.—The Poultry Association in town now numbers over 50 members and still growing. Quite a number from Palmerston and other places have joined. The County Council, afraid of a precedent we believe, have denied the grant of \$50 they gave to O. Sound, but at the January session they must be again gently reminded of fair play.

INNOCENT MAN HANGED.—As a sequel to the lynching we noticed last week in Dakota comes a statement by the Chief Justice of the Supreme Court that documentary evidence in his possession shows Caudot to have been an innocent man. The other two were self confessed. What a chain of death! The leaders of the lynchers may yet suffer too. It will be remembered there were six killed, Thos. Spicer, (whose parents still live in Egmont), his wife, his mother-in-law Mrs. Waldron, his daughter Mrs. Rouse and her two twin boys, representatives of four generations.

SCHOOL ENTERTAINMENT.—On Wednesday afternoon last School Section No. 1, Glenelg, held a jubilee of their own. For some time the children, under the superintendance of Mr. W. L. Dixon, had been trained in music and education, and the rendition of the program showed me how successful had been the efforts of both teacher and scholars. Quite a number of the older people of the section were present, and expressed their satisfaction with the manner the children preformed their parts. For two hours the children read, recited and sang their school songs in chorus without any hesitation or nervousness which often overcomes their elders, and at the close Mr. C. Firth, the senior trustee presented the certificates to the successful candidates at the entrance examinations of last June. The visitors were then called upon and brief address were given by Messrs. Thos. McComb, A. C. Peaton, J. McGilivray, G. Binnie and the trustees. Miss Kate Dixon and Mr. John Grey were each called upon for a song, and sang to the delight of those present. The proceedings were brought to a close by singing "God Save Our Queen."

THANKSGIVING RE-UNION.—A service will be held in the Presbyterian Church, Thursday at 4:30 p.m. At the close the W.F.M.S. will provide a tea and a sociable time will be spent.

Mt. Forest Sons of Scotland will celebrate St. Andrew's Day by a grand concert next Tuesday evening. Piper Thain and some musical stars are advertised. Admission 25c and 35c. We have to thank the management for press favors.

SAW MILL IN ASHES.—Wilson's Mill, Louise, went up in smoke Sunday morning last. The mill was valued at \$3000 and stock destroyed about \$1000. Insured for \$2000 in the Perth Mutual. The engines and boiler may probably be used yet. The cause it is thought was accidental. The proprietors intend to rebuild right away we have heard.

BETTER THAN KLONDIKE GOLD is health and strength gained by taking Hood's Sarsaparilla, the great blood purifier. It fortifies the whole system and gives you such strength that nervous troubles cease, and work which seemed wearing and laborious, becomes easy and is cheerfully performed. It has done this for others, it will for you.

Hood's Pills are the best family cathartic and liver tonic. Gentle, reliable, sure.

CHATHAM STAGE RESTORED.—Greatly to the delight of a large number in Rocky Saugeen, Dornoch and places near, the new arrangement of mail carrying is to be done away with in a short time and the old system restored. It has been found no doubt that the saving was considerable. Mr. McFarlane's well known "any one going north" last Monday morning, sounded quite pleasantly across the way. Now with Merritt restored, everybody would be happy.

The Johnston brothers of South Bentinck, have just finished threshing for the farmers on the Garafra Road, north of town. They were introduced by Mr. Jim Watson and the neighbors feel grateful to him for the good work they have done, as they never had a machine or men that gave such excellent satisfaction. Their new engine worked like a charm. As the roads were bad on Saturday, Mr. Watson and Mr. Wm. Vassie, jr., took their teams and doubled them as far as Allan Park, where they have six week's work yet.

W.F.M.S. LECTURE.—Seldom is a Durham audience had such a treat in the way of a lecture as that delivered by Miss (Dr.) McKellar in the Presbyterian Church last Wednesday night. The lecture was brimful of interesting matter, and when this was told by a clear, attractive talker, animated without being in the least sensational, its interest was greatly added to. Miss McKellar came home from India last spring by way of the Pacific Ocean, and is spending a part of her furlough in a way for which she is entirely fitted. By the aid of a map a clear idea of the geographical situation was obtained, and graphic description supplied the rest. The blackest picture of the famine and the plague was not overdrawn and she read Amos 6, as almost literally describing India during the past 10 months. She scored the British Government for the sins of the opium traffic, maintained to provide a revenue whereas if wheat growing had been followed more would have been saved this year than the opium revenue comes to. The missionaries have adopted hundreds of children in the extremity and these may yet be the blessing that comes from the calamity. The worship of the Hindoos was shown to be most degrading: to kill a cow or a monkey being a greater crime than to kill a woman; to die on a mud floor beside the cows was the pious aim of a true Hindoo, to die on a bed being a disgrace. The 8000 Brahmin priests, the dirty sacred cities, the holy rivers and horrid rites were all described, and sufferings, even yet, of 25,000,000 widows half of them under 12 yrs., formed a harrowing tale; 40,000,000 women in zenanas who never see a flower or a green thing and the practice of polygamy are other instances of the degradation of women which curses India. What a force is caste! The missionaries may educate the children but, when they give them candy a Brahmin must be used to buy it and give it to them! Even in the hospitals death would be chosen rather than break the caste. Amongst the difficulties they had was the presence of soldiers whose goddess lives told against their work. 50,000,000 Mahomedans in India, extremely touchy to Gt. Britain, conceded beyond measure, totally unprogressive. Only 1 1/2 millions of Christians to stand against these hosts. She closed by a most pathetic and effective appeal to women in happier lands to spend and be spent more in the interests of their Master whose command to preach the gospel to all was of equal force with the command to "do this in remembrance of me." Many forcible appeals were summed up into two quotations which she emphasized: "The light that shines farthest shines brightest at home" and "in this consecration verse: "I will go where you want me to go Over mountains and stream, and sea I will say what you want me to say I will be what you want me to be."

