RESIDENCE PHONE, WINNETKA 480

ON the completion of the "Bank Building," the Winnetka State Bank will occupy the corner. This Bank was established four years ago. At that time Winnetka was the only place of any importance in Cook county in which there was not a regularly organized bank. That the establishment of the bank was a necessity in this community, the fact that nearly nine hundred savings account books have been issued bears testimony. The bank in its new location will be equipped with a large vault for storage of silver and other valuables; something which fills a long felt want in Winnetka.

## Winnetka State Bank

Capital, \$25,000
