COLD STORAGE.—The McKechnie firm of this town with commendable enterprise are erecting a cold storage building in connection with their Creamery and in line with the system of cold storage the Dominion government is putting into successful operation. Plans are being supplied by government, and these the firm have made a guide, in a few points making improvements thereon, where such are apparent. This will enable them to keep the product when an adverse market would affect a forced sale, and in this way better results will be realized, which will tell in the interests of the farmer as well as the manufacturer.

How THEY STAND.—The government are still leading by 5 or 6, but changes may yet occur in the recounts. W. Elgin came out a tie and McNish will be elected.

Mrs. Alex. Smith.—This estimable lady died in Guelph Hospital on Sunday last whither she had gone to undergo an operation. Her husband was with her and had the melancholy satisfaction of being with her in her last hours. Mrs. Smith was a daughter of the late Mr. and Mrs. Backus, Townline Normanby and Bentinck. Mr. John Backus and Mrs. Edward Fee being a brother and sister. To the husband and son whose devotion in her last illness was very marked, the sympathy of the community will go out, and in this the Review warmly joins.

The Globe prints with a great deal of pleasure the following letter from Mr. J. D. Morgan, the plucky and able candidate of the Liberals in South Grey:—"It is being stated that on account of my being a Roman Catholic the Reformers of South Grey went back on me. This is not so. Dr. Jamieson, the Conservative candidate, is very popular and for personal reasons may have got some Reform votes. In Dundalk, my home, there is a Conservative majority of about 30. I was only beaten by 15. I wish to say I had the hearty support of the Liberals in this riding. Mr. McNichol, the Patron candidate, stated he was sure of election, and a number of our friends favorable to the Reform Government voted for him, as he always posed as a Reformer. Mr. McNichol staying in the field caused my defeat. I am a Liberal, and in future, as in the past, will work heartily for the Government that has given us legislation of which every Canadian should be proud."

DISTRESSING ACCIDENT.—In South Egremont. Our ever vigilant Robb correspondent sends us the following item which was too late for his budget. This is a species of accident we have sometimes wondered was not more common: "Last Saturday afternoon as Willie, son of W. H. Wallace of the 8th con, was cutting feed in his father's barn, he in some way got his hand into the machine, cutting it off as far as the thumb. Dr. Jones and McPhaden of Mt. Forest were immediately called and found it necessary to amputate it at the wrist. Although very weak from loss of blood, he is progressing favorably. Though the machine is of the latest improved kind with reverse lever, he was in such a position that he could not use it and had not his brother who was present reversed the machine the whole arm might have been drawn in. It was driven by windmill.

FATAL CUT.—Saturday night last Thos. McDonald and his daughter Mamie were drowned in the same ditch between Toronto Island and the mainland where several little children lost their lives last summer. The current keeps the "cut" open in winter, and the McDonald's use an old scow to cross. On this fatal occasion, McDonald, his wife, daughter and brother were crossing, and when in the middle of the cut the scow was swung under the ice, it tipped and all four were thrown into the water. The brother saved the wife but the father and daughter clung helplessly to the ice, the daughter calling "Don't cry Mamma, we'll be there in a minute." The frenzied pair on shore tried in vain to save them and they were sucked under the ice, and their bodies were subsequently recovered with life extinct.

An OWEN SOUND BOY named Pileher was on the ill fated Maine when it was blown up. He was among the injured and got his nurse in a Key West Hospital to write to his anxious parents in Owen Sound, a very graphic letter. Here is a paragraph taken from the O. S. Sun. "To tell you a little of the circumstances connected with the accident I will commence with my doings immediately before the ship was blown up. I was on watch in the starboard gangway and about to fall to sleep, lying on the bare deck, when suddenly I found myself going up into the air, turning round and round, never losing consciousness and finally alighting in the water. I swam at once to the wreck of my ship, which distance I judge to have been about 100 yards. The ship was then sinking and presently a spanish cutter came along and picked me with a number of others into their boat.

I thought at the time that I had not been hurt, but when once on board of the Spaniard I felt my weakness and found that I was unable to walk. I was taken to a hospital in Havana, where my legs from the knee down and both my arms from above the elbow were bandaged up. The wounds I received were burns, received probably through the ignited powder at the time of the explosion. In Havana I remained until Friday morning last when with nine others I was taken to the American lighthouse tender Mangrove, which ship brought us safely to Key West, where I am now in the hospital at the barracks. There are thirty-one of us here. I will most likely be cured in a short time, and although my injuries are somewhat painful, they are not dangerous and my life is assured. Your affectionate son Charlie.

REMOVING MAGAZINES.—Librarian Gorsline has called the attention of the Public Library Board to the fact that magazines are being removed from the building, no doubt by devoted readers. As these magazines have all been sold second hand, it is hoped this notice will be a reminder to replace the magazines on the table that complete volumes may be secured. A lot of new books about to be issued just now.

DREADED WORK.—"I was troubled with a tired and worn out feeling, and dreaded to attempt any work. A friend advised me to get a bottle of Hood's Sarsaparilla. I did so and after taking the medicine a short time felt better. That tired feeling left me and I am now able to sleep well." C. C. Pitman, Hermitage, California.

Hood's Pills are easy to take, easy to operate. Cure indigestion, headache.

EN ROUTE FOR DAKOTA.—Mr. Jno. Cameron, who has spent the last few months among friends in Bentinck and Glenelg, left Tuesday morning for his western home. A pleasant trip and a happy reunion is the wish of the Review.

The meetings from night to night being at 8 o'clock, the subject announced for Thursday night is "Forgiveness and Know it." For Friday night "Mysteries in the Bible." On Sunday morning Mr. Mitchell will (D. V.) preach in the Methodist Church and in the evening a closing joint service will be held in the Presbyterian Church.

A SAD CASE.—Five little children named Campbell, the blossoms of a home near Traverton, left this morning for St. Joseph's Home, Hamilton, their mother having become mentally incapable.

L. O. FORESTERS' CONCERT.—A full house greeted the display of talent brought together by this body Tuesday night. Miss Richardson our own county Star, now of provincial fame, received a warm reception. She has a grasp of sentiment from grave to gay possessed by few. Her interpretation of Shakespeare in Queen Catherine's Defence was excellent in its way, but the touch of genius in the slave boy of the Seville painter was, we considered her best effort, though the glimpse of human nature that compelled the removal of "The Obstructive Hat" was well brought out. Miss Richardson in presence and manner is not excelled by any artiste we have seen. The Johnston orchestra, though deprived of the help of Misses Lizzie and Jessie is still an attractive feature whomever they perform, and Miss Jean Kenwick, Drumore's sweet singing wild bird has more than maintained the reputation she acquired some months ago here. "The Auld House" with his beautiful floral setting rendered in good doric was loudly encored. Miss Black, Miss Meredith, Mr. J. A. Hunter and Mr. A. Galbraith, all received flattering receptions and responded to encores very generously. The latter is no longer his own master at concerts here, for he has so captured the humor of his audiences that they must be gratified, even at the expense of a jump from grave Cardinal Wolsey to the famous Tim Toolan, and they would even like "Yum Yum" thrown in. Misses Vollet, Black and Agnes Kenwick, and Prof. Peel were accompanists. The proceeds we learn were very satisfactory, and Inspector Campbell on behalf of the Society said "thank you" very nicely.
