Notary Public.

(My commission expires Nov. 9, 1915.)

**PARCEL POST PACKAGES  
MAY BE SENT C. O. D.**

**Plan in Operation Since July 1  
Makes Parcel Post Service  
Still More Effective.**

Once more the express companies operating in the United States are expected to receive a jolt in their business because of the establishing of the C. O. D. feature of the parcel post system which went into effect July 1. While the volume of business has not increased by leaps and bounds, it is thought that the collect on delivery plan will cut into that section of express business, especially where packages are mailed from any considerable distance.

A charge of ten cents is made for the collection of the fee under the new plan. In addition to this the postage must be paid in full and also the cost of the money order by which the remittance is to be made. Insurance of packages valued up to and including \$25 can be made for an additional fee of five cents. Parcels valued at \$50 will be insured for a ten-cent fee. No insurance will be issued for packages valued at more than \$50.

Large tags are attached to the C. O. D. packages, which distinguish them from the ordinary package. The amount to be collected is plainly written on the tag. No addressees will be allowed to examine the articles contained in the package before payment is made.

Coincident with the adoption of the collect on delivery plan, the necessity of having special stamps to place on the packages has been eliminated. An order has just been issued to the postoffices that all of the special series of stamps on hand be disposed of. Thus the purchasers of stamps for letters and ordinary business are being supplied with the parcel post stamps. This will avoid any further confusion on this subject.

Parcel post information is available at any postoffice, which gives the rates charged per pound in the various distances the articles are to travel. However, it is necessary for the authorities to pass on the zone in which the parcels are sent, and an official map is probably better for the user of the postal system than to attempt using the circular distributed by the postal authorities.

Mr. and Mrs. W. G. Baxter and Miss Baxter are away for a few weeks' trip.

**GUILTY OF GROSS NEGLECT;  
FINED \$15.00 AND COSTS**

The trial of Harry Atkinson, the man who let his horse die from lack of attention, was held Tuesday morning before Justice Mason in the village hall. Mr. Shortall, assistant superintendent for the Humane Society of Northern Illinois, prosecuted the case.

Atkinson was found guilty of gross neglect and fined \$15 and costs.

Twelve witnesses were on hand for the prosecution, eight of whom testified to the seeming neglect of Atkinson in taking care of his horses. The attorney for the defense called W. J. Schultz, commissioner of public works, to prove that Atkinson had been seeking a permit to build a barn on his lot, but this point did not carry any weight with Justice Mason, as he said that there were plenty of liveryies where the horse could have been stabled. The case was appealed and will go to the Cook county criminal court. The witnesses that testified were: Chief of Police Peterson, Ralph Doose, Mrs. Ralph Doose, Arthur Lips, Mrs. Lolo Lips, Fred Richardson, Michael Smith, Geo. Pekarski, W. J. Schultz and W. P. Happ.

Mrs. Carla Hildebrand is visiting friends in Wild Rose, Wis.
