WLU part-time courses offered
at three off-campus locations

While most people taking part-time courses at Wilfrid Laurier University will take them at the campus in Waterloo, some may find three off-campus locations more convenient.

Laurier will offer courses off-campus at the Kitchener Public Library, the Mutual Life auditorium and at St. Mary's Hospital with lectures beginning in September and again in January.

Introduction to Economics will be offered at the library, two business courses at Mutual Life and two sociology courses at the hospital. Additional information is available from Sharon Varley at the Laurier part-times studies office, 884-1970, Ext. 2104.
