Dear Brother:-

As a member of the W. Luth. Synod of Central Canada, I desire to register my protest against the sentiments set forth in The Canada Lutheran, our official organ, in the editorials of the last number entitled "The Pulpit and Politics" and "Inter-Protestant Cooperation". The first is a surrender of the evangelical spirit of our Church to the legalistic spirit of the Reformed; and the second, in spite of all your elaborate argument for good practice, falls before the one inspired word, "How can two walls together except they be agreed?"

Personally you may hold any opinions you wish on these subjects, but I object to having them set forth with official sanction as the position of our Synod.

On account of them I cannot conscientiously distribute the sample copies of this issue among my people. I write this sorrowfully and with no personal feeling, but as a matter of principle.

Sincerely yours
C. H. Little
