

June 24th, 1931.

Rt. Hon. Wm. Lyon McKenzie King,  
Laurier House,  
Ottawa, Canada.

My dear Mr. King:-

I will be in Ottawa on Thursday, Friday and Saturday of this week attending the Ontario Municipal Electric Convention in the Chateau Laurier. I would be glad to have a few minutes talk on the present unemployment situation and to get your view as to the economic soundness of the article which I submitted for your consideration some time ago.

I believe my time will be pretty well ~~well~~ *returned* taken up Thursday and Friday and until the delegation from the Chats Falls Power Development, which will be some time in the afternoon after which time I will be free.

Yours very truly,
