Is this not especially true with Seeds. We endeavor to do this and have procured the following particular strains recommended by Mr. Zavitz at the meeting of the Farmers' Institute last winter as having headed the list for the past number of years.

**Evans' Improved Saw-Log Mangel, Steeles' Improv. Short White Carrot, Hartleys' Bronze Top Swede.**

We have secured good, fresh, large, plump seed, so try them and compare results. We also have a complete stock of the other different varieties which have proved great favorites in this locality. Buy your Garden Seeds by the ounce, you will find it cheaper & more satisfactory. Come to us for your results in the Seed Line.

THE QUEEN, GOD BLESS HER.

Tuesday last her majesty completed her 79th year, and judging from her general health she bids fair to live 10 years more.

Never before we believe have so many people recognized the day, for not only has a widening empire celebrated the event, but we have for the first time in her life many thousands of United States citizens joining in the sentiment of love and respect to the Empress-Queen.

With a warmth increasing with the years, millions will again have sung "God Save the Queen" or used the form, becoming common, which we place at the head of this article. Future generations will appreciate, perhaps better than we do, the strength that has been added to the Empire by the many queenly and womanly and "manly" characteristics possessed by the little lady now seated on the throne. She is now since Gladstone died, the oldest parliamentarian in Britain, not one of her first parliament being alive.

Send her victorious,  
Happy and glorious,  
Long to reign over us,  
God Save the Queen.

**THE DAY IN DURHAM**

Was very quiet. It was learned with regret that Her Majesty could not be here hence, little special effort was made to celebrate. The "Flag that braved, etc." was at an early hour hoisted on top of the Review building, and soon after the British and Central Hotels flung theirs to the breeze, also loyally, stores and workshops were closed, little odd jobs attended to, some fishing done, some amateur fireworks let off, a number went picnicking to Wilder's lake, the club boys and some others went to Walkerton, and a load of over a dozen, and a number of other combinations found their way to

**HAYWARD'S FALLS.**  
Where arrangements had been made by the proprietor, Mr. W. L. Falkingham, to have a picnic near the romantic spot on his farm.

The falls are "drawing" more and more every year and those who have not seen the waters leave the peaceful glen to plunge madly through the rocky chasm ending in the long Glenrodden dam, will be amply rewarded by paying the place a visit and exploring its caves, etc.

Christy Williams first saw the Falls in 1850, and the old gentleman, looking a little slim after a serious attack of La Grip, remarked to some visitors at the picnic that he thinks the ledge has worn back about 6 feet in the 48 years.

The human interest of the day was centered in the dancing platform first, with swings, boating, rambles, chat and talk as auxiliaries. Dozens of "pairs" proved the truth of the lines, that "Even the best charms of nature improve, when we see them reflected from looks that we love."

The interest in the abundant and excellent eatables was very marked. Mr. Timmins and Miss J. McDonald dealt out from a booth the usual supplies, and the grounds were graced with a bridal party, fresh from having the knot tied. Mr and Mrs Rutherford received many congratulations.

A party from Markdale were present and fraternized with the big Durham load round a tempting spread on the green sward.

Com. Binnie, Reeve Staples and Coun. Firth were present, and a few other older heads, male and female mixed among the crowd and compared the past with the present, etc.

We may say for the information of the ladies that the tall young gentleman who removed his stovepipe hat so gracefully was Mr. — of the Review staff.

Mr. Falkingham is to be congratulated on the success of his first picnic.

**THE PLEBISCITE CONVENTION.**

The Convention held on Monday was very slimly attended, but as there were several conflicting gatherings it would be premature to say that lack of interest was the cause.

Organizer Marshall was present. Holstein took the lead among outside points in the matter of duly appointed delegates, Mr. Seaman, Mrs. Horsburg and Miss J. Doupe being present. Dr. Smith, Dornoch, Rev's Jansen, Ferguson and Kitching, and a number of other temperance workers in Durham and neighborhood were on hand, and the W. C. T. U. were well represented.

The "South Grey Prohibition Union" was formed with the following officers: Wm. Calder, President; 1st Vice Pres. J. H. Brown; 2nd Vice, Wm. Laidlaw; Sec'y, Rev. Mr. Kitching; Treas. R. McFarlane, Jr., these with the following gentlemen from each municipality form the executive: Glenelg, Wm. Young; Bentinck (except Hanover) Dr. Smith; Hanover, Dr. Tay-

lor; Egremont, Wm. Allan; Normanby, Jno. Cooper; Armesia, Mr. James; Proton, Mr. Blair; Markdale, Rev. W. Hunter, Flesheron, Dr. Christoe; Durham, Dr. Wolfe.

