The Convocation Ceremony

Convocation is the most solemn ceremony within the university community. Since their beginnings in the Middle Ages, universities have performed this ceremony in order to grant degrees to their students and also to welcome those students into the community of scholars which has trained them.

The conferring of the degree is symbolized either by an acknowledgement or handshake from the chancellor or the president or other conferring officers of the university.

As an outward sign of his or her new state, the student wears a hood. Each degree within a university has a hood of unique colours and trim in order that the student's status may be recognized—indeed every university guards its own set of hoods from use by any other university.

The Wilfrid Laurier University Mace

The mace of Wilfrid Laurier University was officially presented by the Euler family at the 1963 fall convocation in memory of The Honourable W.D. Euler, former senator of Canada and the first chancellor of the university. It weighs 16 pounds and was manufactured by the firm of Henry Birks Limited, Montreal.

The ferrule near the base of the shaft contains ivory from a walrus tusk obtained from Coral Harbour, Northwest Territories. The shaft, representing the 10 provinces, merges into the head of the mace which bears the provincial crests. The wood used at the point where the shaft meets the head of the mace is elm taken from the bannister post of Conrad Hall, the original seminary building. Above this are four crests relating to the history of the institution: a crest of Waterloo County, the Luther Coat of Arms, the crest of the Waterloo Lutheran Seminary and the coat of arms of the University of Western Ontario.

The head of the mace is made of maple and bears the Federal Coat of Arms, above which is the monogram of Queen Elizabeth II, during whose reign the university's charter was granted. On the reverse side is the crest of Wilfrid Laurier University and the monogram of King George V, during whose reign the original charter was granted. The top of the mace is a crown, mounted with jewels, symbolizing the authority of the State.

The Marshal's Baton

Dr. Fred Binding, a faculty member in the Department of Psychology for 32 years retired in July 2003. He had served as the university marshal for 10 years. Sadly, Dr. Binding died in August 2003. In memory of his contribution to convocation ceremonies, artist Rex Lingwood was commissioned to create a marshal's baton.

In the baton, there's a range of visual references that relate to the graduation ceremony, both directly and symbolically. The baton's design echoes the elaborate theatricality of the ceremony and the flair brought to the occasion by Dr. Binding.

The commission of the baton was made possible with the generous support of the Department of Psychology and Wilfrid Laurier University Retirees' Association.

Honorary Degrees and Other Awards

Honorary degrees are conferred by Wilfrid Laurier University in recognition of outstanding scholarly, creative, or professional achievement or distinguished public and community service. The university may grant the following honorary degrees: Doctor of Laws (LLD), Doctor of Letters (DLitt), Doctor of Science (DSc) and Doctor of Divinity (DDiv).

The Order of Wilfrid Laurier honours worthy recipients who have a record of exemplary and distinguished service to the university.

The Distinguished Governor Award provides a mechanism for recognizing retiring and retired members of the Board of Governors who have given outstanding service to Laurier.

The University Research Professor Award recognizes and rewards a continuous record of outstanding scholarship or creativity by a full-time member of the Laurier faculty.

The Academic Degrees

The academic degree is a title conferred on an individual by a university as recognition of the completion of a course of study or for a certain attainment. In Canada, the three stages in higher education are represented by the degrees of bachelor, master, and doctor. Wilfrid Laurier University is given the authority to grant degrees by the Wilfrid Laurier University Act.

The bachelor's degree is awarded at the honours, without honours or general specified, and the general level. An honours degree program emphasizes the acquisition of a broad and deep knowledge of the student's chosen honours subject. The four-year BA without honours or general, is awarded to students who have met all honours course requirements and includes their specialization. A general degree program emphasizes a balance between an in-depth understanding of the student's major subject and a knowledge and appreciation of other fields.

The master's degree is the second degree in higher education. Students complete concentrated and specialized work at a more advanced level in an academic discipline or professional area. Most course work is within the field of specialization and a research project or thesis is normally required. Some master's degrees provide professional qualifications.

The doctoral degree is the highest academic degree granted by a university. Candidates for the degree spend several years in the advanced study of a specialized field of knowledge. The capstone of the degree is the doctoral dissertation, an extended work based upon independent research. The dissertation demonstrates the candidate's command of both the subject matter and the exacting methods of scholarship, and makes an original contribution to knowledge.

Wilfrid Laurier University Academic Hoods

All hoods are purple acetate with gold lining.

The colour and width of the trim denotes the discipline/degree.

