

5

Church work here. I hardly see how we can get along without her, but I suppose we will be able to manage some how.

Last Friday a terrible accident occurred here at New Germany. A young man by the name of Hebb, whose father I was acquainted with was working on the telephone line when a post broke precipitating him to the ground breaking his arm and chin and dislocating both jaws besides bruising him internally. He lived about 12 hours after the accident. The same evening a young lady was brought home to Stamford on the train in the last stages of consumption. I knew her and went into the train to see her. She told me she was dying and I administered consolation to her best I could. I saw her again Sunday. She was still alive but that was about all. At the instance of relatives I told her of her condition and left her resigned. She is quite young and her condition is pitiable. More people die of consumption here than of almost any other combination of diseases.

I have not yet received The Novo Scotia Lutheran, though I have been expecting the first issue to be out for the last week. I instructed pastor Weaver to put your name on the list and send you a copy as soon as it appears.

Pastor Hall has resigned Rose Bay and will leave for the Pacific Coast State of Washington, in ten days or a fortnight. This will mean another vacancy to be filled. But I must close for this time.

With love to you all, I am

Most sincerely yours,  
Carroll H. Little.
