

THE BALLOT.

For the information and guidance of Voters we here-with give the form in which the ballot will appear on the 29th inst.

	YES	NO
Are you in favor of the passing of an Act prohibiting the importation, manufacture or sale of Spirits, Wine, Ale, Beer, Cider and all other alcoholic liquors for use as beverages?	X	

The Voter above is supposed to have marked his ballot for prohibition.

SCRUTINEERS.

Those wishing to act as scrutineers or "agents" as they are called in this election, must secure the necessary certificates from Returning Officer McDougall or his agent in Durham, Mr. T. Harris. The law allows two agents, favorable to Prohibition at every polling booth. To secure these certificates it is necessary to have a requisition paper signed by Wm. Calder, Pres. of the S. Grey Prohibition Union, recommending the applicants to the Returning Officer or his agent. Presidents of municipalities or districts may secure these in bulk from Mr. Calder and distribute as required, or if names are sent to him, the certificates can be secured filled up and sent back again to the Presidents: always remembering to give polling booth and municipality if names are sent. This will not apply to Proton which is in East Grey for this election. Heads of local executives should attend to this at once.

"WAYS THAT ARE DARK."

That the Liquor trade of the Province are not by any means idle is proved by the "Private and Confidential" circulars sent out to the "trade" some time ago.

A circular issued recently by the "Ontario License Holders' Protective Association," from "Headquarters, 28 Wellington St., Toronto," and signed by A. Dickie, gives "information for members only," under nine sub-divisions.

No. 1 refers to the literature, and closes by saying, "it is understood that the principal portion of the moneys received for plebiscite campaign shall be devoted to newspaper and postal distribution of literature."

No. 2 asks members to find out the attitude of the press.

No. 3 we give in full: "No part to be taken by the trade in public meetings this phase of the campaign to be left entirely with the temperance party; this committee considers that public discussion would only assist the temperance party in keeping up the enthusiasm and would bring no practical results to the trade."

No. 4 directs that each local association shall collect a special assessment for plebiscite purposes.

No. 5 makes arrangements that each license holder be impressed with the importance of polling every friendly vote.

No. 6 refers to testing candidates at bye-elections.

No. 7 is lengthy and refers to the great importance of increasing membership if they wish to be able "to secure favors for themselves municipally and otherwise."

No. 8 refers to Honorary members, and urges dealing only with those who "stand by the association." No. 9 is technical.

These instructions are no doubt being carefully followed, especially No. 3, and no public utterance on behalf of the liquor trade may be expected.

With a knowledge of these facts temperance workers should have all the stimulus they need, if in the face of them an indifferent vote is polled, it will prove that the country is not yet ready for prohibition.

The Witness publishes the circular in full.

LETTERS TO THE EDITOR AROUND THE LAKE.

Correspondent's reply to "Self Defence."

Mr. Editor.—We are somewhat surprised to see an article in the "Chronicle" of the 8th inst. from a certain well known individual styling himself "Self Defence." Now Mr. Editor, the item which appeared in the issue of your valuable paper, of Aug. 25th, and to

Weak Lungs

If you have coughed and coughed until the lining membrane of your throat and lungs is inflamed,

Scott's Emulsion

of Cod-liver Oil will soothe, strengthen and probably cure. The cod-liver oil feeds and strengthens the weakened tissues. The glycerine soothes and heals them. The hypophosphites of lime and soda impart tone and vigor. Don't neglect these coughs. One bottle of the Emulsion may do more for you now than ten can do later on. Be sure you get SCOTT'S Emulsion.

which "Self Defence" has taken umbrage is perfectly true and correct in every particular. If it were not so, why did "Self Defence" not deny the charge? No, he did not, nor can he do so, but endeavors to varnish it over with the "Snake in the grass" compound, the ingredients of which he appears very familiar with. As to his statement in reference to Mr. Lawrence's animal, we are creditably informed that it died in January and was accorded decent burial by Mr. L. This cannot be said of this animal, so far as we can ascertain, the only covering it received was a small bundle of sticks and a little muck.

WM. LAWRENCE.

DORNOCH.

Harvesting, frost-nipped buckwheat, threshing and seeding are what is engrossing the attention of the free-from-care filler of the soil at present.

Mr. Dan Proctor, foreman of Trux & Co., of Walkerton was for a short time a guest in the vicinity last week.

Home, invigorated and refreshed by a month's holidays is Rev. Mr. Little. All are glad to see their well liked pastor back.

Mrs. M. Higginson of Rochester N. Y., formerly Miss L. Riddell, returned home last Friday after reviving childhood memories and recollections around the old homestead for a week.

Mr. Walter Ledingham who has been for half a year a resident of Lauriston is home on a visit at present.

Mr. and Mrs. Neil McFarland of Hamilton are spending their holidays with friends here. They are receiving a warm welcome.

Miss Jessie Stewart left last Friday for Rochester N. Y., intending to make the Flower City her home for a time.

Miss Beatrice Shewell, of Toronto is enjoying the family circle for a month, when she intends to return to the Queen city.

The following attended the Toronto fair last week, Rev. Mr. Little, Messrs J. Barry, W. Smith, J. Dargavel, T. Campbell, F. R. Ledingham; Mr. and Mrs. D. McDonald, Mr. and Mrs. Thos. Stewart, Mr. and Miss Wade, all of whom were delighted with their trip and the sights which have assumed a world-wide reputation.

HOPEVILLE.

