

DOMINION DAY IN DURHAM.

Fine Weather and Fine Races.

The Durham Turf Club must be gratified at the success that has attended their efforts to get up a good day's racing sport.

The weather was superb, and the track excellent and it was a trifle warm, it could be alleviated in the Grand Stand or a shady spot, or by quaffing some of Whelan's cooling beverages.

There was a very fair attendance, even of the ladies, and it is rumored there were some there who "wouldn't cross the street to see a horse race."

The various contests were well sustained and were described by many as the best races they had seen, only once, perhaps, was there a feeling that it was a prearranged procession, when Baby Boy and Harry G. paced off the third heat in the 2.50 trot.

"The best time ever made on a Durham track" was the statement of a well known horseman as 2.31 1/2 was chalked on the board and this record was eclipsed in the next heat by a 2.30 mark and in the third by 2.29 1/2.

The "Free for All" had three contestants: Pacer Bell, owner, Kuhl, Elmira; Brown Richmond, J. Matheson, Chatsworth; Lisbon, H. Wilkins, O. Sound. There were four heats to decide the winner, Pacer Bell, getting one first, the other three going to Lisbon, whose third in the first heat was plainly caused by an accident to the rig. Belle got 2nd money. In the second heat after leading all the way she was beaten by only half a length. Lisbon's staying qualities were very evident in the third heat winning with a good bit of daylight behind her.

The score was: 1st 2nd 3rd 4th Pacer Bell 1 2 3 2 Br. Richmond 2 3 2 3 Lisbon 3 1 1 1

There were three entries for "2.50 Trot or Pace": Baby Boy, R. Scott, Durham; Harry G. J. Watson, Listowel; Barney O'Flynn, Dr. McCullough, Chatsworth. But as Barney was declared distanced in the first heat there was only Harry and the Baby for it. The 1st heat was a very fine one Baby coming in by a neck, and a few rods more, might have placed Baby second, but then again it mightn't since the second heat showed Baby a winner by two lengths, and was scarcely at any time at his best. The third heat was Baby's too, so Harry had to content himself with 3 seconds.

But the "Open Run" is what awakens the interest: with 7 entries there was room for sport, as they came thundering down the track after many a false start the sight was a brilliant one. Two horses objected to the fooling at the starting and expressed their objections in very different ways. Springbok thought he started all right and go he would, and his rider had just to content himself with pulling till his hands were sore, but had to accompany Springbok a few times round the track, Little Nettie had a will of her own too. The first heat starting disgusted her, and at the second she just made up her mind she wouldn't be a party to any such fooling and refused to budge, so the six went off without her. The time of three of the heats was 55 seconds.

The score was: 1 2 3 4 Nettie, McLean, Dundalk 3 Springbok, Knapp, Durham 1 2 2 2 Vrooman, Living Springs Dollie C, G. Scare, O. Sound Disturbance Jr., Coughlin, Eramosa, 1 1 1 Donald, D. Nichol, Attwood, 3 3 Dollie Varden, J. D. Scott, Mt. Forest, 2

If Springbok had given himself less quantity, he might have showed better quality. R. Scott's success was popular on the hillside.

The Judges were Messrs Runstadler, Mildmay, Knechtel, Wingham, and T. Black, Durham. Their decisions were not, as far as we could learn, disputed.

The Hanover Band, in full strength, arrived early in the day and were very generous in furnishing good and appropriate music.

From outside points there was a very fair attendance of equine lovers, and the push of Secy. Win. Black was largely instrumental in bringing them.

From Dundalk there came Messrs J. D. Morgan, Dr. McWilliams, N. Calloun, H. Lamou.

From Markdale: Dr. Shepherd, T. Tisdale, W. Boulter, H. Hill, W. Dundas, A. Sproule, J. Lamb, D. Noble, C. Pickle, J. Gibbins.

From Flesherton: Mr. and Mrs. Gibson, A. Gibson, C. Richardson, W. Barnhouse, F. Graham, J. Gibson.

Ayton and Normanby sent Messrs. Huston, Doersam, Scott, and two Miss Ringel's.

Egremont notables present were Messrs. Swanson, Jas. Allan.

The stand was generously patronized, and the booth did a Whalin' trade.

THE VOLUNTEERS HONORED.

On Their Return.

For two weeks past the Review has pointed out the graceful thing it would be to recognize the home coming of our volunteer lads by a lunch provided by the ladies.

This was done last Saturday evening. An informal committee took the matter up, a few young ladies kindly secured provisions from several housekeepers, the only difficulty being that it was impossible to call on all who would willingly have contributed.

As the town became aware of the reception much interest was around, and as train-time drew near a much larger number than usual came out.

The train was late but the crowd waited in the beautiful light of a perfect moon, and somewhere near 11.30 Conductor Lavelle's conveyance drew up at the station, and unexpectedly with the band on board too. It had been rumored they were going to Owen Sound.

Through the crowd they made their way and were lined up and marched to the Town Hall to the music of the Band. Here Lieut. Galbraith, (soon to be Captain we hear) put them through a few movements, and both movements and marching had a precision and firmness showing that the Company had profited by the 10 days drill.

