

WASTE PAPER STORAGE IS FREQUENT FIRE CAUSE

Dreaded Menace Should Be Guarded Against—Place in Containers of Metal and Bale Every Day.

In order to obviate as much as possible the shortage in paper stock, incident to war conditions, a campaign for the saving of waste paper has been inaugurated throughout the country. This campaign has been brought about at the suggestion of the United States Government, and has been carried into the public schools, academies and other public buildings.

Pupils and tenants have been solicited to bring waste paper for accumulation and concentration. The fire hazard resulting therefrom has caused the state fire marshal to issue a warning to school authorities and property holders. Already a number of fires have occurred directly traceable to this cause, and indications are that these losses will offset the saving which the Government intended when the suggestion was offered.

In order to guard against this fire menace, metal containers should be provided for the storage of waste paper, and, in schools where a large amount may be accumulated, a baler should be installed and the paper baled each day. If this is not done the paper should not be permitted to be kept in the building over night. A baler can be purchased for a nominal sum, and will prove a reasonable protection from the danger of fire from this cause.

OPENING OF NAVIGATION

Prospects for the opening of navigation and the coming of boats on the Great Lakes are not bright. Reports from the lower part of the lakes have it that navigation in the copper country cannot possibly open before May 1. The first boat load of fuel is expected to leave the lower part of the lakes on or about that date.

KENILWORTH GIRL ATHLETE

Miss Ida Durham Captains Winning Basketball Team of Erie College.

Miss Ida Durham of Kenilworth is captain of the junior basketball team at Lake Erie college which won the college championship in the final game with the sophomore team, March 19, by a score of 28-19. This is the first time the class of 1918 has held the basketball championship and her appreciative classmates are lauding Miss Durham. The effective team work and guarding system of the

junior team are felt to have brought the team victory and for this the credit is due Miss Durham. Miss Gladys Smith, also of Kenilworth, is a guard on the same team and her work in the game was spirited and dependable.
