WATERLOO COLLEGE

before the war,

WATERLOO College is glad to welcome you today. We call these our Invitation Games, and we are pleased that once again you have answered that invitation in such numbers. We pride ourselves on the success that ~~has~~ attended these annual games in the last five years, for they have produced an enviable record of good sportsmanship and athletic ability. This year will, we are sure, provide no less pleasant and exciting a day, alike for contestants and spectators.

In part, we offer these games to lure some of you to a closer association with Waterloo College in the years to come. One of the few disadvantages of a small College such as ours, is that it must advertize for prospective students. The larger institution can sit back in dignified expectation that students are sure to come. We have to gather students for ourselves, a task which, incidentally makes it easier for us to get the type of students whom we most need and for whom we can do the most.

A small College has enormous advantages to offer. There is a closer bond between its members. It will not take many days for you to know us all by sight, and for us to know you. In the lecture room, the Professor soon gets to know his students as individuals, and can suit his instruction to their needs and capacities. Students get to know their Professors, not merely as faces and voices, but as real people, really ready to help them. Students get to know one another, and get a chance to learn thoroughly "the other fellow's point of view". You can not help a man whom you merely see as one of eighty sitting in a lecture room.

So we shall be glad to see you, to help you, and to receive your help. Try us this afternoon. If there is any information or assistance that we can give, ask any of those on the grounds who carry the purple and gold colours of Waterloo College.

Welcome—and good luck to you.

Waterloo College Song

Music by Max Magee

Words by W. H. Johns, Ph. D.

"WATERLOO, WE'LL PRAISE THEE EVER"

Waterloo, we'll praise thee ever, as in days of old;
We will always keep on high the Purple and the Gold.
Always will thy sons and daughters faithful be, and true;
They will always hold thy name in rev'rence,

WATERLOO!

On the track, on the field,
Waterloo ne'er will yield!

We will battle on to vict'ry as the years roll by,
Carrying this standard bravely, holding it on high!
Always will we sing thy praises, old yet ever new;
No one e'er shall bring thy name dishonour,

WATERLOO!

Waterloo College Athletics

All the athletic activities are supervised by the Athletic Directorate, which is composed of students elected annually and a faculty adviser.

Shortly after lectures begin in the fall, the Waterloo College Field and Track meet is held on our Athletic field. There is a variety of events and individual champions are declared in both the boys and girls events. In addition to this there are the all-round championships.

Should a sufficient number be interested in football, this popular game can be played on the spacious "Seagram Field". Full football equipment is available.

Waterloo College basketball teams have been very strong in the past years. The Boys' team won the Twin City Championship two years in succession, and participated in the finals this past year. In addition Waterloo College was entered in the intermediate group of the Ontario Basketball Association. The Girls' team participates in the University of Western Ontario inter-faculty group, where they have made a commendable showing.

Full facilities for badminton are at hand in the college gym. Racquets are supplied by the Athletic Directorate and tournaments are organized for the benefit of the students. Several of our students are local champions. The girls' badminton team is entered annually in the University of Western Ontario Inter-faculty group, where frequently they have been winners. A Waterloo co-ed, Miss Mary Fisher, captured the Intercollegiate ladies' singles title this year. She defeated stars from Varsity, Queens, McGill and McMaster.

Students who do not take part in the basketball during the winter months can participate in the numerous volley-ball games. In the spring softball and tennis are played.

In addition to these sporting activities Waterloo College offers a two year course with credits in physical training work. The gymnasium is fully equipped with parallel bars, horse, spring-board, mats etc. There are instructors for both boys and girls.

College Activities

THE ATHAENEUM SOCIETY

The Athaeneum Society is composed of all students in attendance at the College. It is primarily a literary society but it endeavours throughout the year to include all types of students in its programs. Meetings are held every two weeks. The programs include student presentations, parties, lectures, moving pictures, debates, musical recitals and the like. This organization is the largest in the College. The students who direct the affairs of the Society are given an opportunity to develop a working knowledge of parliamentary procedure, as well as practise in self-expression and organization. Due to the variety of entertainment which emanates from the meetings, the Athaeneum Society takes first place among the student extra-curricular activities.

THE COLLEGE CORD

The College Cord is the publication of the students of Waterloo College. "To draw the interest of men and women to our school, draw students within her walls, draw students and faculty into closer sympathy and draw the hearts of all together in a common love for Waterloo"—for this reason it was named the "Cord"—the tie that binds.

The College Cord has an editorial staff and a business organization. It belongs to the students; it is their vehicle for the expression of their ideas.

LE CERCLE FRANCAIS

Le Cercle Francais is a society composed of all students taking any French course or who have taken French in the College for two years. All meetings are conducted in French and are planned to give practise and create interest in speaking the language.

CLASS ORGANIZATION

The various classes of Waterloo College: freshman, sophomore, junior and senior—have individual organizations. Class executives are elected to look after finances, class functions and class representations in the student body. Separate class parties are arranged according to the desires of the class members by the class executives, with full permission of the Dean of the College.

DRAMATICS

There is no dramatic society in the College, but any student interested in dramatics is given an opportunity to test his or her ability in an annual play. Occasionally a first rate play is produced, sponsored by one of the College organizations.
