**J. A. HUNTER.**

**Consumption**

Will SCOTT'S EMULSION cure consumption? Yes and no. Will it cure every case? No. What cases will it cure then? Those in their earlier stages, especially in young people. We make no exaggerated claims, but we have positive evidence that the early use of

**Scott's Emulsion**

of Cod-liver oil with Hypophosphites of Lime and Soda in these cases results in a positive cure to a large number. In advanced cases, however, where a cure is impossible, this well-known remedy should be relied upon to prolong life surprisingly.

50c and \$1.00, all druggists.  
SCOTT & BOWNE, Chemists, Toronto.

**PRICEVILLE.**

Haying has fairly commenced in this locality and the clock of the mower can be heard from early morn till late in the evening. The crops in some places are good and will be up to the average. Fall wheat is turning to gold color and will be ready by the 20th inst., to welcome the reapers to cut it down.  
The garden party in connection with the Methodist congregation on the evening of the 1st inst was quite a success.  
One of the largest barn raisings ever held in the country took place last week on the farm of Mr. A. McQuig. It took the most of three days to get it up and is one of the finest farm buildings north of Toronto. A few slight accidents took place while the building was in course of erection, such as bruises, etc., however there was reason to be thankful that all escaped so well.  
John A. McMillan let the building of some culverts which are completed.  
George Tryan has the contract of cutting the hill north of Prof. Hector McDonald on the town line and will have plenty of scraping before it is finished.  
John McKinnon, teacher from Algoma

spent a few days with his father Mr. A. McKinnon and leaves this week for the North West.

Mr. John McKinnon near Fairwell is busy building a new dwelling house this summer. Herbert Watson of this village did the stone work.

Bill Seaton has erected a new dwelling on Martin Stonehouse's farm. We do not know exactly the dimensions, but would say it is a 10x12. Surely Bill will be able to keep himself warm during the winter.

Chas. McMillan is engaged plastering at Hugh McDonald's D. Road this week.

Mr. Alex. Sinclair of Kilsyth was in town one evening last week, he is still in the pottery business.

The sun shone in its beauty gloriously. The air was pleasant, and everything seemed to be in harmony with the object for which the 5th of July was set apart in our thriving village. About nine o'clock the crowd began to assemble themselves together from east, west, north and south and continued so until late in the afternoon. At 11 o'clock the meeting was opened by the president Mr. Sharp o Holstein, by singing, after which Rev. Mr. Matheson led in prayer. Mr. Matheson gave a short address on Mission work. This constituted the forenoon's work, and at 12:30 the ladies had an excellent dinner prepared in the basement of the church. As usual the ladies of Priceville were hard to excel. The editor of the Review, who is also the new President of the Society being there it would be only a matter of presumption on our part to begin to say anything further on the subject.  
Messrs. Francis and John McLeod of Sarnidale paid friends on the south line a short visit last week.  
Miss Maggie McCannel, the popular teacher of No. 10 Glenelg, is holidaying with friends at Stayner and Sarnidale at present.  
Miss Mary Jane Smellie, of Toronto is spending the summer with her father Wm. Smellie D. Road, Glenelg.  
Our Top Cliffe friend says some other writer intervenes and is treading on her grounds. We must take the innimation as applicable to ourselves and would invite our good natured friend to retaliate and we will heartily share with her in this respect one half of our kingdom, by so doing we would be greatly relieved of the cumbersome duty of reporting weekly and would give us an opportunity of stepping out into the country and breathe sweet air from Top Cliffe's Hill.  
Miss Sarah McIntyre, of Top Cliffe attends to her daily business in the dress-

making line with Miss Simpson of this village.

John McDougall, one of the employes of the Toronto asylum, spent a few days with his father Mr. Duncan McDougall of the north line, Glenelg, and returned again this week.

A number of our young men have gone down to the Lower Province to assist the farmer's in taking off the harvest. They report good pay and plenty to do.

Teacher Blakeston limps around from the effects of a bruise at McCaig's raising.

The ordination of the Rev. Mr. Darroch took place at Flesherston on Wednesday last as future pastor of the Baptist church here.

**HOPEVILLE.**

Picnics are the order of the day, on Friday the 8th, our people turned out to the Swinton Park picnic.

Our foot-ball boys have organized and elected officers, I cannot give the correct list of officers but I hear the names of W. McDonald, M. Kells, R. Dingwall, A. Deans, Riddell and some others are the leaders. They went to the picnic and came out second best, this report did not suit our old men to see the boys get a bad beating, and now they say that the old men will have to organize and go up to Swinton Park to gain back the lost laurels. Reports in town said the old men's club will consist of men well known for size and luck, as far as I hear the names are A. Burnett, D. McArthur, J. McArdle, A. Riddell, J. Searlett, D. Allen, D. McIntosh and W. W. Hall. Some little caucus meeting has been held to choose the officers, the talk is to run Burnett and McArthur for President, but others say why not run McArdle and Riddell for it. This leaves a jealousy with some others who also want the position!