Mr. Allan occupied the chair, the choir gave some nice selections and a free collection amounted to \$9.28.

County Commissioner, Geo. Watson, Proton, was in town this week.

Mr. A. S. Hunter was laid up last week with a severe attack of lumbago.

Thanksgiving Thanks to those who so kindly read our request last week and acted thereon.

We regret that owing to our columns being unavoidably crowded some of our correspondence must be held over.

Mr. D. McNicol, M.P.P. was in town Saturday, and gave the REVIEW a call.

Miss Anderson, Scotch Town, and Miss Morrison of the same place, visited friends in town last Saturday.

Mr. and Mrs. Neil McKechnie are spending Thanksgiving Day at her father's Mr. Jack, of Traverston.

A large number of farmers from round about Durham are in delivering their pigs to-day. Mr. Brunt is the buyer. He is paying \$3.75 to \$4.

Mrs. and Miss McArthur, Priceville, came over Wednesday, to see Miss (Dr.) McKellar, who is a cousin, and were guests of Mrs. R. Middaugh while in town.

Mrs. Geo. Meikle and Mr. Duncan Livingston left for Bruce Township last Thursday, to attend the funeral of Mrs. Meikle's father, Mr. Donald McKinnon, a former resident of Bentinck. He was well over the allotted span.

Dr. Edward S. Lauder, of 176 Euclid Avenue, Cleveland, came home last Saturday to spend his Thanksgiving Holidays among friends in town. He is succeeding well in this thriving American city and his practice which is wholly limited to ocellist work, is increasing satisfactorily. Dr. R. A. Smith has a prosperous general practice about 20 miles to the south of his old friend, and no doubt the two college chums are frequently together. We were pleased to have a call from Dr. Lauder and to note the success of two worthy Durhamsites.

VICKERS CHURCH RE-OPENING.—The Methodist body of this place determined to have their church renovated and during the past few months the work has been completed. Now, with brick veneering outside and new seats, papering, etc., inside, a creditable and respectable place of worship is found. The improvements have cost about \$400 and the membership, though few in number, are to be congratulated. A special feeling of gratitude exists towards Mr. H. H. Miller who took a brick in the structure to the extent of \$50. Last Sunday Rev. Mr. Charlton, Hanover, preached morning and afternoon, Rev. Mr. Little, Dornoch, in the evening to large and sympathetic congregations and on Monday evening in a pelted snowstorm, a churchful assembled for an evening's entertainment. The Durham Methodist Choir, the 'best north of Toronto,' were on hand, gave excellent music and got many compliments. Mr. H. H. Miller made a model chairman and complimented the people in his opening remarks for the success they had achieved, and on putting the first fruits of a prosperous season into their house of worship. Messrs. Jones and Galbraith gave pleasing instrumental selections, Miss Large at the organ and Mr. Jones violin made a fine combination. Mr. Vickers and his daughter Mrs. R. Smith, violin and organ, delighted the audience. Mr. John Milligan gave the fine song 'The Grave of Bonaparte.' Mr. F. Livingstone gave a solo and one of Durham's sweet-voiced damsels, Miss Jessie Laidlaw, sang a pretty pathetic song. Of Rev. gentlemen there was no lack. Mr. Charlton on 'Development of Character,' Mr. McGregor on the value of persistence in all good works, especially in Christian Giving, each made eloquent addresses. Mr. Jansen made some excellent points in a humorous half hour, the chairman admitting he never knew till then the full force of the proverb, 'that beats the Dutch' Mr. Humbyrey, Priceville, and of course Mr. Kitching also spoke, but briefly. Other speakers were Mr. Brigham and Messrs Irwin and Ramage of the Durham papers. But who shall tell of the flow of wit made by Dutch, Irish English and Scotch enthusiasts? Of Tory blowing or Grit boasting? Of those who were in there right, for the treat they've missed. When the finances were summed up it was found that free offerings, collections, etc., had only left a debt of \$40 on the church, and Mr. Miller with a tactful persistence succeeded in raising the amount from the audience before going home, and this delightful result was greeted with applause.

REPORT.

Report of Annual Meeting of the Saugeen Presbyterial W.F.M.S.

[The 16th Annual Meeting of the W.F.M.S. was held in Knox Church, Harrison, on a recent date and we have been asked to give this account of it, not furnished at the time. Ed.]

The meeting of the executive was called at 10:30 a.m. with a large attendance. The meeting opened by singing the 100 Psalm, after which Miss Wilson of Harrison, read a portion of scripture, prayer was then offered by Mrs. Young of Clifford.

The minutes of last meeting which was held in Durham were then read by the Secretary, Mrs. Bowie, giving a very full and interesting account of all the proceedings.

The following officers for the ensuing year were then appointed:—President, Mrs. Morrison, Cedarville; 1st Vice-Pres., Mrs. Edmondson, Rothsay; 2nd Vice-Pres., Mrs. (Dr.) McKenzie, Mt. Forest;
