Entrance Requirements

A Small College

WATERLOO can accommodate 250 students. A small college has definite advantages: the individuality of every student is more certain to be recognized and preserved; better opportunity for every student to know better every fellow-student and develop that comradeship and those friendships which create a home-like atmosphere and make life sweeter and more attractive. The closer contact between student and professor in the uniformly small classes assures personal guidance and individual help to every student.

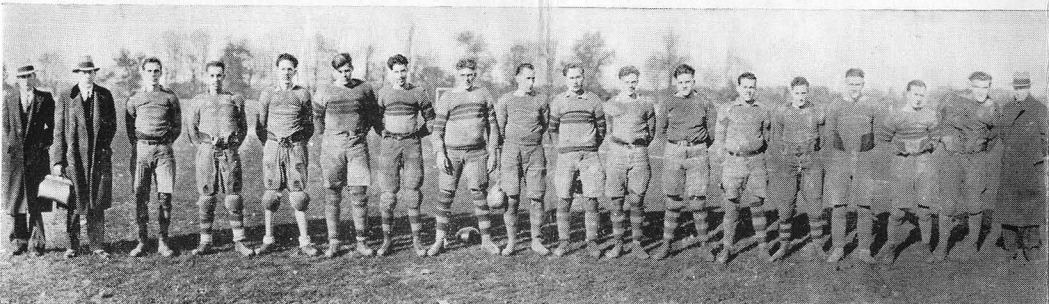

Student Activities

In a small college like Waterloo every student is definitely assured of a place and a part in societies, athletics and sports. In a large college only a minority has these chances. The following societies offer every student the opportunity to exercise initiative and develop his faculties:

Religious Atmosphere

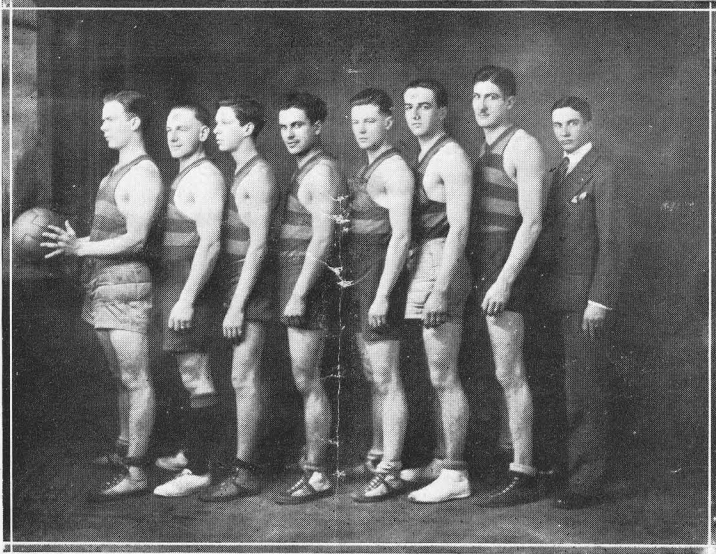

WATERLOO is a Church-controlled college. It is owned, supported, and controlled by the Lutheran Church. Students of all Christian faiths are enrolled. The religious persuasion of each student is respected and honored; there is no sectarianism.

Waterloo endeavors to develop in each of its students a Christian philosophy of life, which will manifest itself in his conduct in all human relationships; and, in accordance with the provisions of its constitution, it seeks to provide for the Church an adequate leadership, both ministerial and lay.

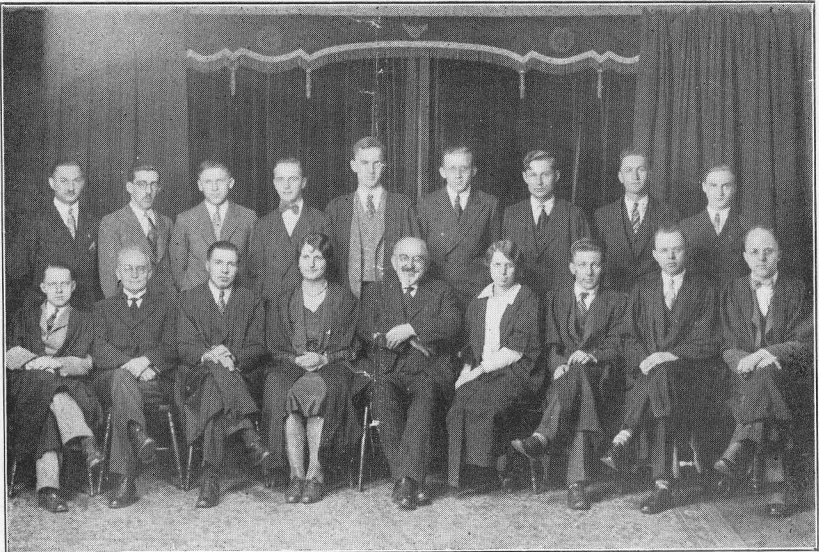

The hope of Waterloo College is to help every student to know God the Father and Jesus Christ Whom He hath sent. Science and philosophy have no power to influence and motivate man to use his marvelous power for noble ends and the common good. Faith in Jesus Christ as the personal Saviour is the only power which can transform selfishness into altruism and make service, not exploiting profit, the ideal of life. Through its religious atmosphere Waterloo aims to help its students not to make a living, but to construct a noble, beautiful, satisfying life.
