

THE NEW TRIER BULLETIN

By Harry B. Kirtland

STAFFORD STAR CRAWL STROKE ARTIST

Gilbert Stafford, New Trier's star crawl stroke swimmer and one of the Western Interscholastic record, was born in the state of Michigan, January 7, 1901. He entered New Trier High school some three years ago as a student from Glencoe and with but an average boy's knowledge of swimming. In three years he has placed himself at the head of the school in tank sports.

Gilbert Stafford.

Stafford's start in amateur swimming events was secured, it might be said, by accident. One day, shortly after his entrance to the school, a number of students were practicing in the New Trier pool under the direction of Coach Hyatt. Stafford was among them, swimming about in the tank.

The coach, intent upon perfecting his swimmers in the different water sports calling for skill and daring, as having difficulty in securing someone to attempt the difficult workscrew dive. Several were asked to try and all refused. The coach was about to give up in despair when a quiet voice spoke and the smallest boy in the pool said, "I'll try."

The owner of that quiet voice was Gilbert Stafford. He tried, and he has been trying since with such good results that in two years of competitive diving he has come off victorious in most of the events in which he has been entered. Not satisfied with the success achieved in diving, Stafford aspired to further honors in the straight swimming class.

Following a conference with Coach Hyatt, Stafford started practicing for swimming events. While at camp last summer he passed most of his time in the water and, as a result, when he returned to school in the fall he found he could hold his own at swimming as well as diving.

Entered in the I. A. C. Interscholastic meet last December, Stafford secured third position in the 220-yard swim. His performance in this meet attracted the favorable attention of Coach Bacharach, handler of the world champion swimmers and he was offered the opportunity to appear in the company of Hebner, McGillivray, McDermott and Smith, men at the head of their class.

In the dual meet with Central Y. M. C. A. at the Union League club, Stafford defeated Shearer of Central Y, a man of mature years, and incidentally made the excellent time of 2:41, knocking a hole in the A. A. F. record of 2:43 and coming within three seconds of the Western Interscholastic record of 2:33, held by Mott of Oak Park.

Stafford leads the New Trier swimmers for the Dr. H. H. Hayes trophy which is to be awarded the swimmer who wins the most points for New Trier this season. Stafford is a comer and will soon be a man to be reckoned with in aquatic sports.

SWIMMING CHAMPIONSHIP

New Trier and Evanston High to Meet March 9—Strong Teams to Compete—Thrilling Extra Features.

Swimming teams from New Trier and Evanston Township High schools will contest for the Suburban High school championship in the Kenilworth tank Friday evening, March 9. The meet will start promptly at 8 o'clock, and as the two schools are old rivals for aquatic honors, a series of exciting and interesting events is looked forward to.

Evanston High, in a practice meet early this season, had the distinction of being the only high school team to defeat the New Trier boys in a dual swimming meet, the past three seasons. Evanston Y. M. C. A., the home pool of Evanston High, has had a wonderful record in turning out swimmers and a strong team from the south is assured.

Several extra features, including an underwater exhibition by Arthur Fox, the boy who thrilled spectators in the Grand Rapids meet, and fancy diving by the Misses Helen Stafford, Asyias Smith and Florence Fox, the north shore water nymphs, will be offered for the entertainment of the visitors and spectators. Music will add zest to the contests. Better seating arrangements have been made and a record-breaking attendance is expected.

The following evening a squad of ten New Trier swimmers, including Manager Watson and Coach Hyatt, will journey to Milwaukee for a meet with the strong Y. M. C. A. team of the Cream City.

NEW NEWS NEATLY NARRATED

Principal H. E. Brown departed Sunday en route to Kansas City to attend the annual meeting of the National Educational association, this week. Mr. Brown is expected home Saturday.

Major E. J. Vattman of Wilmette talked before the General Assembly last Friday morning on "The Relation the Adopted Citizen Bears Toward His Native Country and His Country of Adoption." At the conclusion of his talk the major called upon the students to arise and repeat after him the pledge of allegiance to the Flag. The response was instantaneous and the pledge was repeated with a vim and vigor that dispelled all doubt as to the attitude of the high school students of New Trier township.

60-yard back stroke—Won by Dennett, New Trier; Hurst, Oak Park, second; King, New Trier, third. Time, :44 2-5.

160-yard relay—Won by New Trier (King, Moore, Dennett, Stafford). Time, 1:33 1-5.

