Dear Mr. Editor,-

I have asked the Liberal Information office to send you a marked personal copy of the Canadian Liberal Monthly, a publication which has been started in the interests of Liberalism and the Liberal Party in Canada. Any success which this publication is likely to have will depend in large measure upon the co-operation of the Liberal Party, in the first instance, making the public acquainted with its existence, and secondary, in part with its contents.

It is in no sense a commercial venture, but wholly educational in its purpose. For this reason I am venturing on behalf of the party to express the hope that the new Liberal Monthly will commend itself to your judgment, and that the publication may receive a word of approval and commendation in the columns of your paper,

Yours very truly,

*Wilfrid Laurier*
