It is a long time to look back over twenty years of life, but when the mile posts have been marked by the pains and aches of Lumbago, it renders the retrospect far from being a pleasant one. Such was the experience of Mr. James

Muir, Night Baggage Master, G.T.R., He made a sworn declaration to the effect that for over 20 years he was

afflicted with Lumbago, and at times was so severely afflicted he could not walk. For about ten years he could not stand straight for a longer period then about fifteen minutes, when he would be compelled to stoop forward in order to relieve himself. He took nine bottles of Kootenay Cure and they have cured him to stay cured. He says :-"I told Mr. Ryckman if I felt no pains
