FROM FAR DAKOTA.—Mr. John Cam-

Mr. Malcolm Cameron, Bentinck's home  
for a few months' stay round the old  
home. 11 years ago Mr. Cameron went  
to the West, a backward country at  
that time, but by the efforts of just such  
men as he a prosperous community is  
growing up, and a prosperous town re-  
sults the country's progress. 1897 was  
a year of good crops and fair prices with  
them.

Here is what Peter Cooper, who died  
worth many millions, said of a news-  
paper: "In all the towns where a news-  
paper is published every man should advertise  
in it if nothing more than a card stating  
his name and the business he is in. It  
does not only pay the advertiser, but it  
lets people at a distance know the town  
in which you reside is a prosperous  
community of business men. The  
seed is sown so the seed recompenses.  
Never pull down your sign while you  
expect to do business."

POSTAL CHANGE.—Canada is going  
to adopt the postal note system in vogue  
in the United Kingdom. Post-master-  
general Mulock has been studying  
the question for months and is now  
considering the details with a view of  
bringing the system into operation on  
July 1, 1898. Paper notes, about the  
size of a bank bill, will be printed on  
thin linen paper of the following de-  
nominations: 20, 25, 30, 40, 50, 70, 80  
and 90 cents, \$1, \$1.50, \$2, \$2.50, \$3, \$4,  
and \$5. The cost of obtaining these  
notes will be one cent up to 40 cents,  
two cents between that figure and \$2.50,  
and three cents each for all above that.  
These postal notes will replace the post-  
office money orders for the post. The  
present money order system will be  
continued, however, with some im-  
provements for the transmission of  
sums up to \$1,000. These postal notes  
will serve a great public convenience,  
and moving away with the payment of  
doing away with the postal stamps, the postal  
accounts being payable at any money order  
office without the identification of the  
payee or any condition other than the  
presentation of the note.

"ONLY THE BEST" should be your  
motto when you need a medicine. Do  
not be induced to take any substitute  
when you call for Hood's Sarsaparilla.  
Experience has proved it to be the best.  
It is an honest medicine, possessing  
actual and unequalled merit. Be wise  
and profit by the experience of other  
people.

FATAL DISASTER IN LONDON.  
22 LIVES LOST.

On Monday night last a vast crowd  
was packed in the city hall listening to  
speeches on the days elections and after  
a round of applause, accompanied no  
doubt by the bad practice of feet stamp-  
ing, a portion of the floor gave way  
precipitating hundreds to the floor be-  
low, many of whom were pinned under  
a heavy safe which stood on the  
upper floor.

The accounts are heartrending, and  
even then no doubt fail to picture ad-  
equately the situation. Twenty-two  
are dead, and three times as many more  
or less severely injured, some of whom  
will die. Every doctor in the city was  
at once on the scene.

The disaster should cause an examina-  
tion of every upstairs public Hall.  
Meanwhile all hearts are touched at  
the terrible blow.
