

THE EVANGELICAL LUTHERAN SEMINARY
OF CANADA

WATERLOO, ONTARIO,
CANADA

Aug. 23rd 1925

Dear Mother:

I shall write you only a short note to night as it is late and I am rather tired. I arrived home last night from my Denbigh trip at about 9 o'clock. I found them all well and glad to welcome me back. I found also Mrs. Hunter of Morrisburg here on a visit. She is still with us. I preached at Bridgeport this morning and to night at Hapeles for pastor Gratto, the occasion being the rededication of his redecorated Church. I took Bonnie and Mrs. Hunter with me to this latter place. I had a great time on my fishing trip and have a great tan on. I walked and exercised so much that Bonnie thinks I am thinner than I was, but I don't know. I feel in good trim. Bille said when he was here that he didn't know any body of my age who was in better physical condition and that he only wished he had my constitution. On next Sunday I am to preach in Toronto for Pastor Christian. When this is done I will have preached every Sunday in August and have a couple engagements already for September. I caught lots of fish up north and had fish to eat every day that I was up there. I also had a good swim once and sometimes twice a day in the beautiful clear waters of the lakes. I was puzzled as to how I would get in my swim today. But Bonnie and Mrs. Hunter went over to St. Matthew's Church, it being this morning to see the new decorations and as they missed the first car, the one that I was on, I took advantage of the opportunity to get my swim in before dinner. St. Matthew's spent about 7000 on interior decoration and they think that they now have the most beautiful Lutheran Church in Canada. Bille wrote me a letter in which he said that they all enjoyed their visit here so much that they intend to come again as soon as opportunity offers.
