

would like to call attention to an earnest perusal of same. Our institution needs the support of every member of our Church. We feel that with the merging of the two Synods a concerted plan can be evolved, whereby every last member may be made to take an active part in the furtherance of our glorious institution.

With sadness we note that God has seen fit to remove from our midst our fellow-laborer and secretary, Mr. Louis Peine. We will miss him greatly both in his gifts and in his valued counsel. Nevertheless, God will not allow His work to suffer for in due time He will raise up another leader, and to this end we implore His aid, and go forward in His strength.

In conclusion we would like to say that the general condition in all lines of endeavor in our institution throughout the past year has been greatly above the average. A fine spirit between faculty and students exists. The whole tenor of the institution bespeaks progress. Our faculty is to be commended for their efficient labors. Their ability is recognized not only by us as a Board, but also by others for from time to time, first one and then another is singularly honored. We rejoice that we are privileged to felicitate Prof. A. A. Zinck on having received the degree of D.D. from the Chicago Theological Seminary.

The Board conveys herewith a vote of thanks to all its professors and officers, to the members of our congregations, to all kind friends, and again, yet not least of all to the Ladies' Auxiliary for their much needed and esteemed support morally and financially.

Respectfully submitted,

P. S. BARINGER,  
Secretary.

The report was received for discussion.

Dr. Potter, Dean of Waterloo College of Arts, addressed the Synod, appealing for boys for the ministry, and also for boys to be trained as laymen for useful service in the Church. He explained the status and organization of the Seminary.

On motion the Synod unanimously expressed its joy over the splendid progress of the Seminary and College during the year, and recommended the institution to the hearty support of its congregations.

The report of the Secretary of the Seminary Board was then adopted.

The Synod adjourned at 4.00 p.m., using the Lord's Prayer.
