Greetings From  
President  
Frank C. Peters

Every year faculty, students, alumni and friends of Waterloo Lutheran University look forward to "sports seasons".

In the past our teams have brought many honours to our University and we were proud of their accomplishments. I know this year will also be a good year.

May I extend best wishes to the coaches and players and assure them that the University stands behind them. I trust each player will conduct himself as a good ambassador of WLU.

My greetings and best wishes to you all!

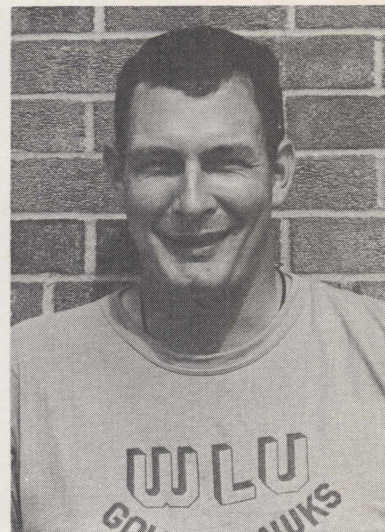

Frank C. Peters  
President

## W.L.U. On The Move

In the past few years, W.L.U. has become recognized as a small college with a large athletic appetite. Competition at a national level in the last three years has gained 'Lutheran' an "athletic personality".

The evolution of this personality began in 1966 when the W.L.U. Golden Hawks were selected to participate in the second annual Canadian College Bowl Game, an event which has now emerged as a national championship.

In 1968 the Basketball Hawks were number one in the country winning the C.I.A.U. championship in Halifax. The same year the Football Hawks were in national competition winning the Atlantic Bowl then losing the College Bowl to the powerful Queens Golden Gaels.

In 1969 the Basketball Hawks were again in the national spotlight. Defending their C.I.A.U. title, they were defeated in the championship game of the tournament by Windsor.

The Hockey Hawks, who are constantly among the top competitors in their league, narrowly missed first place last year (finishing second) and are hoping to go one better this year.

Providing the teams receive the usual strong and enthusiastic student support, 1969-70 should prove one of the best years ever.

In order to keep pace with this increasing involvement, members of the Lettermen's Club drafted the idea of a "bigger and better" type of athletic programme to meet expanding needs. In its "rookie" year we hope it proves successful by providing information a spectator or Golden Hawk booster is interested in, as well as serving as a souvenir of a big game.

We acknowledge and thank all advertising patrons for their support, without whose kind cooperation this program would be impossible.

Roger Passmore  
President: Lettermen's Club

## AWARD WINNERS

## HOCKEY TALK

The Hawks having played five games to date, show a 1-2-2 won lost record. Although this is not an overly impressive record, the Hawks have been experimenting with different combinations in an attempt to come up with a winner.

The Hawks who defeated Brock 6-3 and tied the Kitchener Greenshirts and Trent 4-4 while dropping two decisions to U. of Waterloo and Ryerson, seem to be having difficulty in a defensive capacity.

It appeared that in every game to date, even though building up a lead in the early stages, the Hawks are content to sit back and relax in the last few moments.

Rookie head coach Larry Pfaff although pleased with the play of goal-tenders Larry Reid and Gerry Gobel as well as forwards Stan Galt and Doug Tate, feels that the team must tighten up defensively in order to be a serious contender for the league championship.

## REBOUNDS

The 1969-70 edition of the B-Ball Hawks appear ready for league play. In spite of dropping an 81-76 decision to the U. of Waterloo in their only contest to date, Coach Lockhart is optimistic about the Hawks' chances.

Even though the Hawks are supposed to be in a rebuilding year, Coach Lockhart feels he has a better all round team. But, he goes on to mention, everyone else in the league is stronger this year also.

Coach Lockhart feels that the Hawks should be a contender for league honours but it will be a close race with York and Laurentian.

Coach Lockhart to date has been pleased with the play of returnees Chris Coulthard and Doug Bain as well as newcomers Bob Smeenk and Larry Danby.

The Hawks should provide fans with many exciting moments in the coming months.

# Remember when stereo meant two speakers, six feet apart?

The CIRCA 705, tallest and sleekest of Electrohome stereo hi fi's, gives a natural stereo separation by using the acoustics of the *room*.

Here's how it works: The 705's special speaker design lets the bass come out of the front, and the medium and high tones from the sides to reflect off the walls and join the bass in beautiful balance. And if you want more of a good thing you can add real concert hall effect with exclusive Electrohome Satellite Sound.

And the CIRCA 705 has the finest features. A deep natural walnut cabinet by Deilcraft, a 75-watt conductor chassis, AM/FM/FM stereo, space-age control panel and Garrard automatic

changer. The phonograph compartment has a plexiglass cover that slides away for easy access. And the compartment lights up softly when the set's turned on. There's even storage space for records and brick-a-brack. All in lustrous walnut finish.

Discover *natural* stereo sound. By Electrohome.

## **Additional Insurance Without Medical Examination?**

Yes, this is a development in life insurance of special interest if you are not over 37, and is called GUARANTEED INSURABILITY.

It is a means whereby you can guarantee yourself additional insurance in the future without medical examination, regardless of your health or occupation.

It is a clause that may be added to a present Mutual Life of Canada policy or included in a new one.

Ask a Mutual Life representative for details.
