A Forced Sale in Wall-Paper

Our spring stock of Wall-Paper is now coming in and we find we have not room in our racks for it. We are therefore forced to clear balance on hand—put it at a price that will make it go—in many patterns we have just enough for one or two rooms. First come, first choice. If you don't need it now it will pay you to buy and keep for future use.

G. T. R. TICKET AGENCY.—Mr. Jas. R. Gair is prepared to issue tickets by G. T. R. east or west, at very low rates. Rates to the coast are exceptionally low. Give him a call, at the Durham Pharmacy.

Volume II. of the "Historical Publications relating to Canada" was received at the Public Library this week, a complimentary addition to the well stocked shelves, from the Education Department.

DOG POISONING.—Mr. John Robertson's fine collie dog died Tuesday in a manner to suspect poisoning. We would faint hope that we have not amongst us, the most contemptible of characters, the dog poisoner.

A home boy took a horse belonging to Sandy McGregor of Egremont, and was offering it for sale. Bob Pettigrew a local detective in the vicinity of Varny shadowed the young thief and had him captured and returned.—Advance.

The next entrance examination begins on June 28th, at 8:45 a. m., and continues three days. The revised regulations do not call for the presentation of book work in writing, drawing, etc., at either the High School entrance or Public School leaving examinations.

S. S. No. 9.—Mr. Jones had a gramophone concert in this section on Friday night last. A full house listened with delight to the entertainment. The proceeds go towards aesthetic school furnishings. Miss Large is being pressed to give another of her unique concerts.

A certain editor, in describing the belle of the ball, concluded by saying: "And her dainty feet were incased in shoes that resembled fairy boots." But he was horror-stricken the next morning on glancing down the columns of his paper to see that his blundering printer had set it up in this manner: "And her dirty feet were encased in shoes that resembled ferry boats."

There are a number of Mr. Forest policy holders in the Mutual Reserve Association, which is attracting public attention just now on account of the seemingly exorbitant increase in its premiums. A Harrison man is reported to have a \$10,000 policy with one in Durham is interested to the extent of \$5,000. A deputation recently waited upon the Minister of Finance and asked the Dominion government to interfere.—Confederate.

HEALTH WAS POOR.
"My boy was in poor health for several years and did not seem to get any better. I saw an advertisement of Hood's Sarsaparilla and thought I would try it. He has taken a few bottles, and his appetite is now good and he seems to have new life." Mrs. L. Hyman, Campbell, California.

Hood's Pills are the only pills to take with Hood's Sarsaparilla. Cure all liver ills.

LITERARY & TEMPERANCE SOCIETY.—A meeting was held in the Methodist Church on Monday night, to take steps looking to the formation of a young people's Society on the above lines. Rev. Mr. Ferguson was in the chair and after discussion a Committee was formed consisting of Messrs. Allan, Jones, Campbell, Irwin, Ramage and Misses Culbertson, Smith and Orchard. This committee is to draft a constitution and report to another meeting to be held on Monday next 28th in the Methodist Church at 8:20 p. m. To this meeting young men and women are especially invited but parents and all desirous of promoting proper formative habits in the young are also earnestly requested to attend and by their presence and advice aid in this good object.

INDUCTION AND SOIREE.—The Priceville Presbyterian Congregation will have a red-letter-day in their career on Thursday of next week, the 31st inst., the occasion being the filling of the vacancy caused by the death of the Rev. D. McLeod. They have not chosen his successor hurriedly but they believe they have chosen well in deciding for their pastor on Rev. J. A. McPherson, B. D. A deputation from the Presbytery, Revs. McRobbie, Harrison and Thorne, will conduct the induction services. Revs. Campbell, Dromore and Humphrey, Priceville; will also be present. Afternoon services begin at 1:30. Tea and Social Chat from 6 to 8, after which brief addresses will follow by the above named Rev. Gentlemen and Mr. Duncan Millan, Swinton Park; and Mr. Angus Oraid an Gaillig le Mr. Dhugall MacLellan, Baillepris. Durham Presbyterian Choir will give some of their best selections. The admission is 25c and 15c, and mar det the biddh e na chail dhuit.—Gij oit bet he Klagen als gij niet gaat.—og tnod noy fl-ti sein liw noy. Our Greek and Hebrew readers must excuse the lack of the necessary characters.

Biliousness

Is caused by torpid liver, which prevents digestion and permits food to ferment and putrify in the stomach. Then follow dizziness, headache, insomnia, nervousness, and, if not relieved, bilious fever or blood poisoning. Hood's Pills stimulate the stomach, rouse the liver, cure headache, dizziness, constipation, etc. 25 cents. Sold by all druggists. The only Pills to take with Hood's Sarsaparilla.

Hood's Pills

3 lbs fresh Dates for 10c at J. A. Hunter's.

Ramsay & Morlock are into Groceries this week, and their quotations are interesting.

