

LUTHERAN THEOLOGICAL SEMINARY AND WATERLOO COLLEGE

WATERLOO, ONTARIO

was well nigh perfect. He wants me to come out during my vacation sometime and see the west and make my expenses by preaching German. I hope I will be able to do so sometime. Last week I made five gallons of beer. It turned out to be excellent, the best home brew I have ever tasted. I doubt if they could beat it in the brewery. I had 31 bottles holding a pint and a half each and have so far used but one bottle, just to sample it. Bonnie says it is better than the ale they make at the brewery of which I have a couple dozen bottles. But she is not much of a judge in such matters as root beer and ginger, all and such drinks are more according to her taste I am, however, well satisfied with my first attempt at brewing and can now snap my fingers at bone-dry prohibition.

We held our Chess Club meeting on Friday night and played several games. I didn't win any as I played against Prof. Willison who is an old stager, but am learning the moves and hope to be a player some day. Next Sunday evening I will preach in Elmira. They run a motor bus from Kitchener and Waterloo to Elmira every day now. I will be able to go up and back for \$1.00 which will leave me \$9 to the good, but I will have to stay up there all night Sunday night. We are expecting Bro. Neudorffer from India some time next week. I will be glad to see him as we used to be very intimate in Seminary days and I haven't seen him since, though we corresponded for some time after he went to India. Our little Ruth has a whale mouth full of teeth, & I think and more coming through. Everybody thinks she is such a bright, intelligent looking baby. Father is nearly through the N. T. the second time. I think he has only Jude and Revelation to read yet. Well I must close. With love to all, I am Most Sincerely yours
Cora H. Kille.
