The thunder-storm last week gave us one cool day but only one and since then it has been hot without intermission. Last night Bonnie and I drove down to Mudell Bush to an Ice Cream Social given by the Ladies Aid of St. John's. It was a hot night and there was a big crowd on and I don't think they had any trouble in disposing of their 14 gallons of ice cream. We left about half past ten and got home about 12 o'clock. He is a fine young man of about 24 years of age. He came to spend his holidays along the river and will board at a Mr. Caselmann's down near St. John's. Dr. Bibber has decided to stay at Montreal at least for a year and perhaps longer. This
