Media Advisory

Laurier policy for winter storm closings

Laurier has put into place the following procedures to let faculty, staff, students and the general public know when a winter storm forces the University to close or to cancel classes and events:

- ▶ The President or his delegate will decide when to cancel classes and events or to close the University.
- ▶ The decision to close the University for the day or cancel day classes and events will be made by 7:30 a.m. Evening classes and events will be cancelled by 2 p.m.

The media will be notified of any cancellations or closings by a member of Laurier's Department of Public Affairs.