The History of Laurier's Brantford Campus

Laurier opened its Brantford campus to students and to higher education in September 1999. The opening was the result of a process that began in 1996, when the Brant Community Futures Development Corporation commissioned a business plan for the establishment of a university in Brantford. The plan became a catalyst for community discussions which culminated in the establishment of a Brant University Steering Committee in 1997. It was this committee which presented an official proposal to Wilfrid Laurier University in 1998.

Many members of the Brant community played an important role in bringing the university to Brantford. They include the Grand Valley Educational Society; Brantford Mayor Chris Friel and Brant County Mayor Ron Eddy.

Since its inception, Laurier's Brantford campus has been characterized by academic innovation and:

1. A commitment to the liberal arts and sciences and their ability to provide students with the skills and knowledge relevant to contemporary issues and concerns;
2. A problem-centred, interdisciplinary approach to teaching and research;
3. A multitude of programs which combine the liberal arts with applied professional and occupational programs that further the vocations of our students;
4. A close knit community of students, faculty and staff which promotes energy and enthusiasm and positive relations with the local community that supports us.

Thanks to the work of these and many others, Laurier's Brantford campus now stands as a testament to the conviction—shared by the university, the City of Brantford and the County of Brant—that post-secondary education can play a transformational role in a community.

Laurier – Conestoga Partnership

Wilfrid Laurier University and Conestoga College Institute of Technology and Advanced Learning work in partnership to deliver innovative programs at the Brantford campus that provide students with the combination of theoretical knowledge and applied skills required to succeed in today's workforce. Students graduating from Laurier's Digital Media & Journalism (BA) program will also receive a graduate certificate in Contemporary Media Arts from Conestoga.

His support and fundraising efforts for causes such as Doctors Without Borders, the Stephen Lewis Foundation, The 519, St. Joseph’s Health Centre, Canadian Foundation for AIDS Research and many more, have earned him the nickname “Gala Salah.”

His vision, organizational leadership skills, partnerships and achievements have cumulated in Laurier’s reputation as a national leader in not only student affairs, but in the integration of curricular and co-curricular initiatives that contribute to the holistic development and future preparedness of students.

2020 Award Recipient

Faculty Award for Service Excellence and Community Engagement

Dr. Peter Farrugia *Faculty of Liberal Arts*

Peter Farrugia has been an integral part of Laurier's Brantford campus since the Carnegie Building's doors first opened in 1999. Since then, he's supported the development of new programs; expanded student experiential learning opportunities, including establishing the campus's first international exchange; and co-founded Laurier Brantford's first research institute, the Tshepo Institute for the Study of Contemporary Africa. All the while, he's always made time for students, both through personal connections and his involvement in many student-led clubs and fundraisers.

Farrugia has also been an active member of the wider community and helped make important connections between Laurier and local organizations, including the Brantford Community Foundation, which helped fund several campus projects, and the Great War Centenary Association of Brantford, Brant County and Six Nations, of which he is now vice president. Through the historical association, he's organized community outreach events, including an annual lecture series and presentations to elementary and high school students about the local war effort. He's also worked closely with Six Nations of the Grand River to ensure that their history, including their contributions to the First World War, are heard and shared.

2021 Award Recipient

Dr. Lamine Diallo *Faculty of Human and Social Sciences*

Prior to joining Laurier, Diallo worked as a research coordinator for the Better Beginning, Better Futures research project at Laurentian University, as the executive director of l'Observatoire du Développement in Montreal (UQAM) and was the executive director of the Social Planning Council of Cambridge (Ontario). Diallo is also the founding director of Laurier's Tshepo Institute for the Study of Contemporary Africa and the African-Canadian Association in Waterloo Region.

Diallo obtained his PhD in Sociology from the University of Quebec in Montreal and also has a certificate in race relations from the National Coalition Building Institute in Washington.

His research is focused on leadership program design, as well as the role and impact of governance and leadership in the African continent with a focus on youth leadership.

"I believe that we have a responsibility beyond ourselves. We should all contribute as much as possible to creating a better space for those who will come after us. Everything I do starts with building a team of people who share the same vision. I dedicate this award to those who have shared the road with me."

Congratulations on your graduation – you made it! Today, we welcome you to the Wilfrid Laurier University Alumni Association (WLUAA).

You are now a member of a community of more than 115,000 proud graduates of Wilfrid Laurier University and its predecessors.

WLUAA represents all Laurier alumni, including you! We support Laurier with revenue from alumni services, such as group home, auto and life insurance, and an alumni affinity credit card.