America's greatest medicine is Hood's Sarsaparilla, which cures when all other preparations fail to do any good whatever.

The little nigger with the ogling eyes in J.A. Hunter's new store window is a new city form of advertising, and has caused no little amusement.

SAN JOSE SCALE.—We publish this week part of a special bulletin recently issued by the O.A.C. on this destructive pest. Orchardmen everywhere should be on the lookout.

SPEED THE PLOUGH.—Has been the farmer's motto for a week or more back. The weather has been springlike, though an occasional thunderstorm would suggest a later season. Don't put the furs past yet however.

Bargain Sale of 2 piece Boys' suits, sizes 22 to 28, now on at J. A. Hunter's. These suits were bought in a lump, and as they are all Scotch Tweed, regular \$4.50 each, they should sell readily at \$2.50. Call and see them.

Inspector Campbell has secured a Camera, not the little Kodak affair, but still a very complete portable arrangement. He intends to devote his spare moments to this hobby furnishing a mental diversion from severer labors.

AUCTION SALE.—Mr. James Watson, Normanby, has instructed Auctioneer MacKay, to sell some Milk Cows and other Stock next Tuesday 29th inst. The sale will take place on the old Robt. Watson Jr., farm, just west of Barber's Corners.

Auctioneer MacKay informs us that great prices are being realized at sales this spring. Much cows going frequently into the 40's of dollars. This speaks more confidence in the future than prudence in the present, it seems to us. But then Canada's future is gilt-edged at present.

Watchmaker Gordon has decided to move and where should he go but down town. He will open up in a new building as speedily as possible near the McKechnie store. There is some talk of putting a barbed wire fence from Alpoes blacksmith shop to McFarlane's building across the street.

If you want to get acquainted with human nature, edit a paper a while. You know nothing of the ups and downs of life until you have served in that great capacity. You may have preached, swapped horses, conducted a bank, sold goods, practised law, sawed wood, put up stove pipes and hunted potato bugs, but you need a few months' experience as an editor to complete your knowledge of the eccentricities of life.—Ex.

FAREWELL PARTY.—A large number of the young people of town assembled in the hospitable home of Mr. and Mrs. Sutherland on Tuesday evening to spend an hour or two in social amusement. A very pleasant evening was spent. Mr. Sutherland and Douglas (whose birthday it was) leave about April first for Port Arthur, whither Mrs. Sutherland and Miss Gerlie will soon follow. The removal of the Sutherland family will cause a regrettable gap in the social life of the town.

FEB. 7, 1892.—This is the date of a copy of the Durham Standard lying before us. At that far back day 36 years ago there was a "Literary and Improvement Association" in Durham, and they were inviting the public to attend a debate "Which tends most to elevate the mind, the study of the Works of Nature or of Art." Now an attempt is being made to establish such a Society in Durham Monday next, March 28, 1898, and we hope to see the Methodist church crowded with earnest workers, young and of mature years too on that occasion.

FIRE ALARM.—Last Saturday evening about 10 p. m. a chimney fire at Mr. Harris' residence assumed such a dangerous aspect that the firebell was rung, and the brigade turned out in short order and had engines and reels up the hill when it was learned the danger was over. Chief Torry and his men made a noble rush, a word as to a practice prevailing at the last few fires will not be amiss. It seems some early arrivals not belonging to the brigade, don their waterproof clothing and of course the men are "out." It may have been done thoughtlessly, but it should never occur again, as brigade men are expected to run no matter if they are in church and good clothing may be unnecessarily spoiled.

THEN, OR THEN.—From a run through an old Durham Standard, Feb. 7, 1892, we note that wheat in Durham was 55c to 60c, while in Toronto it was \$1.02 to \$1.08; Oats were 17c to 18c, in Toronto 33c to 35c. Barley 35c, and 52c in the city. A difference of 20 cents a bushel was then made between Spring and Fall wheat. Horsman Bros, Ironmongers Guelph, take a column of space and advertise as a bargain a gallon of Coal Oil, clear as water and free from smell at 50c a gal. Five and a half columns is devoted to an article by "M. F. Maury, C. Navy" championing the Southern States, who claims "Our cause is right, their bellies" and predicts they were no more likely to remain in the Union than re-annexed to Gt. Britain! The O. S. Times and the Standard are at war over the gravel Road Bill, and a scathing article closes "we should scarcely be justified in attempting to bring down our contemporary by a charge from the armory of