The good things provided were thoroughly enjoyed, and not the least was the supply of lemonade furnished by Mr. J. A. Hunter. After refreshments were partaken of they lined up once more, Lieut. Galbraith in a neat little speech speaking proudly of No. 4 Co. which had taken a foremost place among other companies, coming within one point of the highest, so close indeed that the prize money was equally divided. He thanked the ladies heartily for their good cheer, and after three cheers for the volunteers by the crowd and three cheers for their entertainers by the volunteers, dispersion was made early on Sunday morning.

WAR IN EARNEST.

Hot Work at Santiago.

The war has taken on a distinctly new phase during the week, viz: the meeting of large bodies of troops of both sides in bloody conflict. Though having been in Cuba two weeks, it was not till last Friday that more than slight conflicts took place but on that day the bloodiest battle of the war so far was fought.

The following message from Shafter to the War Department is grave enough:

"Had a very heavy engagement today which lasted from 8 a. m. until sundown. We have carried their outworks and are now in possession of them. There is now about three-quarters of a mile of open between my lines and the enemy. By morning my troops will be entrenched and considerable augmentation of forces will be there. General Lawton's Division and General Bates' brigade, which have been engaged all day in carrying El Maney, which was accomplished at 4 p. m., will be in line and in front of Santiago during the night. I regret to say that our casualties will be above 400, of these not many killed."

Who can paint the horrors of shot and shell disasters from 8 a. m. to sundown on a hot July day in tropical Cuba? Such work as this will soon sicken both nations of the dreadful game of war.

Camara with his fleet is hovering at the Port Said end of the Suez Canal, difficulty of coaling preventing his progress through it. He had spoken for coal in the Red Sea, but had not "put up" the money, and the Americans hearing of this, came forward with the cash and secured it all.

And now a new American fleet under Admiral Watson will, it is said, chase the Camara fleet right to the Philippines if necessary.

Great is the New American Navy in its ambitions and its performances.

WELL KNOWN VIOLINIST

Traveled Extensively Throughout the Provinces - Interesting Statements Concerning His Experience.

STELLARTON, N. S. - James R. Murray, a well known violinist, of this place, who has traveled extensively throughout the Provinces, makes this statement:

"I was running down in health and my weight fell off from 175 to 150 pounds. Prescriptions did me but little good. My trouble was called nervous dyspepsia. I resorted to Hood's Sarsaparilla and after taking five bottles I was greatly benefited. I feel as well now as ever in my life, and have increased in flesh so that I now weigh 177 pounds. I am well known in this part of the country, having followed my profession, that of a violin musician for the last 26 years. I gladly tell my friends what Hood's Sarsaparilla has done for me. Before I began taking the medicine I did not have any ambition, but now all is changed and my dyspeptic trouble perfectly cured." JAMES R. MURRAY.

N. B. If you decide to take Hood's Sarsaparilla, do not be induced to buy any substitute. Be sure to get Hood's.

Hood's Pills are the only pills to take with Hood's Sarsaparilla.

SABBATH SCHOOL CONVENTION.

S. GREY WORKERS IN SESSION.

Tuesday of last week quite a number of Superintendents and teachers of Sabbath Schools in S. Grey availed themselves of the privilege of the Annual Convention of the Association.

It was held in the Pres. Church, Rev. Mr. Harrison, Dundalk, presiding. After devotional exercises Rev. Mr. Thom. Flesherton, spoke on the "Advantages Accruing from Organization," a topic which received justice in Mr. Thom's hands. Mr. T. Allan, long the successful Superintendent of Durham School aroused an interesting discussion on "Duties of a Superintendent." Mr. C. Ramage had the difficult subject of "How to interest children that do not want to be interested," and Rev. Mr. Humphrey's, Priceville, gave an interesting and useful address to Children on "Our Ship and its equipment," this was brought out graphically by a Blackboard device, which was not only an aid to memory but very suggestive and appropriate.

Rev. Mr. Harrison also addressed the children very effectively and the afternoon session came to a close every-one feeling that the exercises had been useful and interesting.

After justice had been done to the refreshments provided by the ladies of the churches and acquaintanceships made and renewed in a fine social atmosphere, the work was resumed again with the church about filled. Pres. Allan acted as Chairman, and after brief devotional exercises, Rev. Mr. Ferguson made a cordial address of welcome, which had been carefully prepared and well calculated to create and strengthen the "at home" feeling so desirable at such meetings.

Rev. Mr. Craigie spoke on the "Relation of the S. S. to Christian Missions" and said that Sunday Schools themselves were Christian Missions spreading their influence round the future members of the church. The children of the heathen had often been the means of bringing their parents to the truth.

"Encouragements to S. S. Workers" was the subject dealt with by Mr. Campbell, Drumore, and he made many good points. The S. S. worker was not paid, if he was a valuable incentive would be lost, the work was valuable because "gratuitous and spiritual." We should rejoice to have the plastic mind to deal with, few were converted in mature years. Public sentiment, prayer and the word of God were forces helping us while other sources of inspiration were the nature of the work, the fact that churches were built up, that others were blessed and ourselves stimulated.

