Second hand Buggy for sale, in good repair parts new, cheap. Apply to F. Nester, blacksmith, Upper Town.

The need of a good Spring Medicine is almost universal and Hood's Sarsaparilla exactly meets this need. Be sure to get Hood's.

WIFE LEE.—The latest addition to Durham's population is a native of the "Flowery Kingdom," who has set up a "washer-washer" in town. Mr. Wah...

County Council meets in Meaford next week. Since the ice has been broken we really would like to see one session held in Durham, a place much more central than either O. Sound or Meaford.

S. S. ASSOCIATION.—The Co. of Grey Sunday School Association, will meet in the Presbyterian Church on Tuesday, 28th June. A large attendance is expected and a good programme is being prepared.

STABBING CASE.—Joseph Ford an old man of 80 got into a quarrel with a stepson named Lawrence, and in the melee drew a knife and stabbed him in the abdomen. The locality is near Orillia and the young man's life is despaired of.

STREET GRADING.—The Sawyer Company of Hamilton will be in Durham, on Friday, June 10th, with one of their road graders and will give an exhibition of its capabilities. Pathmasters especially for miles around should come out that day and see this useful machine work.

FOR SALE OR TO RENT.—That desirable, self contained house lately occupied by the Rev. Charles Cameron, 4 acres of ground attached with comfortable stable and out buildings, fine location, good water. Will be sold very reasonable. Apply at this office.

PROMOTION EXAMINATIONS.—Inspector Campbell informs us that at the request of many of the teachers these examinations have been postponed from 16th and 17th inst. to 23rd and 24th inst. This will give the average scholar a week's more schooling as he feels inclined to "bolt" as soon as exam. is over.

BROTHERLY.—Denominational amenities are always pleasing. At the Montreal conference last week Principal McVicar was present as a sort of representative of Presbyterianism, and Methodism is to be represented this week at the General Assembly by Chancellor Burwash. May there be more to follow.

NATIONAL SONGS.—The Montreal Witness is ever foremost in promoting a healthy patriotism or intellectual rivalry of some kind. It is out now with valuable prizes for a National Song Competition, and has secured the services of Lord Dufferin as the ultimate judge. Now for "gold and glory" to some of our spring poets, and more power to the Witness for its patriotic move. See last page.

DIRECTORS MEET.—Last Saturday Pres. Edge and Sec. McKenzie had with them the board of Directors of the S. Grey Agricultural Society and plans and prizes arranged for the coming fall show. The successes of the past few years when some other societies are crumbling should give the board good encouragement. Considerable discussion took place as to the arrangements made with Mr. Crawford re the Grand stand.

PETITIONS.—Our attention has been called to an overlook in last week's proofreading where we have allowed to stand a statement that part of the improvements of the British Hotel consisted of "putting up a petition or two." Now really the blunder would be unpardonable were it not that petitions in connection with a town hotel have been very much in evidence of late, and must have been weighing on our mind. Besides we don't believe it would hurt any hotel to have a petition or two put up for it, either by employer or employee, or both at frequent intervals, though, since we do not live in Thibet, we don't believe in wooden ones. Should we ever again use petition for partition we hope our contemporary will put up a petition for us.

EARLY CLOSING.—The merchants of Durham have agreed to close their places of business at 7 o'clock p. m., Saturdays excepted, until Sept. 1st, '98, to take effect Monday, June 13th '98.

EXTENSIVE FURNITURE SALE.—The furnishings of 8 Bedrooms, Dining room, Sitting rooms, Parlor, Hall, Barroom, Kitchen, etc. until lately the outfit of the British Hotel, will be offered for sale by auctioneer Carson at the old Review office on Saturday next. Sale at 1 o'clock.

RAIN.—The cry for rain has been partly appeased by a few local showers, but more is very eagerly longed for. The army worm, or whatever the slug may be, infesting bush and orchard and has been a veritable plague and is likely to leave very injurious effects behind. We give elsewhere some spraying solutions for this and other pests.

NOMINATIONS.—At Holstein on Monday next a nomination will be held to fill the vacancy in the council caused by the death of the late T. Ferguson. Whether the abundance of good men will lead to an election remains to be seen. A very general desire exists to have no election. The name of Mr. Wm. McFadden is freely mentioned for the vacancy.

SAWMILL INDUSTRY IN BENTINCK.—Today, Wednesday, Mr. Sparling is having established on the 2nd Con. of Bentinck, about 1 mile north of Aberdeen, a portable sawmill with shingle, tie, and lath fixtures included. Mr. Ben Sharp has been working at the necessary framework. Mr. D. Kinnee is to be foreman and it is expected that as stock is secured and everything in running order some 10 or 15 hands will be employed. We trust the enterprise may meet with the success it deserves and offer our congratulations.