sober truth, for while he refuses to discern the difference between a castle and a windmill, the proper treatment would be to shake him in a blanket." This same copy contains the death notice of Mr. Arch Hunter, Jr., who died on the 6th Feb. 92. A successful Presbyterian Soiree, attended by 500 persons had just been held, and 10 lines tells the Rev. Mr. Stewart was one of the speakers. A crowded meeting of the "Church Society" had been held in the Stone School House to welcome the deputation from the Bishop. Proton Council were decreeing that all complaints must be made in writing between the hours of 10 a. m. and 3 p. m. \$4 reward is offered for the return of a purse with the assurance that "Four dollars reward for honesty is better than all the rest kept dishonestly." Normanby Council had just elected W. H. Ryan Reeve. Public sentiment was shocked at the practice of the Northern sloop, sinking ships loaded with stone in harbors (Hood's torpedoes have improved our feelings). Money is offered at 8 per cent and reckoned cheap. Home-seeds "undisturbed by civil war" are offered from Garafaxa and Holland by Alex. B. McNab, who in addition to being postmaster has a column of Agencies, while Geo. Keenwood advertised cheap furniture, but wants purchasers to "come now or never." Love sick swains bought their Licenses from S. E. Legate, Dr. Wood or Dr. Crawford attended to them in sickness and D. G. McNeill would attend to their legal wants. A. McFarlane would supply them with sleigh, wagon or plough. T. Gray would do their shoeing, while Parker and Cattle were offering Drugs, Horse Medicines, seeds, oil and lamps at prices to suit every one.

C. McARTHUR...
Upper Town.

Mr. Neil Campbell, public school inspector for South Grey, delivered a lecture lately at Ready, giving an account of his trip to Britain, France and other European countries. The lecture is said to be most interesting.—Ex.

Mr. Geo. Ferguson the B. C. Mining expert, at present visiting his brother at the Methodist parsonage, thinks Durham a very quiet place, not having seen even a dog fight since he came. Mr. F. should have been here a week earlier and then he would understand that we are at present in the reaction after a fight. Besides at the best it would be too much to expect that we could on short notice get up anything to equal the "wild and woolly West" scenes which no doubt Mr. F. has witnessed. We rise to move that this monotonous be broken by having Mr. Ferguson give us a lecture on mining, something he has done frequently with great acceptance as we happen to know.

Inspector Campbell at his last visit to our school allowed the scholars a half holiday which they took last Monday afternoon.

Mr. John Brown laird of Rob Roy who has been employed during the winter months in Proton returned home one day last week.

Mr. D. McCoskey and his two sisters left their old home last Tuesday morning, Donald leaving for B. C., and Misses Eliza and Maggie for Rochester U. S. They will all be much missed around here more especially Mac, as he was a general favorite. We wish him health, prosperity, and a safe journey into the far west.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Pile Work at Meaford Harbour, will be received until Monday, 4th day of April, 1898, inclusively, for the construction of pilework in the harbour of Meaford, Grey Co., Ontario, according to plans and specifications to be seen at the office of H. A. Gray, Esq., Engineer in charge Harbour and River Works, Ontario, Confederation Life Building, Toronto, at the office of the Postmaster at Meaford, and at the Department of Public Works, Ottawa.

Tenders will not be considered unless made on the printed form supplied and signed with the actual signatures of tenderers.

An accepted bank cheque, payable to the order of the Minister of Public Works, for seven hundred and fifty dollars (\$750) must accompany each tender. The cheque will be forfeited if the party declines the contract or fail to complete the work contracted for, and will be returned in case of nonacceptance of tender.

The Department does not bind itself to accept the lowest or any tender.

By order,
E. F. E. ROY,
Secretary.

Department of Public Works,
Ottawa, 12th March, 1898.

Newspapers inserting this advertisement without authority from the Department will not be paid for it.

The Country Newspaper.

The Toronto Weekly Sun puts it in a few words when it says: "The question is asked, why country weeklies are not sold as cheaply as those of the cities? There are many good reasons. Most city weeklies cost little for typesetting, as they are largely made up of type already used for the daily issues. When they contain original matter, it is now set by typesetting machines, one of which will set as much type in a day as five men working by hand. The old-fashioned press of the country newspaper office prints perhaps ten thousand a day, while the city paper is turned out on a cylinder press cut and folded at the rate of ten to forty thousand an hour. The city paper is able to secure a circulation running into tens of thousands while that of the country town does well to reach as many hundreds. Large circulation, too, brings large returns for advertising. In this way the cost of each copy is very small, and the city weekly can be sold for little more than the cost of the paper on which it is printed. The local press of Ontario is deserving of warm support. It maintains a high standard of news gathered, and serves as the means of exchange of local thought and opinion. Its editors are able and well informed, and their comment is probably the strongest agency in the political and intellectual life of the people. Let no one underestimate the value of his local paper."

ROB ROY.
(Crowded out last week.)

Inspector Campbell at his last visit to our school allowed the scholars a half holiday which they took last Monday afternoon.

Mr. John Brown laird of Rob Roy who has been employed during the winter months in Proton returned home one day last week.

Mr. D. McCoskey and his two sisters left their old home last Tuesday morning, Donald leaving for B. C., and Misses Eliza and Maggie for Rochester U. S. We have already got two carloads of nails in stock, purchased from the same mills as last year, so you will know the quality of our nails.

An old copper boiler No. 9 for \$2.22.
Our Coal oil is the best in the market.
