

and not a single voice of regret was raised at any of the faculty meetings over his departure. The Board was determined to keep him as President even, if they had to turn off the entire faculty of ten men. But they had only his side of the story and did not call in any of the faculty against whom he was lined up. However, we had a conference with him and straightened out personal matters, after which he accepted his call and resigned. But we didn't get our troubles in the newspapers of Lewis College did some years ago. I will probably lose \$100 a year by my resignation of the Dean's office; but I held it as long as I could after practically all its functions had been usurped by the President. Things will now run along smoothly for the remainder of the year though it will add to the work of the Seminary professors. We have already mapped out a schedule dividing Dr. Zinet's work among us. This week we begin our mid-year examinations which cover all subjects in the College and Seminary. These will last two weeks. We do not have any teaching to do, however, while they are on. I attended Pastor Fischer's wife's funeral in St. Matthew's Church last Monday. She died in child birth. You will see an account of it in the Cond. Town. now Dr. Veit's funeral will take place from his late residence in Kitchener to Tavistock where he will be buried. I think I will have to attend this funeral also. He was in his 82<sup>nd</sup> year and has lived retired for several years. In his prime he was a power in the Lutheran Church in Canada.

Another sad death which occurred Sunday night was that of a Mrs. Ziegler down the street a few blocks. She was only 40 years of age and leaves a widow and seven children, the oldest being 13. She was a member of St. John's and died of locked bowels. Marion has had a cold lately, but I think she looks better than she did when she was down. She weighs 102 lbs. All the rest are well except Bonnie and Robert who have colds. But I must close. With love to you all, I am

Most sincerely yours,
