

The Evangelical Lutheran Synod

of Nova Scotia.

Office of the President.

Pastor Buchholz, I will accordingly preach here at Bridgewater and at St. Luke's, while he will go down the river. I have two sermons to get out yet this week and haven't done a thing on them yet. We have company at present. Mr. and Mrs. Gunn and son came Saturday evening, and while Tom had to go away again Monday morning, Mrs. Gunn and Donald are still here. Mrs. Gunn will play a solo in the Church here on Sunday evening. Donald is not nearly as large as Herman and doesn't talk half as much, or half as well. He is such a baby to what Herman is. He won't let his mother get out of his sight for a minute. I never saw a woman so tied down to a child as she is. Marion doesn't give the two of us one quarter of the trouble. I weighed Herman the other day. With his coat on which would probably weigh a pound or two he weighed 46 lbs. He is not overly fat but is chunky and solid. He is also an awfully handsome boy. On Monday I drove over to Newbone Bay and brought over Mr. Leonard Hittle, our beneficiary student who has been attending Ramoth College. He is also still here. I succeeded in getting \$150 from Synod for him this next year. Last year they discriminated against him because he wouldn't go to Thiel.
