I told him I guess I did and he thought it was all right then and has been making them ever since. Marion enjoys being out of doors as well as the boys and begs to go "out doors" every day. I take her out for an hour or so when I am home. She talks a great deal, rings the children in for me, goes to the stairs and calls them by name, and often hollers at the "boys". When she wants the scissors she nearly always says "I want a pair of scissors." She likes to put on the boys' (Herman and Cornelius') shoes and parade around in them and has many cute ways and tricks. The other morning Cornelius wanted me to take his stockings off because he said there was dirt in them. I told him I wouldn't as it was too near breakfast time. He said, "O yes, you will - You will take them off into the dining room", and then he laughed heavily at the fun he had gotten off. He is always ready with an answer, and it is hard to get ahead of him. All the children have colds but not bad. I have one myself in the head but I think it is a little better to-day. We had our Pastoral Association down at Rose Bay Monday. It made a long drive for me after my hard day Sunday. It took me till to-day to get rested out. To-morrow I will have to get down to my work.
