## LOCATION OF WEST SIDE PUBLIC PARK

Recent Transaction Shows Decided Advance in the Value of "Skokie" Land.

The Winnetka park board has completed the purchase of the south 20 acres of the N. E. 1/4 N. E. 1/4 19-42-13 for \$15,000.

The property is located about 1,000 feet west of the present West Elm street park, and 1,320 feet north of Willow street, and bounded on the a. Benedictus ......Otis south by Oak street, if extended, and ...... Rubinstein tended. There is an attractive grove on this south section.

> The board has also leased the 20 acres north and adjoining the above for a term of five years at a rental of \$600 per year, with the option of purchase at any time during the term of said

The total tract of 40 acres was conveyed in February, 1910, to Theresa Blum by William Herbert Johnson, of Glencoe, for which he received \$8,000. The present transaction would indicate a decided advance in the value of "Skokie" land.

Do you want to save money? If you do, buy your supply for next winter of

Hubbard Woods COAL, WOOD, FEED AND BUILDING MATERIALS

HE most attractive property in Winnetka is the Blackthorne Subdivision, west of the tracks, between Pine Street and Fig Street. Magnificent, original growth of trees. Improvements all in. Lots are from 150 to 300 feet in depth. Except in one case, no house will be built with less than 125 feet frontage, and most of them have a greater frontage. Five houses are now finished and occupied. I am now building three others which will be ready for occupancy August 1st, September 1st and October 1st. These three houses and the vacant lots are for sale. The houses perhaps may be for rent. I will build according to your own plans. I am on the grounds all day and can be reached by telephone at any time.
