Yes, We are planning to attend ..... Plan for ..... persons.

Campus Tours

Luncheon

Orientation & Business Meeting

Sorry, we are unable to attend.

Print Name .....

Address .....

Parent of .....

## QUESTIONS

Parents, especially those of new students, want to know more about university life, objectives, study standards, finance, facilities, and the teachers themselves. Parents' Orientation Day provides the opportunity for you to get to know faculty and staff members, ask questions, inspect the campus, and develop a background so you may discuss life at WLU with your son or daughter with knowledge and understanding.

Among the questions raised at last year's Parents' Orientation Day: Should our son stay at school or return home weekends? . . . How much spending money does a student need per week? . . . When and how often are reports sent home? . . . Where can a student go for guidance and counselling? What are the rules of residence?

You may have a question you'd like answered during the meeting. If so, write it in the space below. (No names will be revealed).

## PARENTS' ORIENTATION DAY

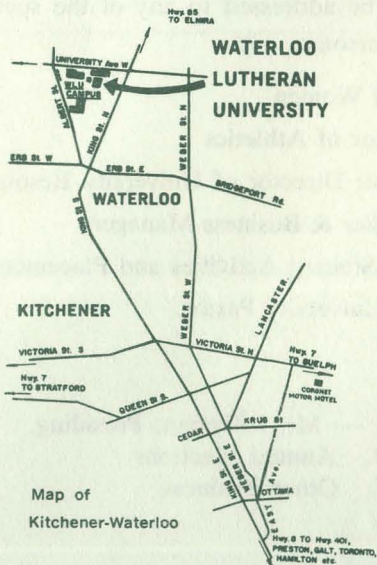

The 1963 Parents' Orientation Day was an overwhelming success. In response to requests from parents, this year's event has been expanded and will include more time for questions and discussion, Parents' Association chapter reports, and election of officers.

Parents' Orientation Day is designed for all parents of new and returning students to visit Waterloo Lutheran University and get to know its campus and people — students, faculty and staff. We hope you'll be with us Saturday, September 19.