In connection with the Wisconsin University of Chicago meet in the Bartlett pool at Evanston, Friday evening, March 2, New Trier and Evanston swimming teams will contest as an added attraction.

ATHLETIC ACTIVITIES

New Trier runners and sprinters are preparing for the annual track meet of the suburban high schools of Chicago, to be held at Patten gymnasium, Evanston, March 10. The honor of holding the suburban championship will be fought for at this meet, athletes from Oak Park, La Grange, Deerfield, Evanston and New Trier High schools competing. Athletic Director Omer of Northwestern university is exerting every effort to make of this meet an unqualified success as it is the first time the suburban meet has been held at Northwestern, previous meets having been staged at Bartlett gymnasium.

BASKETBALL SCHEDULE

Friday (tomorrow) night, Morton and New Trier heavyweight basketball teams will meet on the latter's floor at 8 o'clock. At the conclusion of the game a first-class orchestra will provide music for those who may wish to dance.

At Oak Park, Friday night, the lightweight aggregation from New Trier will try conclusions with the Oak Park lightweights for championship honors. This will be the last league game of the season, providing New Trier comes off victorious. Should they lose, it will give them a tie with Oak Park for the suburban championship and necessitate playing the latter again to decide the issue. The standings of the teams in the first division of the league are as follows:

Team	Won	Lost
New Trier	10	0
Oak Park	9	1
Evanston	6	4
Riverside	4	6

LACK OF ATTENTION DEPLORED

Students of New Trier High school do not apparently appreciate the extraordinary advantages they have to absorb knowledge nor do they seem to understand the exceptional ability of New Trier's principal, Mr. H. E. Brown, an educator of National reputation and a recognized authority upon subjects pertaining to the proper training of the young of the land.

Mr. Brown is performing a great work at New Trier and exerting every possible means to make of study a pleasure. Men and women prominent in the affairs of the Nation are prevailed upon to visit New Trier and deliver lectures of sterling worth upon subjects of general interest. Moving pictures and stereopticon slides are used to illustrate many of these lectures, increasing thereby their value ten-fold and making of them an agreeable relaxation as well as an intellectual feast.

Lately, however, deplorable lack of attention has been in evidence at General Assembly during the course of these talks and lectures. Many of the students show absence of respect and courtesy toward the speakers by em-

ploying the time of the lectures to busy themselves in the study of some lesson, talking to a neighbor and even coughing and sneezing, and in other ways evincing slight interest in the purpose of the Assembly.

It is hoped that future lectures and entertainments will receive better attention and that each and every one will hereafter strive to derive some benefit from the General Assembly. It is suggested that every student at New Trier read the "Basis of Success," appearing in this issue, and profit thereby.

At last week's meeting of the Tech, F. C. Windoes, physics instructor, gave a lecture upon the X-ray, accompanied by practical demonstrations. At next Wednesday's meeting George A. Harper will lecture on "Business Men."

Victor Rohrbach, who is in Evanston hospital suffering from heart disease, recently underwent an operation and is now rapidly convalescing. Friends who wish to visit him at the hospital will be gladly admitted.

Tuesday afternoon of this week the Dramatic society staged miniature reproduction of two Irish plays. The production were much enjoyed by the faculty and members of the society.

Homer E. Cotton, musical director at New Trier, will be in attendance at the National Music Supervisors' convention in Grand Rapids, Michigan, the week of March 19.

Luther Hammond has resigned from school. He is making an extended visit in the southland.

William Clore has been compelled to absent himself from classes the past week because of ear trouble. It will probably be another week before he can resume his studies.

James Stewart has returned to school after an extended trip through the south with his family.

The Elizabethans had a most enjoyable meeting at the home of Miss Helen Cresap, Kenilworth, last Friday afternoon.

Principal H. E. Brown was elected president of the Chicago branch of the Grinnell college alumni at a recent meeting of that organization.

On or about March 30 the Dramatic society will present three one-act plays. Rehearsing is now going on.

HUMPTY DUMPTIES TAKE FALL

You know the story. Humpty Dumpty sat on a wall and Humpty Dumpty had a great fall. Well, Humpty got the bump of his cold storage life yesterday when he fell off the wall of high prices and hit the toboggan for seven cents' worth. In other words, eggs dropped to 33 cents and it looks as if they were going still lower. Housewives, cheer up. While there is life there is hope.

Mr. and Mrs. M. C. Bowman of Elm street are staying temporarily at the Plaza hotel, Chicago. They will shortly go south.
