Dear Sir:

The Prime Minister has asked me to acknowledge your letter of the 4th of July, respecting the proposal to exempt from taxation such sums as are paid for medical care, hospitalization and nursing services.

Mr. King wishes me to let you know that he has carefully noted your suggestion that nursing services should include not only the services of a registered nurse, but any additional help it is necessary to employ as a direct result of illness in the family. This point was brought up in the House during the course of the Debate on the Budget, and is already under consideration.

Mr. King will, however, be glad to add your views to others which have been received.

Yours faithfully,