The Presbyterians are going to move the services from here to a schoolhouse on the 10th concession.  
Mr. McLeach is holding meetings here. Some of our young people went to a barn raising in Glenelg and on Tuesday the 12th, Dundalk will be taken in.  
Tom.

**Intended for last week.**

Sunday the 3rd inst. was the funeral of Mrs. Albert Haw from their residence on the 10th con. to Swinton Park Cemetery. She has been ailing for some time and her death was not unexpected. She was the only child of the late Donald McDonald who in early days resided on lot 1, con 15, Proton, where her widowed mother still resides. She married Mr. Albert Haw about 25 years ago and she and her husband lived in the township of Egremont until two years ago when they moved to Proton she leaves behind her, her husband and a large family to mourn her departure as a true and faithful wife and kind and affectionate mother. The funeral was very largely attended, between 80 and 90 vehicles were in line. The Rev. Mr. Morrison who gave her divine instruction in her young days officiated at the house and at the Church.

Again, Sunday was the Presbyterian Sacrament day. The hour of communion was deferred from 2 o'clock to a later hour on account of the funeral. Rev. Mr. Campbell, Dromore, officiated, and held service the Saturday previous and fulfilled his mission well. Miss Mary Dezell held service in the Hall the same Sunday evening to a crowded house.

We have received a long and graphic account of the causes leading to unhappy church differences in this neighborhood, with probable results affecting church building, which we think will accomplish no good purpose by publishing in the meantime. EX]

**BOOTHVILLE.**

Once more we will pen a few items of the town. All our public men are very busy, our Blacksmith is kept on the jump from early morn till late, repairing mowers and implements of all kinds.

Mr. Sam Todd attended a picnic in Osprey at McIntyre Corner, Sam wheeled there in 95 minutes, he says he could do it in less time had the roads not been so rough.

Mr. Vint Hill has been away from his carpenter shop for two weeks as he is an expert engineer he was running the engine for Mr. John Haw who is in the brick making on his own farm, lot 15, con. 19. Proton Jack is a young man and a man of intelligent energy.

Mr. and Mrs. W. J. Wilson visited their daughter, Mrs. Hugh Wilson, near Singhampton, also Mr. and Mrs. Noble Wilson, visited her parents Mr. and Mrs. Weir near Glen Huron. Mr. Noble took in the excursion to the Model Farm Geolph. As Mr. Wilson is one of our handy men you will see some improvements later on.

Mrs. Booth took a week's vacation with Mr. and Mrs. Renton of Dromore.

Mr. Findlay's clerk Sundayed at Mr. Wilson's a week ago.

The masons are at work at the foundation of a big house with a full gang at Mr. Chas. McQueen's this week.

The two Eccles' passed through here to a logging bee at their Uncle Dan's.

**Easy to Take  
Easy to Operate**

Are features peculiar to Hood's Pills. Small in size, tasteless, efficient, thorough. As one man

**Hood's Pills**

said: "You never know you have taken a pill till it is all over." 25c. C. I. Hood & Co., Proprietors, Lowell, Mass.

The only pills to take with Hood's Sarsaparilla.  
A very pretty wedding took place on June 28th at the residence of Mr. John McDonald near Dromore, when his daughter Sarah was united in the bonds of matrimony to Mr. Angus McCannel. The bride looked charming in cream cashmere and orange blossoms, her sister Tena was bridesmaid, while the groom was supported by his friend, Mr. Neil Alex. McQueen. About 75 guests witnessed the marriage ceremony and afterwards partook of a most excellent dinner. In the evening the friends and the young people of the neighborhood tripped the light fantastic toe till broad daylight. The presents were numerous and useful. We wish the young couple a long and happy life.

Mr. Arch. McQuig's large barn was raised last week. A large number went from this part both days. Every one is pleased now that it is up without any loss of life or limb. We trust those who met with accidents will soon be well again. Mr. Alex. McDonald of near Dromore received a bad cut on the lip and Dr. Sneath put in 3 stitches. Mr. D. McIntyre got a severe cut in the arm. Mr. W. Bothwell received the worst, but we will hear from the Top Cliffe cor. about him, we hope he is better.

We warn the Balsam Cor. to be very careful in the future and not to slander our respectful citizen as he would not be guilty of such an act as meddling with any one's sign.

Fred says there was a very heavy frost last Monday morning about two o'clock, especially in Joe Campbell's swamp.

**INDAPO**
