Prime Minister of Ontario,  
Parliament Buildings,  
Toronto, Ontario.

Dear Sir:-

No doubt you have received many letters commending the stand you have taken in the matter of Provincial Banks. From what the writer has been able to gather from Liberals and Conservatives alike no single act of any government within the writer's recollection has been so generally approved, as has your decision to show the money barons that there is one government to which they cannot dictate.

It is the general opinion that you have taken the first real forward step toward the complete nationalization of the banking system of Canada.

Yours very sincerely,

C. MORTIMER BEZEAU
