Dear Bro: -

I have just mailed a copy of the "Jubiläumsbüchlein" of the Canada Synod to you. But please do me the favor and keep it; don't return it.

I sincerely thank you for the noble sentiments expressed in your letter. I can hardly tell you how much I appreciate them. We hear so much of the opposite sort, that we are brought near to losing our self-respect. The worst is that our Seminary Cause is actually suffering in consequence of the unwise & uncharitable attitude of some. I have been looking and working for a union of the Can. Luth. forces, at least those of the Gen. Council, but am afraid, a deep chasm has been created.

Best wishes! Fraternally E. Hoffman