OLD COUNTRY LETTERS.—Mr. Jno. McBeth sailed on Saturday last for Scotland where he will spend a month or two among friends near Aberdeen. He has kindly consented to give Review readers a few letters from the old land, and though he is not aiming to give such elaborate epistles as were those of Inspector Campbell's last year, his experiences will no doubt be very interesting. We heartily wish him bon voyage and a safe return. A first letter from Montreal appears this week.

WAS DOING GOOD.
"The grip left me all run down, a sufferer from kidney trouble and a severe cough. I saw a testimonial of a cure by Hood's Sarsaparilla. I began at once taking this medicine and soon found it was doing me good. I am now sound and well and cannot praise Hood's too highly. Mrs. Susan S. Morin, Amherst, California.

Hood's Pills are the only pills to take with Hood's Sarsaparilla. Easy and yet efficient.

MRS. CHAS. VOLLETT.—Last Sunday was laid to rest in the new cemetery all that was mortal of Mrs. Chas. Vollett. She has been in delicate health for a long time and a heart affection carried her off on Friday last. Deceased came to Durham over 50 years ago when her parents settled on the farm on which she died. Her sisters, Mrs. Aaron Vollett Sr., Mrs. Mountain, Sr., and a brother Mr. Douglas have all preceded her. Her husband died about 3 years ago, and their children 7 in number, 3 sons and 4 daughters were with her at the last except the youngest who is in the North West. A large concourse followed her remains to the grave. Rev. Mr. Jansen conducting the services. She was of a retiring disposition but bore a most estimable character as a neighbor and a Christian.

ROBERT SMITH.—Our obituary column to-day contains the death of an old pioneer, Mr. Robert Smith, father of Charter Smith, foundryman, of this town. He came to Philadelphia, from England in 1855 and after a brief stay there and in Urbana, Ohio, he moved to Woodstock and about one year later settled in Durham and took up his trade as joiner and cabinet-maker. He it was who did most of the woodwork on the Jackson residence in North Durham. After some time he bought the Bentinck homestead, and had the usual pioneer experience. Since 1875 he has lived retired making his residence for the most of that time with his son Charter, who with his wife has been assiduous to soothe and smooth his declining years. In politics he was a Conservative, a very intelligent man, a great reader, and his strictly temperate habits gave him a long, useful and healthy life. A striking coincidence has occurred in that he died on his birthday, June 4, at the ripe age of 88 years. His funeral takes place to-day, Tuesday, for Hampden cemetery, where his wife and son lie buried. His wife, it will be remembered met her death by an accident at Lambton St. bridge, 16 years ago.

COST OF HANSARD.—In the House last week this question was up for discussion, and Dr. Lauderkin made so able and notable a contribution to the debate that we intend next week to give considerable space to it as this week we are already crowded.

TOWN COUNCIL.—The regular meeting on Monday night was largely taken up by discussion of the new sidewalk. A desire for the new paving is springing up in other parts of the town, and when the first piece on the Town Hall side is done, the desire may grow into action.

FRATERNAL FUNERAL.—Mr. George Dickson, baker, Mt. Forest, brother of Reeve Dickson, of Egremont, was buried on Sunday last with honors by the societies of Sons of Scotland, Odd Fellows and Independent Foresters. It was a very large procession and the brethren, some from a distance were in force. Harriston, Clifford, Minto, Palmerston sent delegates. From Durham Odd Fellows went, Messrs Adam Robertson, W. L. McKenzie and M. Sutherland. Mr. C. C. McFadden was the only Son of Scotland present. Visitors were very hospitably entertained.

Mr. John Campbell who has been visiting friends here returned to Assiniboia on Wednesday of last week. He was accompanied by his eldest daughter Lizzie who had lived happily with her grand-mother, Mrs. Q. Campbell, until the death of the latter. Her relatives will sorely miss their bright and attractive niece and cousin, while her school-mates and friends share the same feelings. She is much loved by those who know her and her usefulness and cheery manner will win for her a place in other hearts. We all feel a deep interest in one who has for so many years been one of our number, and our best wishes accompany her to her new home in the far West.
Runaways are becoming common. Mr. Geo. Cuff's horses taking fright rushed wildly through the gate taking with them the gate post. Mary was thrown from the vehicle but no severe injury was received.