We shall next week give a detailed account of the work outlined.

The evening meeting in the Town Hall was better attended. Mr. John Brown was in the chair, and a combination of the choirs gave stirring and appropriate music. Mr. Marshall's address was a very able one, and elicited frequent applause. He is an eloquent speaker, has his facts well marshalled and will before the campaign is over do yeoman service for the great reform.

**TOP CLIFF.**

Intended for last week.

Mrs. F. MacKinnon, of Balsam Valley moved into Roger McEachern's house last week, we welcome Mrs. MacKinnon and hope she will enjoy her stay in the Cliff.

Mr. and Mrs. Stephens from Proton Station visited at the latter's father Mr. Eckhardt last week.

Mr. Hinks' barn was raised on Friday; it all went well except a slight accident, that happened to Mr. D. McDougall, of Armesia. We hope the young man will soon recover. After the raising in place of the usual dance, they had a prayer meeting, which was conducted by Mr. Water, from the words, "I dwell in the midst of a people of unclean lips." We hope all the coming raisings will end with such a meeting, for we think it would be more edifying than spending the night in dancing.

We would kindly tell B. V. corr. that we are not all mercenary in our designs and that we judge people by their character rather than by their worldly possessions and we would not be mendacious to either one for anything. Another thing we are friends with all, so we will love our enemies for not knowing any better.

The framers are busy at the McCaig barn, and as it is such a large building they will have to bustle.

Mr. Will McLean of Armesia is engaged with Sandy McEachern as Tom Fisher is laid up with sore eyes.

Who was seen wending his way homeward in the wee small hours of the morning?  
Who took the new rubbers and left an old pair in their place?

**EDGE HILL.**

Mr. Jos. Firth, Sr., Edge Hill visited his daughter at Berkeley last week.

Mr. and Mrs. Bell, Osprey, visited Jos. Firth, Jr., Edge Hill and other friends.

Mr. C. C. McFayden has secured an agency from a reliable Canadian firm Stone & Wellington, and is out handling bushes, fruit trees, potatoes, etc.

**SCOTCH TOWN.**

Warm weather with beautiful showers has improved the green appearance of the fields of late, and everything looks promising.

Miss Sallie Black left for Guelph a few weeks ago to remain for a time.

Mr. Alex. Martin, of Traverston spent a couple of days visiting friends in our burg this and last week.

We expect a wedding soon, as Messrs. Archie McMillan and D. McIntyre both sport new top luggies, bought from Mr. C. McKinnon, Durham.

Misses Elzora Patterson and Hazel McGreer were welcome guests with Miss Minnie McIntyre on Saturday evening and Sunday.

Misses Patterson, Stafford and Reilly all of Armesia spent Sunday week with Mr. J. G. Beaton and family.

We are pleased to state that Messrs. Jas. Beaton and D. Graham, who left this burg last March for the West were successful in getting good situations, also some more of our Glenelg boys.

Misses Minnie Patterson and Flora McGreer are spending a few days in this burg.

Miss Katie Black of Pomona spent a few weeks with her aunt Mrs. Neil Black.

Mr. John G. Beaton has his woodshed nearly completed. Mr. Allan Black the contractor finished his portion of the building, and returned to Pomona with his hand over his pocket and singing in gaelic.

Messrs. Alex. and Malcolm McMillan has finished timbering in this section and left for Bentinck last week to commence making there.

Mrs. G. K. Heartwell has been quite ill of late, but is improving at present.  
Jocky White the daily night and evening paper man, will soon be a genuine expert on the saddle.  
Miss Jessie A. Beaton spent last week in your town.  
Mr. W. H. Arrowsmith is building a new residence this summer. Mr. A. Neil has the stone work.

Miss H. Wright of Proton Station is the guest of her parents.

Mr. H. Noble, who fell from his wagon receiving a severe injury, is now able to report, recovering.

Mrs. S. Wright and son John of Proton Station visited Hanover friends, last week.

All are pleased to see Sandy on the road again.

It is an old proverb that little actions produce great results. This has been proved when we notice effects exemplified by the flight of Mr. Geo. Hopkins' team while working in the field. We understand his son Bob though a smart fellow was not a match for the horses he drove and they gained the advantage of him, taking a run for exercise around the field, while Bob ran too. Finally they were caught, but Mr. Hopkins took matters more seriously than his son, being forced to retire to a grassy couch. Bob resumed his work no worse for the exciting experience.

**LIVE STOCK MARKETS.**

**TORONTO.**