Rev. Mr. Kitching showed "The Parents' relation to the S. S.," and pointed out how they could help by (1) Sending their Children. (2) Attending themselves occasionally. (3) Helping them at home. The illustrations and subdivisions on these topics were fine elucidations.

Rev. Mr. McGregor had the timely topic of Temperance and succeeded in putting something new into a subject worn well nigh threadbare as a theme to speak upon, though relating to a practice which it is to be hoped age will never wicker. The need of the hour was agitation, the chief agency in all great reforms. He paid high compliments to the work done by the W. C. T. U.

The choirs of the Baptist, Methodist and Presbyterian churches blended their voices for the occasion, and assisted very materially in making the meeting a success.

The usual votes of thanks closed the session, and all separated feeling that lessons had been learned that would be useful for the present and help to make future meetings a still greater success.

At Judge Morrison's court of last week the following: on Tuesday cases were disposed of. M. Barber - v - Little & Wilson - for damages, because cow bought by the understanding that she was not in calf, proved to be in calf. Damages for plaintiff \$10.

Q. Pettigrew - v - I. Hutton - Claim for damages because defendant had felled a tree across the line which lodged on a tree in plaintiff's bush and to free it two trees of plaintiff's were cut down. Pltff. claimed \$20, verdict granted \$5 and costs.

Park & Co. - v - W. Sharp - Suit to recover money which defendant claimed should have been paid out of other money's assigned to plaintiff. Verdict for defendant.

As Usual... We make no change in our usual of doing business. We have built up our business by pleasing our Customers in the bargains and qualities that we always offer, which we can afford to do owing to our established principle of buying for cash accepting discounts, and taking advantage of the markets and buying at our own prices. Spot Cash always Commands the Markets. Being satisfied with small profits we share with you the benefit of our system of "Small Profits and Quick Sales" and are pleased to know that you appreciate it.

The Gadd - v - Gadd case has to go to Owen Sound for settlement. We learn later that the judge will select a day and hear the case in Durham.

DOUBLE WEDDING. The two daughters of Archibald McLellan become wives.

A unique and pretty ceremony took place Wednesday evening, June 22 at six o'clock at 328, Calumet Ave., Detroit, when the two daughters of Mr. and Mrs. Archibald McLellan were united in marriage; Miss Kathleen McLellan to Mack Joseph Manley of New York city and Miss Alma Lauriston McLellan to Thomas Francis Stockton, a prominent young lawyer of Flint, Mich. The service was performed by Rev. Bishop Foley and was witnessed by about 150 friends and relatives. The two young couples stood beneath a large floral bell of Marguerites in the alcove of the parlor, which was garlanded with Smilax, Asparagus Vine and Marguerites.

The young brides were attired alike in handsome gowns of white brocaded silk with deep flounce trimmings of Spanish lace and pearl garnitured bodices, white tulle veils fastened with wreaths of Lillies of the Valley and Orange blossoms, and each carrying a bouquet of bridal roses.

Miss Alma McLellan was attended by Miss Ella E. Hanstein of Grosse Pointe as maid of honor, and who wore white tulle over pink. Her bridesmaids were Miss Eva Cole of Flint and Miss Margaret McDonald, who were attired respectively in white figured organdy and white tulle over blue.

Miss Eva Ricci in white organdy over pink, acted as maid of honor to Miss Kathleen McLellan, and Miss Alla Patterson of Flint and Miss Sarah Whittey, in gowns of white organdy over pink and lavender respectively, were her bridesmaids.

Mr. Stockton was waited on by his best man, Harry Bishop, Toronto, and Louis McPhee acted in the same capacity for Mr. Manley. Messrs Laurence Bishop of Toronto, Alex. McPhee, Adam Cochran and Mr. Curd fulfilled the duties of ushers. A reception from 7 until 8 o'clock followed the ceremony at which nearly 800 guests were present.

Mr. and Mrs. Manley left last evening on an eastern trip after which they will reside in New York. Mr. and Mrs. Stockton left for parts unknown, on their return they will reside in Flint.

Give the Baby a Chance. The only food that will build up a weak constitution gradually but surely is Martin's Cardinal Food. A simple, nutritive, scientific and highly delicate child food for infants, delicate children and invalids. KERRY WATSON & CO. LTD. Anyone in need of a boy for household harvest should apply to J. A. Lauder.

The Reason Why Shorey's Ready to Wear Clothing... Is better in style and finish than what I can get from my tailors. Of course a large concern like Shorey's can keep a staff of experienced workmen upon one class of work from year to year until they become absolutely perfect, while a tailor's hands produce a sack coat to-day, a dress coat to-morrow and so on, consequently they cannot be expected to attain the proficiency of Shorey's workmen. Shorey's Guarantee Card in the pocket of every garment shows that the firm is bound to give perfect satisfaction in every instance.

Nursery Stock Agents! Book Agents! Agricultural Implement Agents!

Or anyone desiring to better their position and increase their income should write us. The demand for home-grown Nursery Stock is on the increase. We need more men.
