Mila Mulroney to launch

Shinerama with WLU event

Mila Mulroney, wife of Prime Minister Brian Mulroney, will be at Wilfrid Laurier University Aug. 26 for a luncheon to help launch the annual Shinerama fund-raising program for Cystic Fibrosis research.

Mulroney, who has been the honorary chairman of the Canadian Cystic Fibrosis Foundation for the past two years, will hold a noon news conference in the Paul Martin Centre at Laurier.

The event is being held to congratulate Laurier on its 25th year of involvement with Shinerama, and to promote a campaign that involves 59 universities across Canada during the first week in September each year.

Students from Laurier and the University of Waterloo take to the streets at the end of orientation week each year to wash car windows and collect money for Cystic Fibrosis research.
