Almost a MIRACLE

OTTAWA, Sept. 9th, 1896. To the Phrenoline Medicine Co., Ltd.

GENTLEMEN,-I hardly know how best to express my appreciation of your valuable rheumatic remedy, Phrenoline. My son Gordon, who is 9 years old, has been a sufferer from inflammatory rheumatism for the past two years; was so bad at times that he had to be carried about on a mattrass; was attended by two city doctors apparently without the slightest benefit; spent 10 days at Caledonia Springs, came home with no marked improvement; took three bottles of a Homeopathic remedy now being extensively advertised, which did not relieve him in the least. I was beginning to give up all hope of his recovery, when by chance I mentioned the case to a friend who strongly advised given away, comfortable dwelling, me to give Phrenoline a trial.

I did so, with the result that when my boy had taken only half a bottle he was able to get on his breycle and ride like any other boy around the block.

I certainly feel that I cannot say too much in praise of your medicine, and shall do all I can to make known its value to others. Yours very sincere (Signed) REUBEN CLAR