Cold spell here the last week. Quite a number from here attended the Toronto Exhibition and many are the stories told us to their experiences. Some few would lead us to believe that the dignitaries of the exhibition paid attention to them and that the city officials escorted them as if they were some foreign noblemen, while a stirring young man here, a champion of your cor. Tom, reports that the only probable escort was a policeman who might give them a good caution.

I mentioned that a meeting was to be held to revive the backsliders. The meeting was all right but the last statement is wrong as we are assured there are no backsliders. Glad to make the correction.

Another mistake was in saying Dr. Ross, formerly of Dundalk and Ventry, was to preach here. We had Mr. Ross, but a brother of the former incumbent of Dundalk.

On Wednesday Mr. and Mrs. W. Burnett made a pleasant call on the latter's parents while attending the Campbell-Mitchell wedding. The groom is Mr. Campbell, druggist, of Dundalk, a daughter of Mr. Mitchell, of Ventry.

Some went from here, Friday 9th inst., to attend the funeral of Mr. James Kins-

man. On Saturday the 10th, a number went from here to Dundalk, to meet returning Toronto visitors.

Mr. Lochart, Presbyterian Student, has left here, and now, the people are wondering who will be next, or when they will become self-sustaining.

Tom.

PROTON CENTRE.

Harvest is about over and threshing is the order of the day. The grain is turning out fairly well.

Mr. P. Shaw, Ex-Reeve of the township of Proton, who had his barn burnt some time ago, has his timber almost ready for putting together. Mr. Shaw is a hustler. He has a very fine foundation.

A very pretty wedding took place at the residence of Mr. and Mrs. Jas Mitchell, Proton, when their fourth daughter Marthe was united in marriage to Mr. Campbell of Dundalk. The ceremony was performed by the Rev. Mr. Harrison, of Dundalk, in the presence of immediate relatives and a large number of friends. The bride was tastefully arrayed and looked pretty indeed. Immediately afterwards the happy couple left, with good wishes from all present.

We are sorry to relate that Mr. John Gordon is very low. Dr. Martin is in attendance and has no hope for his recovery.

Mrs. R. Armstrong has been very sick lately but under the careful treatment of Dr. Mitchell we are glad to hear is getting better.

Mr. A. Rodger met with a sad loss Sabbath last. A friend called on him and they took a walk out to see the colt in which he took great pride, but when they went out, to their surprise there was the colt hanging by his hind leg. He had got it stuck in a crotch stump, was broken and twisted like a rope. How he got it in there is a mystery. The only way that he can think of, is that he might have been kicking at flies and his foot came down between the stumps. The stumps were about three feet high. The animal was killed immediately.

Mr. and Mrs. Jas McMurdo of Ventry, were the guests of her father Mr. A. Bryce Sabbath last.

Mr. Malcolm McTaggart is doing great work with his new engine this season. He is getting more calls than he can attend to. Malcolm is a hustler; eh?

Miss Mary Smith returned home from Hamilton, where she spent the summer months. Welcome back Mary.

Mr. Donald Stewart is at present nursing a sore hand the result of nasty cut by a band cutter while engaged in threshing.

A handsome new fence and gravelled walks are some of the latest improvements Mr. W. Watt is adding to his already tidy premises. Will vows the next addition be a Mrs. Right!

Miss Sarah McArthur is spending a couple of weeks visiting relatives in Toronto.

ZION.

Mr. Wm. Greenwood, Jr., and Miss S. Greenwood spent most of last week at the Toronto Exhibition.

Word has been received from Messrs. Thomas Blair, Wm. Jack and Thomas Jack, all are in Manitoba, are receiving big day and all have a good word to say of the prairie province.

Mr. H. Ridley is a busy man these days and often the whirr of the mill wheel is heard after the sun has sunk below the horizon.

Mr. James Hastie, our busy blacksmith also took in the Toronto Exhibition in the early part of last week.

Mr. Robert Williams of Edge Hill, is making the sparks fly at the Traverston forge, these days.

Mrs. George McDonald of your town, spent a few days at the home of her childhood, during the threshing season.

We understand that Mr. Beemer, the owner of the Traverston Mills has rented the flour Mills to a Mr. Wheeler, who has been living in Detroit for the last few years. It is said that Mr. Wheeler can run the mill wheels to perfection, and is capable of making the most beautiful flour. It is stated that he will give 40 lbs of flour to the bushel of wheat for grist, and will buy any quantity of good wheat for which the highest price will be paid.

Mr. Geo. McNally, late of the eight con. of Glenelg, and now living at Meaford was round these parts with a wagon-load of plums for which he found a ready sale at fair prices. We expect to see him round again in a couple of weeks. George says that it was a lucky day when he left this district. He is full of praise for Meaford and says he would not come back again if they would give him the old farm back for nothing.

Weak and Run Down, With Heart and Kidneys in Bad Condition—Restored by Hood's Sarsaparilla.

"I was very much run down, having been sick for several months. I had been trying different remedies which did me no good. I would have severe spells of coughing that would leave me prostrate. I was told that my lungs were affected, and my heart and kidneys were in a bad condition. In fact, it seemed as though every organ was out of order. I felt that something must be done and my brother advised me to try Hood's Sarsaparilla. I procured a bottle and began taking it. Before it was half gone I felt that it was helping me. I continued its use and it has made me a new woman. I cannot praise it too highly." Mrs. SUMMERVILLE, 217 Ossington Avenue, Toronto, Ontario. Get only Hood's, because
